

CIV Sports Writer to Leave for Summer

Due to my obligation to Uncle Sam and the U.S. Army Reserve, I will not be doing sports for the remainder of June and the month of July. If I survive this summer, I will hopefully return in August with a preview of area high school football prospects prior to the start of the 1979 campaign. Until then, I wish you all a happy and safe summer.

ROBESON COUNTY RECREATION DEPARTMENT BUDGET CUTS PROPOSED

The proposed \$80,000 reduction in the budget of the Robeson County Recreation Department may result in a nearly 50 percent reduction of programs and the loss of a \$125,000 federal grant. That was the gist of a special session held Monday night by the county's Parks and Recreation Commission, in which the members were informed by recreation director Stacy Wells that the county would effectively be reducing the recreation staff by 50 percent in the coming year. "Without the personnel, we just can't offer the programs," Wells told the commission. "Likewise, we can't accept the (federal Bureau of Outdoor Recreation) grant because we won't have the people to maintain the areas the money would be used to acquire." Wells said the department would have to eliminate most of the county's services that were not self-supporting, including the swimming pool in Fairmont, tennis lessons, weekend softball tournaments, a large number of adult craft programs, and 25 percent of the playground programs due to get underway within a few days. The county commissioners, in recent budget sessions, cut the recreation department's operating expense request by \$50,000 along with eliminating five federal CETA and anti-recession job positions, which total just over \$30,000 in

salaries. According to figures provided by Wells, two of the jobs would be phased out effective July 1, two more would go October 1, and the fifth position would drop off January 1 of next year. "We've only got 10 staff members in the Recreation Department," Wells pointed out, "which means that we'll be

losing 50 percent of our staff. "I think when the people realize just how much they'll be losing in recreation programs they'll be surprised," said board member Jerry Gill. "When you cut five employees out of a big department, you don't notice that much difference. "But five employees from recreation just means you can't do the work. It's not that you've been held to last year's expenses; actually, we're being cut back tremendously from last year."
