"I saved half the cost on my dairy building by going to 'tilt-up' concrete!"

Says JOHNNY ROUCHON, Clinton, Louisiana

Johnny Rouchon's concrete tilt-up building has six separate sections under one roof. Besides the main barn, he has a big feed room, milk room, sick bay, office and pump room. Plenty of space to handle his 100 milking cows.

"I WAS planning on brick until I heard about this new concrete tilt-up method. I got the building I wanted in concrete for \$12,000 to \$15,000 less—and used the same plans. I'm planning a new calf barn and I figure it will cost only 60¢ a square foot, even including a concrete floor. That's plenty low for a durable, maintenance-free building."

Real quality construction at low cost—tilt-up concrete is the simple way to get it. Want to know about it? Write for free informative booklet showing construction details.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

IT IS REQUIRED THAT YOU SEE **PSYCHO** FROM THE VERY BEGINNING-

Surely you do not have your meat course after your dessert at dinner. You will therefore understand why we are so insistent that you enjoy PSYCHO from start to finish, exactly as we intended that it be served.

We won't allow you to cheat yourself. Every theatre manager, everywhere, has been instructed to admit no one after the start of each performance of PSYCHO. We said no one — not even the manager's brother, the President of the United States or the Queen of England (God bless her).

To help you cooperate with this extraordinary policy, we are listing the starting times below. Treasure them with your life—or better yet, read them and act accordingly.
