### Dr. Oxendine's Complaint Is Proper

Some say it's sour grapes; others contend that it will do no good. Others are so busy sidling up to Dr. Paul Givens that they don't want to be distracted. But the recent complaint lodged by Dr. Joseph Oxendine with the Equal Employment Opportunity Commission is proper, and is a welcome respite from the rhetoric of late. Finally, someone is doing something constructive about an untenable situation.

Whatever happens, I believe Pembroke State University is threatened as an institution of higher learning. Pembroke State University is not a pet project of local legislators, like East Carolina or

Raleigh or UNC-Chapel Hill, etc. Noone seems to really care about the institution except the Indian community. The esprit de corp of the institution is disgraceful. The mostly transient student body could care less about the school. They don't ride around with Braves bumper stickers or defend the antics of this Braves celebrity or that one.

The faculty lives mostly in Lumberton. They work at Pembroke State University but they wish the institution was some place else. They are uncomfortable with the school's Indian heritage.

But the Indian community cares about the school. They support the school through good times and bad. Without the Indian community support PSU most likely would be a rest home for administrators with high blood pressure and the like.

It is time to stand and fight. I support Dr. Oxendine's complaint. I pray he is successful. PSU needs Indian leadership through the difficult years ahead. Without Indian leadership, we expect PSU to be closed down in the next few years as a regional university. Maybe swap places with RTI or become an adjunct of Fayetteville State or be supplanted by nearby Campbell College or St. Andrews or any of a hundred or more possibilities.

Racism is real; it cannot be hidden from view. Racism is like a cancer; it will eventually destroy you. One should never accept racism; even a hint of it. When racism is suspected, a complaint should be lodged forthwith. It is good that Dr. Joseph Oxendine has lodged a complaint; now let his complaint be investigated fully.

#### Workshop Plans **Dedication Service**

Dear Brothers and Sisters in

Monday, July 30th is a significant day in the life of the Pembroke Area Presbyterian Ministry ! At 11:00 a.m. that morning we will dedicate the new facilities of the Pembroke Community Workshop, a mission project of the Pembroke Ministry.

The Moderator of the Presbyterian Church, U.S. Dr. Albert Winn will be with us to deliver the dedicatory address. Luncheon will be served immediately following the ser-

You may remember that the Workshop began in April 1978 providing work experience, counseling and assistance to otherwise unemployable persons in the Pembroke area. We began with only four (4) clients and 250 square feet of floor space. On June 1, 1979 we moved into a building which we have renovated ourselves, which has 8400

our present work and for expansion too. We now have twenty (20) full time clients and twenty-two (22) summer youth work experience clients. This has only been possible with God's guidance and the prayerful support of all the people of Fayetteville Presbytery.

Therefore, Monday we will give thanks for the providence of God that we should be so fortunate in being able to employ and help so many people in such a short time.

We look forward to your being with us for this joyous occasion and hope that you will make time in your busy schedule to join us both for the dedicatory service and the luncheon fol-

So that we might make preparation for the proper number, please call the Workshop at (919) 521-8661 before Friday noon, to let us know will be coming.

**VACATION IDEAS** 

If so, little need to fume about fuel if you spend

your vacation in a city. For many vacationers, nothing beats the glamour and glitter of the cityparticularly on special oc-casions like birthdays and anniversaries when you and your spouse want to celebrate with a few good dinners out, followed by a show or concert.

Many of the nation's hotels offer special packages and, once you arrive, you can use mass transportation to reach many areas of the city. Week or weekend packages sometimes include such meals, hotel facilities such as saunas and pools and free transportation to nearby recreational facilities.

One way to plan what to see and do, as well as where

Planning a trip this year? Business Guide. It lists some 1,000 hotels and restaurants in 53 cities, and qualityrates them with Mobil's oneto five-star system.

The Guide also provides attractions and maps of downtown areas and air ports to help you navigate. It rates and describes the fare in the area's better restaurants and is available at many Mobil service stations and bookstores for \$4.95.

A city vacation can mean more time off the road and more time enjoyed together. It can make a big difference to stay is to use the new in the way you feel when Mobil City, Vacation and you return home, too!

Locklear/ Lowery VFW Post #2843

The post will hold it's mon thly meeting on August 13, 1979 at the home post in Pembroke. All eho members of the post are urged to attend this meeting.

> V.A. Hospital News Comrad. Josh Locklear

Comrad Locklear would like to take this opportunity on behalf of the patients and Chaplain J. O. Jerigens of the VA Hospital, to personally thank the Mt. Airy Baptist Church Adult and Young people choir, for the outstanding programs on the 22 of July. Comrad Locklear reports that there were about 50 members from the church in attendance for the sing. (Mt. Airy Post #2843 Salutes You).

Attention Post Members The program for this month's

meeting August 13, 1979 will be the Robeson County Sheriff's Department, also represented will be the North Carolina Highway Patrol and the State Bureau of Investigations. The topic of the program will be 'Community Watch and Crime Prevention". this will be presented by the Sheriff's Department. The Post Commander Harold B. Locklear offers an open invitation and request that all members attend this meeting. It has something to offer us as home owners and citizens of any and all communities Sheriff Stone promises this will be a rewarding program, to you the members of Post # 2843.

> **News of Special Interest** By the Post

For the next couple of weeks with the help of comrad Monroe Lowry we will feature help in obtaining scholarships for children of certain diseases disabled, or POW/MIA Veterans as provided under Chapter 165, Article 4 General Statutes of North Carolina.

Comrad Lowry is the 13th District representative. The 13th district covers about (6) counties to include Robeson, he serves as a commissioner on the State Board of Commissioners for Veterans Affairs Comrad Lowry resides here in the city of Pembroke at PO Box 998, Pembroke, N.C. 28372 or may be reached at area code 919-521-2881

Comrad Lowry states that you should read these very carefully. It may save you future trouble and expense. In applying for a scholarship of this sort remember, a scholarship award doesn't automatically put you in the institution of your choice. It merely helps pay your expenses in a college, university, Junior college, Community college, or Technical Institute in North Carolina, If you have applied in time you can meet the entrace requirements. Advance arrangements for a dormitory room or other approved lodging facility will

also be your responsibility In the next couple of issues we hope to answer questions for you like: 1) When can I apply? 2) Who may I seek advice assistance from, to see if I am eligible? 3) What makes me eligible? 4) What

must I submit? I hope that these and other questions will be answered

through this series of articles. There are five (5) categories of eligibility in qualifying for this assistance, who knows maybe you fit in one of these

categories.
