Vows Exchanged in Double-Ring Ceremony

Connie Chavis Bell

Connie Chavis and Donald Earl Bell exchanged wedding vows in a garden ceremony at Cherokee Chapel Methodist Church on Saturday, April 15, 1978 at 3 p.m. Rev. Donald Bullard of Maxton performed the double-ring ceremony.

Mrs. Peggy Brewington presented a program of wedding music.

The bride is the daughter of Mrs. Lula L. Chavis and Mr. James Chavis of Route 4, Red Springs. The bridegroom is the son of Mr. Hubert Bell and Mrs. Liddy H. Bell of Red Springs.

The bride was escorted to the altar by her brother, James Chavis, Jr. She was attired in floor-length gown of white eyelet styled with wide ruffle at neckline and tiers of eyelet, each tier banded by white satin ribbon. She carried a bouquet of spring flowers with baby breath centered with a white orchid.

Flower girl was Little Miss Deresa Dare Hunt of Route 4, Red Springs. She wore a floor-length gown of yellow with yellow ruffles with ruffles at the neckline. She carried a

basket of spring flowers with baby's breath.

Serving as best man was Emery Hunt of Route 2, Maxton.

The bride received a B.A. degree at Pembroke State University in May of 1976. She is presently employed at the Robeson County Department of Social Services.

The bridegroom graduated from Red Springs High School and attended Robeson Technical Institute. He is presently employed at National Twist Drill in Maxton.

Following a wedding trip to the coast, the newlyweds returned to Harris' Mobile Home Park in Pembroke to make their home.

RECEPTION

A reception followed the wedding in the fellowship hall of the church. Hostesses were Mrs. Harold Dean Bullard, Mrs. Thurman Lowery, Mrs. Liddy Bell who also assisted along with Miss Gearlene Oxendine and Ms. Lynette Jacobs. The reception was given by the groom's parents, his aunt, Mrs. Harold Dean Bullard and his uncle, Mr. Emery Hunt.

The place with the world's highest recorded temperature is Al'Aziziya, Libya which, on Sept. 13, 1922 was 136.4° F. in the shade.

More heat may soon be available to help keep more Americans healthy, thanks to our oil companies which are looking for alternative fuel sources such as geothermal and solar heat. Since those companies have the engineering know-how and development capital to do a good job developing these sources, it could mean more jobs for Americans, too.

Heat is measured in British Thermal Units (BTUs), each unit being equal to the quantity of heat required to raise the temperature of one pound of water at its maximum density one degree Fahrenheit.

Boston was once known as Beantown because it was famous for its baked beans.
