In the Twentieth Century there has been major shifts, periodically, in the larger society to explain and to interpret points of view concerning the work of schools. American education has been influenced by two major changes. The first of these is evolution and the rise of the social sciences. The evolutionist stressed measurement and the scientific method. Noting that student behavior could be measured; attitudes of students were identified; Intelligent Quotient was an indication of potential; and achievement and prescription of student classwork was of the utmost importance. Education for our schools assumed the image of a science.

The second change in the larger society which brought about a crucial change in the educational point of view occurred after World War II. This was the change from the cultivation of the individual to the notion of education as a capital investment. After the War our schools were seen as a means of production of industrial, military, and national goods. Before the War (1945) the goal of education was to make life more richer, more satisfying, more meaningful, and more rewarding for individuals living in their society. But after the War the goal of education came to be thought of as an instrument of National policy to be shaped by National and Corporate concerns.

What is education like to day? It's kind of a mixture of student behavior being measured and student behavior being nurtured for self worth. Many educators see the student as a number - SAT 800, GRE 1000, etc; on the other hand, students are perceived as a social being asking for and receiving approval for their existence. The work of schools as reflected by our society, is to produce a high school student who can make 1200 on the SAT and who can be socially, morally, and ethically acceptable. I wonder if your child can score 1200 on the College Entrance Examination!

### According to Scripture

Luke 22:31 "And the Lord said, Simon, Simon, behold, Satan hath desired to have you that he may sift you as wheat."

Today we have people, or Christians, who will tell you that there is nothing that will come between them and their Lord - nothing that will pluck them out of his hand. (John 10:28) Peter too was self-confident. He said, "Lord I am ready to go with thee, both in prison, and to death." (Luke 22:33) Christ had warned Peter of Satan's desire to sift him as wheat. We have people today who believe once saved, always saved. Here a man called himself back sliding on God.

Christ told Peter He would deny Him three times. Read Luke 22:34. If denying Christ as a follower is not backsliding then the word or meaning doesn't exist. Christ told Peter in the 32nd verse. He (Christ) said, "And when thou art converted. We all know what converted means. In Romans Paul asked the question (6:1) "What shall we say then? Shall we continue in sin? 2nd verse, "God forbid." Just as Peter sinned and must repent and did repent of his denial of Christ while Christ was in the palace and later in the court being condemned to die. Simon Peter warmed his hands at the fire of the enemy. Just like a lot of you today who believe you can still sin and live as you did before - just after other men's wives or husbands and still say you are a Christian. You are just like Peter, a denial of the word. And unless you repent as Peter, then you are lost.

While Peter was standing by the fire with the people who were going to crucify our Lord, Jesus walked into the hall. He looked around and saw a large group surrounding a fire and there was Simon Peter cursing and denying him for the third time. Everytime you do the things which are not pleasing to our Lord, you too are cursing him. When a sinner sees you who say you are Christians doing the things of the world, you need to come face to face with the Lord, like Peter. When Peter's eyes met with the eyes of the Lord, the Bible says, He (Peter) wept because he saw in Christ compassion, forgiveness, hope and faith. You can find this forgiveness too in Christ.

Christ will kiss away your sins. And He will pardon yours and my transgressions. He will give you a new start. You see, we are to live a Christian life and service for the glory of God. In Romans 12:1 Paul said, "I beseech you therefore brethren, by the mercies of God, that ye present your bodies a living sacrifice, acceptable unto God, which is your reasonable service." Verse 2, "And be not conformed to this world, but be ye transformed by the renewing of your mind." Peter failed to recognize the powers of Satan. "For we wrestle not against flesh and blood, but against principalities, against powers, against the ruler of the darkness of the world." Read Eph. 6:12-20. You think you can play with sin. Sin originated with Satan. And to play with Satan will cost you your life. The Lord chose twelve men in the beginning. He saved only eleven, in John 17:12 Christ said he lost none but the perfidious (Judas). I trust that none of you have warmed your hands this day and have not asked forgiveness.

Yours in Christ,  
Evangelist Ted Brooks  
Rt. 2 Box 339  
Pembroke, NC

October 14, 1947-Flying in an army rocket-powered research plane over Muroc Air Base, California, Captain Charles Yeager of the U.S. Air Force becomes the first person to fly faster than the speed of sound.

"There is no income cutoff figure," says Mrs. Jacobs. "Those who should apply are those students of parents who feel they cannot send their children to school without some kind of assistance. Every case is different. Number of students in college, medical expenses, etc., are all factors in seeking to qualify. The best thing to do is for a student in need to come by our office and talk to us."

