## WORDS OF LIFE ON OUR STREET

By W. T. HASELDEN, Pastor, Free Methodist Church, Murphy, N. C.

In keeping with the spirit of Thanksgiving, the WORDS OF LIFE will center its meditations on GIFTS, GRATITUDE, AND GIVING during the month of November. "TO GIVE IS HAPPIER THAN TO GET." Acts 20:35.

**HE GIVETH ACCEPTABLY THAT GIVETH IMMEDIATELY**

This is only another way of saying that the best time to give is when the gift is needed-most. Acute needs will not wait on the good-pleasure or "sweet-time" of the giver. Generally when a man needs something, he needs it now and not in a distant tomorrow.

When the cupboard is empty and stomachs likewise, he needs food for his family now when they are hungry not after they are well fed. When winter comes and chills all it touches, he needs fuel to give immediate warmth to his shivering little ones... and not after spring comes and warms-up his household.

Not only is this true of material things, but of helpfulness and kindness and understanding, which are among the best and most lasting gifts of all.

When someone is sick, he needs the help of attentive, capable and considerate hands right-away, not next week or after he has recovered or after it is too late.

When a man is troubled, worried and despondent, he needs a

helping-hand of. understanding, comfort, encouragement and counsel now, when he needs it most. And if we are too busy or inconsiderate to give him these things when he is in the dark depths of blue-despair, later may be too late.

When a person is in deep bereavement, we purpose in our heart to bring them comfort and consolation. But if we wait until we find time or convenience, he may have fought his dreadful fight bitterly and alone. A man filled with sorrow urgently needs a comforter when his grief is most acute. When we are aware of another's need is when our beneficence should be in evidence—and not merely when custom or opportunity is best served.

Physical and spiritual needs do not wait. Human wants must be met on time to be in time. Remember, HE GIVETH ACCEPTABLY WHO GIVETH IMMEDIATELY.

## Letter to the Editor

Dear Sir:

Any public school needs more than a building and a staff of workers. We here at Hiwassee Dam are in need of much equipment and instructional materials. Many people have come to the aid of the school by helping to raise funds and doing needed things for the benefit of the children in attendance.

Recently, many parents have become interested in the construction of a small building on the grounds for the purpose of offering shop or industrial arts for those students who wish to learn something about woodwork, metalwork, crafts, and possibly welding and mechanics. With students learning these skills, they could build shelves, tables and storage in the school which is badly needed. The students and the school would profit greatly from such a plan.

The beautification of the grounds is another project that is getting under way. Many sources of help and planning have been contacted and information concerning landscaping has been gathered. Trees and shrubbery have been promised. Playground equipment has been transferred from the village to the new grounds and is being installed. There is a great need for draining of some section of the school property in order for the beautification program to be carried out to the fullest extent. If drain pipe can be obtained. It would be a nice project for the school to acquire help from agencies as to where the pipe should be laid for the best benefit.

The school welcomes any help or advice in reaching these goals which would make our situation

## Highway Patrol Gets Award For Storm Warnings

For its part in relaying storm warnings and assisting with emergency communications during Hurricane Helene, the North Carolina State Highway Patrol was recently cited by the United States Weather Bureau.

A "public service" award, prepared in Washington and signed by the chief of the Weather Bureau, was presented to patrol commander James R. Smith by Raleigh weatherman Chick Carney.

Carney remarked during the brief presentation ceremonies Helene was by far the most devastating natural disturbance to ever strike anywhere with no loss of life.

He commended the highway patrol for its hour by hour cooperation during the storm's course.

Patrol headquarters assigned a state trooper to the Raleigh-Durham weather station on a standby emergency while Hurricane Helen tore at coastal areas on her way northward.

Other patrol cars cruised constantly in the area warning residents of the danger.

The weather bureau award will be displayed in patrol headquarters in Raleigh. Copies will later be sent to troop headquarters in Greenville, Fayetteville, Greensboro, Salisbury and Asheville, Col-Smith said.

more suitable for the teaching of the more than six hundred boys and girls who will be our leaders of tomorrow.

If those leaders of tomorrow have the same spirit as the members of PTA had when they chose to grass the grounds around the school house there is no limit to the accomplishments they may make.
