Farewell Remarks from Miss Lumbee 1978

By Maxine Bullard

Miss Lumbee 1978, Ms. Maxine Bullard, says farewell.

I guess every girls dreams, in her early childhood, of one day wearing a crown. One year ago the most predominant goal in my life was to become Miss Lumbee. Now, because of the faith and hard work of so many people, I have realized that goal, lived out a dream, and ready to begin another phase of my life.

During the past year my reign as Miss Lumbee has been a learning and unforgettable experience. I have developed increased self-confidence through such experiences as representing the Lumbee people in various pageants over the state and making personal appearances here in the county. Some of the most enjoyable opportunities I have had while holding this title have been meeting and sharing in the love and friendship of my people right here at home. It was with great pride that I represented such wonderful people in the Miss North Carolina Pageant.

The Miss North Carolina Pageant was an unforgettable experience, one that I enjoyed far more than I had dreamed. I can truthfully say that I did my best for the Lumbee people; for the past year I have worked hard to bring recognition to my people.

Knowing that I would hold this title for one year only, I vowed not to lose the respect and love my people held for me, but to try my best to gain more respect and love from the

people whom I would try to be a good will ambassador for throughout my travel as I have criss-crossed North Carolina making personal appearances and performing.

You, my people, have given me everything. From the bottom of my heart, I thank you for your time, patience and tolerance of me as your Miss Lumbee.

My thanks and eternal love go to those people who have given me so much of themselves to make this year possible: the Pembroke Jaycees and Jaycetts who have aided me financially, as well as the LRDA staff and workers; to Mr. Curtis Pierce who in behalf of the Lumbee Bank presented me 46 gifts to take to the contestants of The Miss North Carolina Pageant; to Mr. Ira Pate Lowry who put in numerable hours and patience in helping me with my talent, poise and speech during my reign; to Mr. Al Dunavan who also helped prepare me for my talent competition in the Miss North Carolina Pageant, in addition to Mrs. Ira Pate Lowry; to Mrs. Florence Ransom who acted as my chaperon and companion for many untold miles; to Mrs. Alice Revels of Barbara's Unisex for devoting her time and giving me important tips on make-up; to my aunt Alice D. Dial and Mr. Delton Ray Dial for their financial support of me.

Why We Love America

As we approach the 4th of July tribute, let's all say God Bless America! Give me good old North Carolina. Wherever I go touring, and regardless of what I see, when it's time to come home I am ready to get back in the country.

I think America is the greatest country in the world.

What's right with America?

The fact that we can talk about what's wrong if and when we feel like it. We can survive wars, inflation and gas lines and still love each other. We can look out for ourselves and still be the most generous people in the world. It remains a land of freedom and opportunity. Despite all the troubles in America today, I still think people can find inspiration in the freedom we enjoy.

throughout the year; to my church, Bear Swamp, for the guidance that came through Pastor T. M. Sweet. Mr. Ernest Ray Brooks, Mr. John G. Deese, Ms. Betsy Maynor, Mr. Nelson Dial and Ms. Etha M. Harris, my faithful and devoted Sunday School teacher; to Mr. Kenneth Maynor of LRDA who helped me make some important decisions during the year; to the people who have supported me with their letters, friendly smiles, cheerful hellos and friendship; to the officials of the Town of Pembroke for a beautiful "send off"; to the six most important people in my life who have shared my dream and have given me their support, understanding and love through happy and sad times, who have been patient decisions during the year; to let through this entire endeavor.

my parents, my sister Millie, cent, and my brothers Garret, Lee and Walden; and to my Heavenly Father who has been with me always and has given me courage and strength to go on when I felt like quitting. It would be impossible to thank everyone individually for there are so many who have given me their friendship and love.
