

Dr. Dalton Brooks, PSU's new Director of Institutional Research

Dr. Dalton P. Brooks

Dr. Dalton P. Brooks, who for the last year has been with the State Department of Public Instruction in Raleigh, is the new Director of Institutional Research at Pembroke State University. It has been announced by Chancellor English E. Jones.

With the State Department of Public Instruction, he was executive secretary of the Title IV Advisory Council on Elementary and Secondary Education.

His duties at Pembroke will include compiling information about the total university (personnel, facilities, etc.) for the University of North Carolina General Administrative Office at Chapel Hill and making reports through UNC to the U. S. Office of Education and the Office of Civil Rights.

Of his new position, the 40-year-old Brooks said, "I am looking forward to my new duties because research is what I have been trained for. I think it will represent a challenge in coordinating the many information factors about the university. It is a challenge I'm going to enjoy."

A native of Pembroke, the new PSU appointee earned his B. S. in Science at Pembroke State University in '60, his

M. S. in Physics from Temple University in '65 and his Ph. D. in Educational Research from the University of Miami in '75.

Following graduation from PSU, he taught in the Robeson County School System from 1969-70. From 1970-72 he was Project Director of the Emergency School Assistance Program for the Lumbee Regional Development Assoc. at Pembroke. Beginning in 1972 he was working on his doctorate at the University of Miami.

To attend the University of Miami he received a Ford Foundation Fellowship and a University of Miami scholarship. He also had an Educational Professional Development Fellowship. In '64 he received a grant through the National Science Foundation.

Dr. Brooks is a member of the Educational Research Association, the Classroom Teachers of America, the North Carolina Education Association, the National Education Association, and the Phi Delta Kappa and Epsilon Tau Lambda honor societies.

He is married to the former Doris Jacobs of Lumberton. They have three children: Peter, 13; Danielle, 8; and Dori, 3.

According to Scripture

JESUS IS COMING

MATTHEW 24:37-38: But as the day of Noah was, so shall also the coming of the son of man be. Verse 38: For as in the days that were before the flood, they were eating and drinking, marrying and giving in marriage, until the day that Noah entered into the Ark.

In Genesis 6:5 God saw the wickedness of man and it was so great that God said he repented that he had made him (man). In Gen. 6:12 the Lord looked upon the earth, and beheld it was corrupt; the Bible says these people were eating and drinking, marrying and giving in marriage. Instead of destroying them, God said Noah found grace in God. God told Noah to build himself (Noah) an ark (notice He told him to build it for himself and not for God). For God doesn't need any help; never has and never will. We need God. He can make all things without us. The Bible said in Hebrew 11:7:

By faith Noah being warned of God of things not seen as yet, moved with fear, prepared an ark to the saving of his house, by which he condemned the world.

It took Noah over a hundred years to build the ark. During this time it shows the long suffering of our Lord. The Bible says Noah preached to these people. He preached and told these people that it was going to rain and that a flood would come and kill all man kind. But the people said it was not going to rain. It had never rained before; a mist had always come up from the earth and watered everything. The corn was up, the pasture was green, the cows were fat. Who was that fool who said it was going to rain? When God told Noah what to do, the Bible said he moved with fear. In Luke 17:22-29, Jesus foretells his second coming. He tells of the days of Noah and the day of hot, how it rained fire and brimstone and destroyed them all. Verse 30: Even thus shall it be in the day when the Son of Man is revealed. Today preachers who preach on Hell and fire are called fools. It never rained fire and brimstone before. That is what they said

in Noah's day and today you are being told of a fire and the wrath of God which is to come. You better move with fear. You had better listen and get your house hold saved. Paul said in Acts: Only those who shall abide in the ship shall be saved. Look around you today. There's a party just about every night; eating, drinking, men not pleased with their own wives. They have become evil minded. Pornography on every book shelf. Strong liquor in every store. But Jesus is coming. He said two would be in the field working. One would be taken and the other left. Will you be the one left? Will you see Him as He is? He (Jesus) said only those who have been faithful and endured to the end shall be saved. Have you been faithful? If not, you need to repent. Some of you hypocrites have fooled a lot of people. But Jesus said for ye make clean the outside of the cup and the platter, but the inside is full of extortion and excess.

You can keep the outside looking righteous. You can slip and hide but God's got your number. You can entertain the young people with old fifth. But God has got an all-seeing eye. These modern people who have been told how to preach, will make the word sound with no effect, but the word will stand. It was appointed unto man to die, and then judgement.

Hebrew 9:27: Young people and old, God said to flee his wrath. God hates sin. He hated so much He gave his only son to die that you might live. Whether you're a drug addict, murderer, or one who steals, Jesus is willing to save you that you may escape His wrath. There are some of you now reading this that needs forgiveness. God has been long suffering and time is running out. Genesis 6:3 tells us that the spirit shall not always strive with man. He (Jesus) said to confess and their sins and iniquities will I remember no more. Laugh if you may, but I have given you the word of God.

Yours in Christ
Evan, Ted Brooks

Barbara Locklear to preside at State Demo Meet

Mrs. Barbara B. Locklear will preside over the 16th Annual State Convention of the Democratic Women of North Carolina.

American Indian has presided or held a elected position of the organization.

Mrs. Locklear, the former Barbara Jean Brayboy resides in Lumberton with her husband and three children.

This is the first time in the history of DWNC that an

TALENT WANTED

for TV commercials for Precious Memories Service. We need girl 14 to 15 years old with a clear speaking voice and a young girl 18-25 to play "Minnie Pearl" type character. Send picture and details to: Lumbee Promotions, College Plaza, Pembroke, NC 28372. No telephone calls please. Royalties will be paid for talent.

Cocoa Del.
Chocolate cakes taste richer and have a better fragrance if the greased pans are dusted with dry cocoa before pouring in the batter.

Refrigerate (quickly)
When buying groceries, take them home immediately and refrigerate or freeze them properly. Store all food in covered metal, glass, or plastic containers. Place leftover foods in shallow containers and refrigerate as soon as the meal is finished.

Farms Down
The number of farms in the U.S. totaled 2.69 billion in 1975, one per cent fewer than in 1974. The average farm size has increased 47 acres during the past decade. The 1975 average of 387 acres is 3 acres larger than 1974.

Not Much
The Federal Energy Administration estimates that the energy derived from new technologies, including synthetic fuels, geothermal, and solar, will supply not more than five per cent of the nation's total energy needs by 1990.

Rainbow Cause
A rainbow is caused by sunlight playing on water, usually rain, though mist from a waterfall or a garden sprinkler can create the same effect. The sun's rays are refracted, or bent, as they enter the water drops. The light is broken up into the colors of the solar spectrum. The rainbow actually forms a complete circle, but the bottom half is cut off by the horizon.

Turkish Tulip
The word "tulip" comes from a Turkish word for turban. The spring flower was introduced to Holland, by way of Austria, in the latter part of the 16th century.

Crepe Decision
Crepes - those small, thin pancakes - were once regarded as an art for only the most experienced cook. Today, everybody's giving them a try. For an adult woman, one serving of three crepes supplies 12 per cent of her daily protein requirement. They also add calcium, iron, Vitamin A, and the B Vitamins - niacin, thiamine and riboflavin.

Limited Life
Mixes have a limited shelf life, so buy often to assure a satisfactory product.

Easy Removal
Stick a toothpick in a garlic clove before adding to a mixture. This makes the garlic easier to find and remove.

Brown Nose
Then there was the cannibal who was expelled from school when they caught him buttering up the teacher.
