Through more than 25 years of research with over 32,000 hogs, the Purina Hog Program of breeding, feeding, management and sanitation has been developed to help you make more money from hogs. When you follow the Purina Hog Program you get the advantage of all these years of research.

Thousands of Purina Program feeders report weaned litter averages of 9 pigs or more, pigs far heavier than average at weaning and hogs ready for market at 5-5 1/2 months. And the Purina Program helps you save grain, too. It takes only 5 bu. of corn and 45 lbs. of Hog Chow to make 100 lbs. of pork.

We offer a complete line of Purina Hog Chows and Sanitation Products. We will be glad to explain this economical, easy-to-follow Purina Program to you. Please drop in for a visit... and make it soon.
