Pembroke Kiwanis Club Meets

strengthen these traits in our youth for years uncountable." Signed by Wade C. Hunt, representing the Pembroke Recreation Commission.

Guest speaker at the meeting was Ronnie Chavis, Baseball Coach at Pembroke High School. Coach Chavis is a 1972 graduate of Pembroke State University where he was an outstanding pitcher for the Varsity Baseball Team. Since graduation he has been coaching baseball at Pembroke Senior High School and his team records during these past three years are 60 games won and only 19 lost. Last year the PHS baseball team finished 3rd in the State and 9 of its players are now in college on baseball scholarships.

Pembroke Kiwanis Club met at Sims Restaurant on Tuesday evening, October 26th, with President Bernard Lowry presiding. The invocation was given by Theodore Maynor and Club singing was led by Bernard Lowry.

A letter from the Pembroke Recreation Commission was read by President Lowry in which appreciation was expressed for the generous donations provided the Commission by the Kiwanis Club.

Your generosity is presently evident by the uniforms our football players are wearing every Tuesday night at Lowry Park in Pembroke. However, the true reward of your kindness is to be found in the building of character, sportsmanship, competitiveness, and moral values derived by the youth from being a part of a team effort. The equipment you have helped provide will

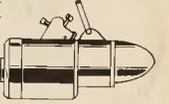

to reach their \$1000 goal. The order for these uniforms must be placed by November 15th if they are to arrive in time for the opening of the 1977 Baseball Season.

Pembroke Kiwanis members responded by presenting Coach Chavis with \$100 for the Uniform Fund.

Ed Teets announced that Kiwanis Club will meet at the Planetarium on November 9th at 7:00 p.m.

Jimmy Carter Understands Southern Agriculture!

The Following Members Of The U. S. House And Senate Agricultural Committees Are Supporting

Jimmy Carter For President!

This election will be a critical one for Southern farmers and farm-related business. That's why we need:

- ... a President who understands the South and Southern agriculture.
- ... a President who can work with your Senators and Congressmen.
- ... a President who knows the risks and hard work of farming, what it takes to make a payroll week after week after week.
- ... a President who endorses our present tobacco program.

... a President who can eliminate the red tape built up by the Federal bureaucrats for the past eight years.

... a President who knows the need for a predictable food and farm policy.

... a President who is not afraid to speak the truth and to play it straight with the American people. That's why we need your help Nov. 2 to get out the vote for Jimmy Carter.
