PSU Bravettes begin

cage season The PSU women's basket ball team begins its 1976-77 season Monday, Dec. 6 again-st Fayetteville State.

Tipoff time will be 7 p.m.

The high scorer of the [1975-76 team, Sally Hall, returns with her 11.7 scoring average plus two others who played regularly- Tina Sumlin (7.1) and Teresa Allen (6.6). However, the Lady Braves are minus the top two rebounders of last season, Kathy Chavis and Gail Person, and size is a vital concern of the new coach.

"Our returnees are small," says Miss Christoph. "A lot will depend upon our new comers, how they come throu-gh. Because we lack the big girl, it is going to take a total team effort to do well.

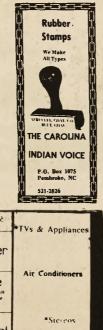

The Huntley twins- Brenda and Linda- from Wadesboro are freshmen who at 5-10 are the tallest girls. Kathy Little is 5-foot-7, a sophomore from Raeford who jumps well. "The game is played in side." says Coach Christoph. "If a team does well there, it can best most teams."

Another promising fresh man is 5-6 guard forward Brenda Gunsallus, Lumberton High's most outstanding seni-or athlete who was all confe-rence with a 17-point scoring average. "Brenda is a good shooter and a smooth offensive player," says Coach Christo-ph. Brenda is also a former Robeson County women's sin-gles champion in tennis.

The two returning regulars from last year are also counted on heavily. They are Teresa Allen and Tina Sumlin. The fourth returning letter man is 5-5 Betty Coe, sopho-more of Winston- Salem who scored 14 points in nine games for a 1.5 average. She was all county in high school and her team's Most Valuable Player. She has also been a member of the volleyball team.

Last year in only their third year of intercollegiate basket ball competition, the PSU women's team compiled a 12-6 record, winning six of its last seven before bowing 60-52 to Winston Salem State in the first round of the state tourna ment.

To improve on that record, Coach Christoph, who suc-ceeds Ann Webb as girls pilot, will look for help from a number of new players.

Sir Walter Raleigh's Statue To Be Unveiled

Sir Walter Raleigh finally made his first trip to the capital city of the state where four centuries ago his efforts established the first English colony in the New World. in bank failures during the depression years, but some \$10.226 remained with the state treasure.

He came last week in the form of a bronze statue.

Governor James E. Holsho-user Jr, will unveil the statue at 10 a.m. Friday, Dec. 3, in ceremonies at the newly-com-pleted Bicentennial Plaza acr-uss from the Legislative Build-

Taking part also will be Grace J. Rohter, secretary of the N. C. Department of Cultural Resurses; Eizabeth Fentress, representing the N. C. Bicentennial Committee: and Moussa Domit, director of the N. C. Museum of Art.

Holshouser will introduce the statue's sculptor, Bruno Lucchesi of New York.

From time to time, efforts, were made to revive the Sir Walter Raleigh Cummission but if was neativated. Then, in late 1975, under the guidance of Ruth A. Adams, chairman of the commission, a statue was finally authorized.

Luccesi fashioned a three and one-half foot tall model in New York; then took the model to Pietrasanto, Italy, near his birthplace, to have an enlar-gement made and cast in bonded bronze.

The 11-foot-statue arrived in Raleigh last week by truck from Baltimore where it had arrived by ship from Italy

Lucchesi inspected his work and discovered only a little "dusting" was necessary to remove action of the salt air on the statues bronze coating.

A concrete pedestal is being erected for the statue, A reception for donors of the pennies, the sculptor & other officials will be held from 8 to 10 p.m. (Dec. 2) at the N. C. Museum of Art.

Lucchesi of New York. In 1901 school children from all over Nonh Carolina were asked to combute pennies to tretci a statue to Ralcigh. The idea caught on, and the youngsters eagerly deposited there pennies, nichels, dimes, and guarters in order to, in the words of Durham banker Gen. Julian S. Carr, "acknowledge our debt to genius and enter-prise after three long centuries - so will we honor virtue, elevate our state in the regard of man-kind and inspire our children with the lessons that build character." Under the auspices of the group called the Sir Walter Raleigh Commission, the mo-ney grew, but was never put to use. Part of the money was lost

with the best of my heart and mind, an artistic output that will be truly outstanding- an output that may result in a better understanding and bet-ter rapport among all our county's people.

Course is a unique county. If some of us feel on occasion that our problems are magni-fied because of our tri-cultural composition, this feature of our county also presents us with a challenge and an opportunity to serve markind in a special way unrealized in any other American commun-ity.

There must be good things here, utherwise so many of us would not remain. Problems-yes. Problems galore. Yet Robeson is home- and that one word says a let for all of us. Few of us ever leave without returning.

I, too, have returned. Bea-ten, buffeted and battered by life during 58 years of uncom-fortable and irequently un-comforted living. I have neve the less accomplished good here. I am comforted with the thought that I could not have accomplished so much good in

It goes without saying that this is an ambitious under taking The help and coopera-tion of my many friends and readers is earnestly solicited, to the end that I may produc Lew Barton 3rd Century Artist
