Meet

Dr. Edwin Crain, Track Coach at Pembroke State University, was the guest speaker at the Tuesday evening meeting of the Pembroke Kiwanis Club. He was introduced to the Club members by Dr. Gibson Gray, program chairman of the meeting.

Coach Crain spoke concerning the recent National NAIA track meet in which members of the PSU Track Team participated. Enroute to the Nationals, they participated in the Tom Black Track Meet at the University of Tennessee in Knoxville.

at 55 feet 6 inches. In his closing remarks, Coach-Crain made some general observations concerning various campuses he and his teams have visited. David Lipscomb College in Nashvulle, Tennessee, were the strictest dress code-you are not permitted to even enter the campus to participate in a track meet unless you are wearing a shit and Bernuda shorts. As to clean and neat campus, only two of the 30 colleges which our track teams have visited, take top horors - P.S.U. and Henderson State College in Arkadelphia. Arkanasa. He also mentioned that of the athletes recruited, only years in college. Much credit is bereford the these young men who perserve until their goals are reached.

Bahnson Barnes of Lumberton was a visitor at the meeting. Bernard Lowry presided and John L, Carter gave the invocation.

Robeson County's outdoor drama, "Strike at the Windt" is getting permanent dressing rooms this season. A 10' x 40' trailer served as make-up room, dressing room, and waiting room for the show's 60 actors last year.

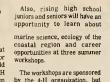

A shed-roof design according to General Manager Rock Kershaw, the dressing rooms reflect the latest in contemporary conceptual design. The reason the dressing rooms were not constructed last year was because of a money shortage

"Our projected budget last year was \$205,000 but we fell short on our fund raising by \$75,000 and so we had to forego the dressing rooms." said Kershaw. "The Robeson County Commissioners loaned us the trailer for the season last year, and our actors were very patient and understanding about the whole situation."

The new dressing room will be $30^{\circ} \times 40^{\circ}$, with separate dressing rooms for the men and women whereas last year they had to turns. There will also be an equipment storage area and cold water showers.

"Under the shed, under theatrical lighting, the actors will put on their make-up," said Kershaw, "and that area will also be a waiting area. A water fountain, ice machine, and washing machine have already been donated to the show, but we still need someone to loan or donate us a clothes dryer."

"Strike at the Wind!" North Carolina's newest and most successful outdoor drama, was seen by 18,000 persons last year. Opening this year June 29 and running through August 13, Wednesday through Saturday, "Strike at the Wind!" will play at the Lakeside Amphitheatre at the Riverside Country Club near Pembroke on Highway 74.

The workshops are sponsored by the 4-H organization, but attendance is not limited to 4-H members. However, students must have the endorsement of their science teacher, principal Auto

Black Historial

Exhibition Planned

The North Carolina Museum of History, a section of the Department of Cultural Resources, has received a grant of 576, 627 from the National Endowment for the Humanities to produce a major exhibition entitled "The Black Presence in North Carolina,"

The exhibition, to open in March 1978, will include exhibits in the museum of history galleries as well as in the mobile history museum. Catalogs, free brochures and a phonograph record of music traditional to the Black communities from before the Civil War until about 1920 will be available.

According to John Ellington, administrator of the museum of history, the exhibit is planned "to interpret the contributions of Blacks to the heritage of North Carolina, to demonstrate the variety and richness of the Black community both before and tafter the Civil War."

The two main parts of the exhibition in the N. C. Museum of History, showing the state's Black heritage through the use of artifacts, documents, newspapers, photographs, paintings, crafts and audiovisual programs. Also included will be Black music of the times, and oral traditions used.

The illustrated catalog will provide a detailed interpretive histor, of the maternal featured in the exhibit, and will be available for sale

An edited version of the main exhibit will be installed in the tractor-trailer mobile museum and will travel throughout the state for two years.

Ellington said, "The generous grant will make possible the long-planned major addition to Black history in the N. C. Museum of History."

Bobby Bell tours residence of the late James Deering

Bobby Bell of North Miami Beach, Florida visited Vizcaya, the Miami residence of the late James Deering. Vizcaya is an American realization of an Italian American realization of an Italian Renaissance Palace and Gardens. Mr. Deering, a bachelor, spent his winters at Vizcaya from 1916 until his death in 1925. The estate was left to heirs who made it available to Dade County in 1952.

Mr. Deering was Vice-President of the International Havester Company. He continued to serve as a director until his death in 1925.

Vizcaya is a composite of no one particular style or period. It is a happy blending of some of the most beautiful villas in Italy. Vizcaya was the culmination of many years of travel in Europe and the Orient, and the collecting of many art treasures. In 1910