More students are qualifying for the Basic Educational Opportunity Grant program than any other, but there are many other financial aid programs at PSU: The National Direct Student Loan Program, Supplementary Educational Opportunity Grant Program, Work-Study Program, N.C. Tuition Grants, N.C. Student Incentive Grants, N.C. State Scholarship Loan Fund for Prospective Teachers, College Foundation, Inc. plus many scholarship and memorial loan funds.

Students who wish to apply for financial aid for the 1977-78 academic year must do so by the March 15 deadline. "We don't start processing our applications through this office until May or June because we don't know until then how much will be available. Unlike the Basic Educational Opportunity Grant which is administered by the Federal Government, we have a limit to our amount of money from other sources. It is usually exhausted by the end of July," said Mrs. Jacobs, who is available to check accuracy of form completions and give personal opinions on eligibility.

### Warriors Defeated 35-8

The Pembroke Warriors streak a four game winning streak come to an end as the West Columbus team defeated the Warriors 35-8 in a Three Rivers 3-A Conference high school game.

Ken Bowen scored a pair of touchdowns as the Vikings opened Three Rivers Conference play and pushed their overall mark to 5-1. The Pembroke Warriors are now 4-1 and 0-1 in Three Rivers Conference action.

Pembroke will entertain West Brunswick next Friday in a Three Rivers contest while the Vikings of West Columbus will kick the Whiteville Wolfpack.

### Benefit Banquet for Church and Community Center Saturday Night

The Robeson County Church and Community Center wishes to announce the Seventh Annual Celebration Benefit Banquet, to be held on October 16, 1976 at 7 p.m. at the Jaycees Hut on Highway 41 (Fairmont Rd.) Lumberton, N.C. The featured speaker will be the Reverend Calvin S. Morris, Director of Field Education and Professor of Practical Theology at the School of Religion of Howard University Washington, D. C.

The Rev. Morris was the first Executive Director of the Martin Luther King Center for Social Change of Atlanta, Georgia, 1973-1976; Director of Afro American Studies at Simmons College 1971-1973, Associate Director of Operation Breadbasket, Chicago, Illinois 1967-1971. He has served in various ministerial capacities in the states of Virginia, Maryland and Massachusetts.

The Rev. Morris has received numerous honors and awards in both church and community work. He has distinguished himself as one of our nation's leading forces in the fight for human dignity and freedom.

Special music for the banquet will be sponsored by: Sandy Grove Baptist Church Gospel Choir, the Mt. Airy Brotherhood Choir and as special added attraction, the Music and Communicative Arts Departments of Pembroke State University will present excerpts from the Musical Comedy, 110 In The Shade. The musical was written by Harves Schmidt and Tom Jones, and based on the Pulitzer Prize-winning play The Rainmaker by N. Richard Nash. Passes will only be \$5.00 which includes dinner, entertainment and fellowship.

### PSU's Financial Aid Officer at work

**Mrs. Esther Jacobs**  
PEMBROKE - Last year approximately half of the Pembroke State University student body of 2,183 received some type of financial assistance through PSU's multiple financial aid programs.

The aid came through federal and state funds, scholarships,

veterans' programs, etc. The same will hold true this year. The biggest source of revenue for PSU students is the Basic Educational Opportunity Grant program, funded through the Federal Government. A total of 482 PSU students received \$385,000 through this program last year, the aid ranging individually from \$200 to \$962. This program helps twice as many students as all of the other programs combined.

"The reason the Basic Grant program is so large is that the allocations are available as students qualify," said Mrs. Esther Jacobs, financial aid officer at PSU. "We provide students applications which they fill out and mail to the processing office in Iowa City, Iowa. We are then notified who qualifies."

This year approximately 700 applicants have received aid, and the total is subject to further increases before the

March 15, 1977, deadline. This year's students can still apply. Unlike a loan, basic grants do not have to be repaid.

The Federal Government controls the money for this Basic Educational Opportunity Grant program and has been generous in supplying funds.

"Last year," said Mrs. Jacobs, "the national program was overspent by \$180 million. But they borrowed from this year's money - and Congress appropriated additional money to take care of that deficit."

It has therefore been a case of a student's obtaining the money very readily if the national office in Iowa City says he qualifies. Many students now in school should send in applications because this year's funds are retroactive from March 15, 1977. The most in-state students can receive at PSU through the program is \$962. The maximum for an out-of-state student at PSU is \$1,400.

This is only the fourth year of the Basic Educational Opportunity Grant program - but it is the first year all students are eligible to apply. In its first year of operation, the program was only for freshmen. Afterwards it was limited to students who started college after April of '73.

Rev. Calvin S. Morris

Mrs. Esther Jacobs
