We Cannot Know Where We Are Going If We Don't Know Where We've Been...

So fittingly we honor our Pioneer Fathers

As I See It

by Bruce Barton

DR. KEN JOHNSON, MY FRIEND

There are some in Robeson County who are foolish enough to believe that I dislike white people; they are mostly people who know absolutely nothing about me and, more likely than not, have never visited my office or spoken directly to me. I can be very engaging at times; for instance I am an expert concerning Adolph Hitler, Muhammad Ali, Kareem Abdul-Jabbar

and other personalities like that. I know a lot of insignificant stuff, but a lot of it is engaging. So, get to know me and let me entertain you with some of my stories and bits and pieces of this and that before you judge me so inaccurately and unfairly.

And, in retrospect, I am a very nice guy, really! Dr. Ken Johnson knows that; he is my friend. He is also white. So what? Race does not make any difference unless it makes a

difference. One has to be friendly to have friends. Dr. Ken Johnson is a friendly man; he has many, many friends. Dr. Johnson was recently honored at the installation of Dr. Paul Givens (Saturday, May 10) when he served as Grand Marshal. It was a singular honor and one becoming to the man and the record he has built in the Pembroke community.

The Johnsons (his wife, Doris, is an assistant professor of music) live within a stone's throw of PSU. Students visit them constantly, taking advantage of the pool and the hospitality which is so evident when in the presence of the Johnsons. Dr. Johnson introduced tennis to the Indian youth of the area, as well as swimming, water safety and life saving. He golfs regularly with the local fellows.

He and Mrs. Johnson are retiring. Both are now 65. Dr. Johnson came to Pembroke State in 1964 as athletic director and chairman of the health and physical education department. He either started or helped to develop the soccer, tennis and wrestling programs at the school.

Dr. Johnson is also a very active member of the local Pembroke Kiwanis Club, serving as scribe for many years. He has contributed Kiwanian happenings to the Carolina Indian Voice almost as long as we have been in business. I will miss him; his successor, hopefully, will do as well as Dr. Johnson has done with the assignment of contributing a column on Kiwanian happen-

DR. KEN JOHNSON and his wife, Doris

WINS \$1,000 at Piggly Wiggly

John Dross, manager of the Piggly Wiggly in Pembroke, is shown presenting a check for \$1000.00 to Susan Baker, Ms.

Baker was the \$1000.00 winner in the local stores Cash King game. (Bruce Barton photo)

SADDLETREE CHURCH OF GOD NEWS

by Lacy J. Huggins

Behold the bridegroom cometh. Go ye out to meet him. On Wednesday night Mr. Dwayne Cummings and his sister, Mrs. Sherrie Locklear of Lumberton attended our Bible Study.

Thursday night there was a mother and daughter banquet held at the Village Inn in Lumberton. Sister Lydia Chavis attended. She and Sister Lela Bell had their daughters and granddaughters present. Mrs. Rosie Jacobs was in charge of the program.

Sunday morning visitors to the Carolina Indian Voice..

Dr. and Mrs. Johnson personally the best in university-community relations. Those who flee Pembroke after dark could learn a lot from the Johnsons. We are proud to claim them as friends. We wish others would be as friendly.

We wish them well whatever they do in their retirement years. We hope fervently that they will continue to live in Pembroke. Pembroke would not be the same without them.

were Mr. and Mrs. Ted Findly of Fayetteville, Mr. Kenneth Jones of Pembroke and Mr. and Mrs. Thompson of Whiteville.

Mrs. Mary Jones was honored as mother of the year. She was given a plaque. Mrs. Jones has two sons, Terry and John Wayne Jones of Lumberton. Mrs. Elvis Graham was presented a gift for being the youngest mother. Mrs. Stella Capps was also given a gift for being the oldest mother.

Mr. and Mrs. Steve Graham presented the widows of church a bouquet of red carnations.

Sister Gaynell Jacobs was in church Sunday and Sister Judy, her daughter, sang to her the song, M.O.T.H.E.R. Then she sang it to all the mothers of the church.

Brother Sampson preached about the ladies in the Bible and wished all the mothers a happy Mother's Day.

Come worship with us when you can. You are always welcome. St. John 14:3 Jesus said... "I will come again." And surely He will.

Thank you for your votes on Tuesday, May 6. I appreciate your support and will continue to give my best to the office of Lt. Governor JIMMY GREEN

UPDATE TO MICHIGAN INDIANS

You did not attend May 12 meeting. Eighteen persons met. We were expecting 180! May 20, 7:00 p.m. at 23817 Senton Drive, Mt. Cle-

mens, Mich. We will be writing by laws, etc about organization. Please plan to attend as we need your ideas.

Get More Out of the Summer With **GREENBAX STAMPS**

The way a house is built can save 2.3 tons of coal a year.*

Some houses may look like any other house, but they don't operate like any other house. When they're built to CP&L's "Common Sense" standards. Compared to ordinary houses, they can save up to 40% on heating and cooling alone.

And, since heating and cooling homes takes 12% of the energy America uses, that can make a big difference.

It means a bigger supply of energy, and tremendous savings in the amount we have to generate.

So, if you're building, find out about the "Common Sense House" at any CP&L office. Even if you're just remodeling or making improvements, "Common Sense" ideas can help.

Because the more you get out of your energy dollar, the more we can get out of ours. And the less our bills will have to go up later on.

*Figures based on average home consumption of 1500 sq. ft. house, 1200 sq. ft. house with standard furnace, 1200 sq. ft. house with CP&L furnace, 1200 sq. ft. house with CP&L furnace and CP&L furnace.
