Deborah just recently contracted to buy a feeder calf which will be fed out for next year's 4-H Fat Calf Show and Sale.

Deborah has been in the 4-H for four years and has completed 10 projects.

She has attended District Leadership Conference and is one of the counties most promising 4-H members as she proved by being elected secretary-treasurer of Murphy Senior 4-H Club her first year at Murphy High.

Dependent Parents May Now Receive Payments

Under the changed Social Security Law some dependent parents not previously eligible for benefits may now qualify for payments at retirement age.

Before the 1958 Amendments a parent who had been dependent on a son or daughter who died could not qualify for benefits on that social security record if a widow, dependent widower, or child survived the deceased son or daughter.

Under the change law, however, the dependent parent may receive benefits even though such other persons survived provided a one-half-support test is met.

Also, this payment of benefits to the parent will not affect the amount of benefits now being paid to other beneficiaries.

In order for benefits to be paid to dependent parents the son or daughter must have died after 1939 and must have had enough social security-covered work or creditable military service.

Dependent parents who meet these requirements should contact the social security representative without delay.

Also, eligible dependent parents (of deceased workers) who are under retirement age should file proof of support now to insure protection of future benefit rights.

Mr. and Mrs. Tom King visited Mr. and Mrs. C. M. Sneed Sunday afternoon.

Mr. and Mrs. Harold Davidson of Atlanta, Ga., spent the week-end with Mr. and Mrs. Homer Davidson.
