## Four Public Forums on The Contribution of Non-violence to American Democracy

**OCTOBER:** Non-violence: America's almost forgotten alternative!  
**NOVEMBER:** The Contribution of Blacks to Non-violence.  
**DECEMBER:** The Contribution of American Indians to Non-violence.  
**JANUARY:** How can Non-violence best contribute to achieving a tri-centennial celebration of our democracy?

Non-violence has been a part of our history since the first Quaker colony. Throughout our American Heritage many examples of non-violence occurred leaving with us successes and defeats. In planning for our nation's destiny we must be aware of all the alternatives. Our goal in these forums is to study the historical perspective of non-violence and observe how effective a tool it may be in the future. In an attempt to involve the local community's resources and the business of our state, we hope to create a better attitude toward planning for the Tri-centennial. For further information please contact Dr. Paul D. Brandes or Ty Braswell, Carolina Ad Hoc Committee on Non-violence (CAHCON) 115 Bagham Hall, UNC at Chapel Hill, Chapel Hill, N.C. 27514-915-931-5000.

LITTLE ANGELS

When God calls little children to dwell with Him above, We mortals some times question the wisdom of his love. For no heartache compares with the death of one small child Who does so much to make our world Seem wonderful and mild. Perhaps God tires of calling the aged to his fold, So he picks a rose bud before it can grow old. God knows how much we need them. And so He takes but few To make the land of Heaven More beautiful to view. Believing this is difficult Still somehow we must try, The saddest word mankind knows will always be "Goodbye." So when a little child departs, we who are left behind Must realize God loves children, Angels are hard to find. Mrs. Willee Ree Chavis and family
