Blackberry Winter Gets Graham Crops

Last week's freeze went hard on uncovered Graham Crops and a total loss was reported by most early planters.

The "Blackberry Winter" cold snap caused most local farmers the loss of all crops in the ground as well as most fruit. However, some farmers who had covered their plants did not suffer the severe loss.

The mercury dropped to 32 in Milltown but the outlying mountain and woods areas reported a low of 30 degrees.

It was recalled that Blackberry Winter is an annual late cold spell to which Graham residents have become accustomed. However, year before last, the crops slipped by without getting frost bit.

HOLDER IN KOREA

Army Pvt. Byrce Holder, whose wife, Lorene, lives in East Gastonia N. C. is serving in Korea with the 196th Field Artillery Battalion.

The unit, which arrived on the peninsula in 1951 to support X Corps, recently celebrated its 67th anniversary. It also saw action in the Spanish-American and Mexican Border, wars and World Wars I and II.

Private Holder, a mechanic in Headquarters, Battery, entered the Army in February 1953 and arrived overseas last December. His parents, Mr. and Mrs. Earl P. Tatham, live in Robbinsville, N. C.

Commercial slaughter of cattle, calves, sheep, lambs and hogs in North Carolina during February totaled 21,031,000 pounds live-weight, the highest on record for

\$2999 Spent In Graham By Govt. For Fertilizer

From the summary of accomplishments of the 1953 Agricultural Conservation Program in Graham County the local ASC Office today released data on fertilizer materials.

The summary shows that 2144 cwt. of 20% phosphate equivalent were applied to approximately 429 acres of eligible grasses and legumes; 837 cwt. of 50% equivalent muriate of potash were also used.

The Agricultural Conservation Program contributed \$2999 of the total cost of this material with the farmer contributing a similar amount. Until fairly recent years, which date coincides with the beginning of the ACP, farmers thought the use of costly phosphorus and potassium materials on pasture was a waste of money and time.

With the introduction of the use of those two plant food elements on pastures and legumes as an approved ACP practice, farmers readily adopted the use of the two materials to pastures, hay crops, and cover crops.

Light registration was reported May 1 when Graham County books were open for registration.

The books were open again last Saturday, and will be open for the last time before the primaries next Saturday, May 15.

BE CAREFUL WITH 2, 4-D

The chemical weed killer 2, 4-D has proved a boon to millions of weary farmers. But it also has resulted in great damage when used without caution.

Farmers planting corn and cotton in adjacent fields should be especially careful with the chemical. It will keep the weeds out of corn, but it will also cripple your cotton yield.

4-H Council Helps With Camp Travel

The Graham County Four-H Council voted to assist the senior Four-H members with their camp transportation fund project at Saturday's meeting which was held in Farm and Home Agent's office. Twenty-seven Four-H members attended. The Assistant Farm Agent Robert Holland announced plans for a garden contest.

The following committees were appointed: Reception Committee, Terry Clem and Nell Orr; Reporter, Rosemary Jones.

The council approved a recommendation by the Asst. Farm Agent for placing 4-H road signs at each of the three road entrances to the county. Richard Adams, Nelson Rattler and Norman Hyde were asked to work with Mr. Holland on this project.

Following the business session, games were played and refreshments were served.

Johnny Colvard presided in the absence of Ann Costner, council chairman.

Winter Cover Was 800 Acres

The Summary of Accomplishments, prepared each year by the that Graham County farmers received through the Agricultural Conservation Program in 1953 and seeded 9,883 pounds of crimson clover to approximately 395 acres at a cost to ACP of \$1581.28.

The same summary shows that the farmers of this county received and seeded 13,013 pounds of Hairy Vetch to approximately 372 acres at a cost to ACP of \$1821.82 621 pounds of Austrian winter peas were seeded to approximately 12 acres at a cost to ACP of \$31.05. 1778 pounds of annual rye-grass were seeded to approximately 59 acres at a cost to ACP of \$124.46. The total ACP funds spent on winter cover crop seeds in 1953 amounted to \$3,558.61 with the farmers contributing a similar amount.

A total of 325 farmers, in this county seeded a winter cover crop in 1953 to approximately 800 acres. This means that at least 325 farmers know the value of a good winter cover crop. A cover crop protects the soil from erosion and leaching, stores nitrogen from the air and takes it in the soil for use by crops which follow.

"Best Seller" for 3 good reasons

Buick now outsells all other cars in its price class and above

YOU'VE probably noticed it right in your own neighborhood. Bright new Buicks appearing here, there, everywhere. And more and more of them in recent weeks. Know what's happening? Folks in growing numbers—(and maybe you'll be joining them soon!)—are finding Buick styling, performance and value far too wonderful to pass up. So Buick is selling at a record pace—outselling all other cars in its price class and above.

Makes of Buick, latest figures for the first quarter of 1954 show that, in total national volume, Buick is outselling every other car in America except two of the so-called "low-price threes."

A look and a ride and a peek at the price tag will be all you'll need to know what's back of this best-selling success.

There's styling in Buick that's the greatest beauty advance in years—the very look of tomorrow—and with the spectacular panoramic windshield that's part and parcel of this dream-car look.

There's performance in Buick as never before—with record-high V8 power, with the sensationally smooth

whip of Twin-Turbine Dynaflo, with the buoyant ride of all-coil-springing, with a new precision of control and handling.

And there's value in Buick that's hard to match—with prices starting near the "low-price three"—prices that buy more Buick beauty and power and thrill and sheer automobile than smart money ever bought before.

How about you? Are you ready, willing and waiting to be shown that this best seller called Buick is the buy of the year for you, too? Drop in this week, or give us a call, and we'll arrange a demonstration.
