TEEN SCENE

TRANSYLVANIA

Susan Farley, a former resident of Murphy, won a scholarship to Transylvania Music Camp near Brevard, her present home. Transylvania is famous all the world and boys and girls from near and far attend.

Walter Carringer, another Murphite, is an instructor there.

I believe Susan will be studying clarinet and piano. When the Farleys lived in Murphy, Susan studied piano with Mrs. Davidson, played clarinet in the school band, and sang in the Methodist Youth Choir.

WASHINGTON

Judy Davis and Nancy Lee Mills are going to spend a week with their cousin Joanne Adams in Washington, D. C. Joanne is working there and will be able to show the girls places of current and historical interest that the average tourist wouldn't be able to see.

LOCAL INTEREST

Speaking of places of current and historical interests, do you know about the ones in and around our own community. The John C. Campbell Folk School is the only school of its kind in the United States, I believe. People from as far across the United States as California come to see it. The school has visitors from a broad too.

It provides classes in different crafts and in folk games and dancing.

It would really be worth while to visit the Folk School.

VIRGIN FOREST

How many of you have visited the Joyce Kilmer Virgin Forest or even know where it is? It is one of the few remaining virgin forests and to drive over there would be a nice Sunday outing for the family. It is between Robbinsville and Tapoco on Highway 129. There are several picnics areas in the vicinity, too.

FONTANA DAM

Fontana Dam is advertised as being the highest dam east of the Rockies. Today the surrounding area is a beautiful resort. It provides horseback riding, miniature golf, tennis courts, badminton, archery, shuffle board, table tennis, a swimming pool and square dancing.

There is a Catholic Church there and a Community Church which is used by all denominations.

There are planned activities, other than the things mentioned above, every day.

The dam and parking area is lighted at night. The lights are arranged in such a manner as to make it a most beautiful sight.

On Sunday evening an informal Community sing is held in the recreation center and they sing all the old favorites.

Fontana would also be a lovely place to go for an afternoon outing or for your vacation.

HIWASSEE AND NOTLA

Closer home are the Hiwassee and Notla Dams which supply Murphy with electricity. Hiwassee is the highest overflow dam of its kind, I believe. There is a

picnic area there, too, though it is quieter and less elaborate than Fontana.

UNTO THESE HILLS

Kermit Hunter's drama "Unto These Hills" is presented six nights a week all summer at the Mountside Theatre at Cherokee. You can pass by there any night and find license tags from almost every state. It is educational as well as highly entertaining.

FORT BUTLER

Fort Butler from which the Trail of Tears started was located near Murphy. The Fort itself is no longer standing but it would be interesting to know just where it is. So that's another place to visit.

You could go on naming interesting places in our community all day but wouldn't it be more fun to see them. So teenagers the next time you start on a family outing why not suggest one of these.
