PEMBROKE CONFIRMS WATER, SEWER BOND **VOTE RESULTS**

PEMBROKE-One order of business at Monday night's meeting of the Pembroke Town Council was to ratify the recently passed water and sewer referendum. Contrary to the controversey surrounding the matter, the consideration of the resolution declaring the results of the special referendum was accepted quickly and without fanfare.

In other matters...

Councilman Sam Dial told Ray Campbell, a representative for Weaver Construction Company, that "it burned me up" the way the company proceeded in attempting to get approval to build some FHA assisted housing in the town. Little detail was given of the company's intention although Town Manager Mc-Duffie Cummings did say that the company had formally requested a zoning change in order to build the apartments "about 30 days ago."

The Lumber River Council of Government refused recently to approve the measure. Councilman Dial is the town's representative on COG (Council of Government).

The town has also set work sessions for the next few weeks in preparation for the upcoming 1981, 1982 budget which begins July 1.

Flouridation grant accepted

The town also formally accepted a \$16,000 flouridation grant Monday night. And considered a proposal from Pembroke Veterinarian David Brooks to serve as the town's dog warden or animal control officer. The town has had problems in the past with

small animals left dead on the roads and with packs of dogs running uncontrolled. The council seemed favorably impressed with Brook's proposal and tabled the matter until budget time.

Councilman Sam Dial states areas of concern

Councilman Sam Dial was also on the agenda and expressed concern about a number of matters, including the town's need for a Community Watch Program, street signs, the need for travel logs from town employees, the image of the police department, and the car wash on Union Chapel Road. Dial said the car wash was a nuisance and a gathering place for young people who seemingly offended residents in the neighborhood.

Dial also stated that he would like to see a marker set up in the town park honoring those citizens who donated the land to the town for a park.

The Manager's Report...

Town manager, McDuffie Cummings announced that Mike Avery, the town's Community Development Director, had resigned. He suggested that no replacement be named for him saying that he and Paul Brooks, who has been involved intimately with the project, would be able to finish up the work which is estimated to be 60% completed. Cummings did note that they might have to hire a consultant to help the town's officials prepare future CD proposals which are being developed.

Cummings also noted two resignations in the police department. The town is advertising to fill one of the positions and will leave the other open until "budget time."

Problems with Cable TV

A number of councilmen complained of service being given by Jones Intercable TV, the company serving the town. The council decided to send a letter to them detailing complaints.

Jaycees battle for 'Strike at the Wind!"

The Pembroke Jaycees and Prospect Jaycees will sponsor a basketball game Friday night, May 22nd at 7 p.m., at the Pembroke Senior High School gym, for the outdoor drama, "Strike at the Wind."

"Strike at the Wind!", writ-ten by Randolph Umberger, is a musical outdoor drama taken from the true accounts of Lumbee Indian folk hero Henry Berry Lowrie. Lowrie and his tri-racial band roamed Robeson County and south-eastern North Carolina from 1864-1874 seeking revenge for the murders of his father and brother. Called hero by some and outlaw by others, Lowrie carried a \$30,000 bounty on his head. Henry's escapades were so famous that Jesse James even adopted his name. Never brought to trial, Lowrie disappeared into the swamplands of Robeson County never to be seen again. The fact that he was never proven right or wrong only added strength to his legend.

Come laugh and cheer with us Friday night as we see who will rule the courts: Pembroke Jaycces or Prospect Jaycees.

Reagan Budget Cuts

There will be a Public Hearing Thursday, May 7, at 7:30 p.m., at the O.P. Owens Auditorium, agricultural Extension Office, Lumberton entitled: "Budget Cuts...Who Gets Hurt? The public hearing will be sponsored by the Robeson County Clergy and Laity Concern and the Robeson County Clients Council.

Today 55 million Americans barely have enough to survive ... and it could get worse. But together we can do something about it.

Come find out how the cuts will effect you and your family. Come speak out on how the cuts will unfairly hurt...particularly children, elderly, disabled, and families

struggling to survive. Come and join a growing number of concerned citizens who oppose unfair budget cuts.

Hearty salute to Mom!

What is it about a mother who loves her children equally, yet in different ways?

What is it about a mom who feeds, clothes and sees to it that education is high on the list of priorities for her young? Who disciplines, though in her heart she wants to spoil? Who attends our sick, feverish days like they are her own? And who teaches us love, devotion, and compassion not from a book, but first-hand through example? Question: Should I get my eves examined even if I'm not having trouble with my vision?

Answer: Our eyes are the strong, silent type. When vision problems start, they work extra hard to keep us seeing.

They also fail to send out any warning signals about eye disease, like glaucoma, until late in the game, after permanent damage is done.

So we can go merrily on our way for quite some time without realizing that something is wrong with our eyes or vision.

A regular optometric exam-

Regular vision care can mean seeing well for a lifetime.
