Bloodmobile Stops In Andrews Mon

The bloodmobile visit in Andrews is sponsored by the American Red Cross, Andrews Chapter of the American Red Cross, Rotary and Lions Clubs of Andrews, assisted by the Konnaheeta and Junior Woman's Clubs.

The Red Cross Bloodmobile will be in Andrews Monday, June 2 to receive blood donations, Dr.

Cross Chapter Blood Program chairman, announced today. The donations will be taken at the city hall from noon until the late afternoon.

Dr. Almond said, "due to the increased demands for blood for home use, the armed forces, and gamma globulin for polio vaccine, everyone 18 to 60 years of age is urged to donate blood."

NOTICE

Last year Southern Bell Telephone & Telegraph Company applied for a rate increase, which request included the Town of Murphy. About the same time Western Carolina Telephone Company applied for a rate increase on all its exchanges. At the time of its application Western Carolina Telephone Company did not own the Murphy Exchange and therefore did not request a rate increase for Murphy.

By the time the rate increase had been granted to Southern Bell Telephone & Telegraph Company, it had sold its Murphy Exchange to Western Carolina Telephone Company, and, therefore, the rate increase for Southern Bell Telephone & Telegraph Company did not affect the Murphy Exchange as it would have had there been no sale to Western Carolina Telephone Company.

Your Telephone Company has, therefore, filed a petition with the North Carolina Utilities Commission for a rate increase sufficient to bring the Murphy rates up to the rates of comparable exchanges, such as Franklin and Sylva, North Carolina.

We wish for the general public to know that the expense of construction and operation, and especially the expense of recent improvements in your system, have continued to increase in Murphy as they have throughout the whole telephone industry, and that it is only fair and reasonable that the Murphy Exchange pay rates on a basis equal to those paid in cities of like size.

In the past five months we have spent the sum of \$85,000.00, exclusive of labor, for the improvement of your telephone system and service, and we have very definite plans for a continued program of expansion.
