Crusade Chairman for the American Cancer Society, North Carolina Division, Inc., by President J. E. McDowell.

Senator Wood, farmer, former legislator, and contender in the 1976 Governor's race holds many nationwide honors and awards in the fields of agriculture, education, and life sciences.

Wood said, "It is a privilege to work with the 60,000 volunteer crusaders and the thousands of year-round volunteers in North Carolina to meet the challenge of licking cancer in my lifetime."

TRAFFIC DEATH TOLL ON THE DECLINE IN NORTH CAROLINA

The traffic death toll is still on the decline in North Carolina. In 1976 there were 1483 traffic fatalities compared to 1522 in 1975. This was the fourth year in a row North Carolina has experienced a reduction in highway fatalities from the previous year.

The State Highway Patrol's enforcement of the 55 mph speed limit, and the voluntary compliance by the motoring public, along with several other measures have been responsible for these reductions.

In Robeson County last year there was a decrease in accidents, 1336 compared to 1340 in 1975. Fatal accidents also decreased to 39 from 46 in 1975. In 25 of the fatal accidents there were no seat belts used by the victims. Seat belts were used in three and seat belts could not be determined in 11 of the fatal accidents.

This points up again to the need of using the restraint system in our cars. It is estimated that 600 to 800 additional lives could be saved in North Carolina, and 8,000 to 10,000 lives in the United States if everyone would buckle-up before driving. Until something better comes along, the lap and shoulder belt combination offer the best possible protection in the event of a collision. But only about 20 percent of the motoring public take advantage of this life-saving device.

'The Daughter of the Regiment' Last Lyceum Series Program

"The Daughter of the Regiment," written by Donizetti about an orphan raised by a French regiment in the 19th century, will be presented by the National Opera Company of Raleigh at Pembroke State University's Performing Arts Center Tuesday, Feb. 8, at 8 p.m.

This is the last Lyceum Series program for PSU and promises to be one of the best. Admission is \$2 for adults and 75 cents for children under 12. PSU students with I. D. cards are admitted free.

The opera has been a favorite of sopranos from Jenny Lind to Beverly Sills who describes the role of daughter of the regiment as "Lucille Ball... with high notes."

The National Opera Company, founded in 1948 by A. J. Fletcher, a Raleigh attorney and businessman, has toured 36 states, performing over 2,000 times. More than 1,500,000 school children in North Carolina alone have seen their performances. Some of the opera company's singers have appeared in leading roles in opera houses in this country and Europe.

The story is of Marie who is reared to young womanhood by the French 21st Regiment, then is claimed as a niece by an aristocrat who attempts to transform her from a military tomboy into a polished lady of society.

It is also the familiar plot of boy meets girl, loses girl and gets girl. Marie, surrounded by a whole regiment of fathers, falls in love with a peasant, Tonio. However, when a noblewoman, the Marquise de Derkenfield, claims her as the Marquise's long-lost niece, the girl is taken into aristocracy.

Efforts to transform her into a refined lady through singing and dancing lessons fail hilariously. Just as Marie is about to be married to a foppish Duke, the Marquise reveals that Marie is indeed her own daughter, a product of a romance with a French captain.

The conclusion in which Marie is given the Marquise's blessing to marry Tonio meets with everyone's approval.

The opera is full of appealing melodies, providing a chance for Marie and her tenor lover, Tonio, to widely display their musical talents.

Archibald Cox Joins Legal Team For Indians In Maine

Augusta, Maine- Former Watergate special prosecutor Archibald Cox on Tuesday joined the legal team representing two Indian tribes that claim two thirds of the state of Maine.

The governors of the Passamaquoddy tribe and Penobscot nation said Cox would be a consultant without fee on the Indians claim that the state took land without the required federal approval.

Cox, now a professor at Harvard Law School, is a summer resident of Brooksville. Former President Nixon fired Cox as special prosecutor in the so-called "Saturday Night Massacre," which also led to the resignation of then Attorney General Elliot Richardson.

PSHS's General Mills Family Leader of Tomorrow

Denise Strickland, daughter of Mayor and Mrs. Reggie Strickland of Pembroke, has been named Pembroke Senior High's 1976-77 General Mills Family Leader of Tomorrow. Denise won the honor by competing with other seniors here in a written knowledge and attitude examination on December 7. She will receive a certificate from General Mills, sponsor of the annual educational scholarship program and becomes eligible for state and national honors.

The State Family Leader of Tomorrow, to be chosen through judging centered on performance in the December 7 test, will receive a \$1,500 college scholarship, with the second-ranking participant in the state receiving a \$500 grant. The state winner will also earn for his or her school a 20-volume reference work, "The Annals of America," from Encyclopedia Britannica Educational Corporation.

In April, the 51 winners representing every state and the District of Columbia will be the guests of General Mills on an expense-paid educational tour of Colonial Williamsburg, Va., and Washington, D. C. During the tour, personal observations and interviews will be conducted to select the All-American Family Leader of Tomorrow, whose scholarship will be increased to \$5,000. Second, third, and fourth place winners will receive scholarship increases to \$4,000, \$3,000 and \$2,000 respectively.

Shades of Pete Maravich-Shelia Regan

It is doubtful that Pete Maravich could do any better--18 of 25 from the free throw line. That's a pretty good record in any roundballer's book.

That was pretty Miss Shelia Regan's record when she triumphed recently in the championship sponsored by Elk International. Shelia won in the 11-10 Senior Old Age Group. She had previous county and district competitions advance to the state shoot out. The competition was held in Reidsville.

Shelia is a 6th grader at Pembroke elementary school and is the daughter of Mr. and Mrs. Fred Regan of Pembroke. She is the sister of Richard Regan who graduated from Pembroke High School last year after an illustrious sports career. He lettered in football, baseball and basketball.

Now, Shelia is off to the National Regional to be held in Morganton, W. Va., February 12. She will be accompanied by her parents.

Elk International, a fraternal organization, sponsors the Three Throw competition in a number of age groups Girl and Boy competition.

Shelia is successful in Morganton, Va., she will be on her way to the national competition tentatively scheduled for St. Louis, Missouri later in the spring.

Shelia Regan shows off her technique to her Principal, James Dial (right) and Assistant Principal Wade Hunt. Both are impressed. Said Mr. Dial, "Shelia not only is a good free throw shooter-she's also a very good student." (Bruce Barton photo)
