Here's a bit of good news

for the man who runs his car on **Esso Extra!**

When a man buys "premium" grade gasoline, it's a safe bet he does so from a desire to realize the most he can from his investment in his car. But it isn't easy for the ordinary person to make a really expert selection of his brand of gasoline!

Your engine can tell one from another in several important ways. But for you it's a little harder! You can tell which knocks and which doesn't. You can tell which seems to give a good feeling of power. But you never actually see your gasoline at work, and many of the differences only show in your engine over a period of time.

So we're happy to tell those loyal friends who make it a regular habit to drop in on our Esso Dealers, and to pin their faith to the Esso Extra pump, that they couldn't be more right if they had all the petroleum knowledge in the world!

Regardless of hopeful opinions you may hear to the contrary...we've got brass-tacks proof that today's **Esso Extra** meets the highest standard of all-round, year-round performance quality.

And here's just how we know this...

First, we take eight performance qualities which automotive engineers agree are important and capable of measurement in a gasoline:

1. Sheer Power;
2. High Anti-Knock;
3. Long Mileage;
4. Clean Engine Operation;
5. Quick Starting;
6. Fast Warm-Up;
7. Hot Weather Anti-Vapor-Lock;
8. Cool Weather Anti-Stalling.

Then, we carefully test Esso Extra for these qualities against all gasolines that compete with it. And the pay-off is that, time and again in these tests, Esso Extra meets the highest standard of overall, year-round performance quality to be found!

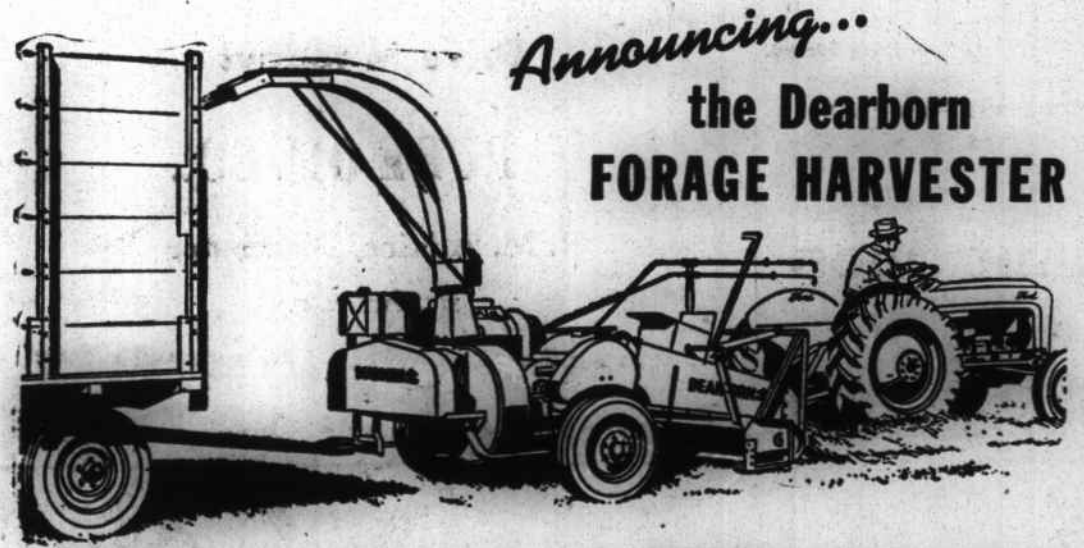

Add to this the fact that Esso Extra is the largest-selling premium gasoline in the area served by Esso Dealers...and this should be serving news to Esso Extra fans...and cause for sober thought to others!

So...thanks for your business, and thanks for your attention, and have a "Happy Motoring" summer, with the knowledge that you just can not find a better grade of gasoline year-round than Esso Extra for the modern horsepower in your faithful engine!

Esso Extra meets today's highest standard of year-round gasoline performance!

ESSO STANDARD OIL COMPANY

ESSO ROAD MAPS make travel easy and interesting. They're big, readable, accurate, up-to-date. And if you're planning a trip, ask your Esso Dealer about Esso Touring Service. He'll have your trip map-routed for your "Happy Motoring."

Announcing...
the Dearborn FORAGE HARVESTER

Works fast-smooth-to capture the RICHNESS of your crop!

Every farmer knows that there's dollars of difference between fresh, rich forage and tough, low quality forage. And the Dearborn Forage Harvester helps bring those additional dollars to you—instead of sacrificing them to the wind and weather.

Low Cost—High Capacity...Really works fast! It can chop up to 15 tons of silage or 6 tons of dry hay per hour. Positive feeding, chopping and blowing action means less clogging... keeps the crop moving to wagons or trucks. Compact and easy to maneuver. You can make adjustments fast and easy to get more of the crop.

Even so, this machine is priced low. And the Dearborn Forage Harvester saves you time and work, too!

For Hay or Row Crops...Row crop attachment and hay pick-up are interchangeable. Both attach or detach quickly, in a matter of minutes.

Engine or PTO Drive...An outstanding performer, the smooth-running PTO model Dearborn Forage Harvester works well with tractors with adequate power. Or a powerful 31-horsepower, air-cooled engine model is available. Call on us soon and ask for a demonstration of this great work-saving champion of forage harvesters.
