A Vote for Brown will Assure an Indian in the Chief Deputy's Position

## ELECT C.A. BROWN JR. SHERIFF OF ROBESON COUNTY

If elected Sheriff I promise that:

The Sheriff's Department will be comprised of 1/3 Indians, 1/3 Whites and 1/3 Blacks. That the Chief Deputy position will be filled by an Indian.

What is happening to the confiscated drugs in Robeson County? Are they being burned? Or put back on the street?

--Elect a man with an open front door policy; not one who leaves by the back door when you come to see him about a problem.  
--We can't stand another 4 years of Break-ins and unsolved murders.

### My priorities are:

1. A complete new narcotics division and personnel department in order to stop the high rise of drugs.
  2. All drugs confiscated will be destroyed so the public can see it.
  3. All illegal fire arms will be destroyed by being cut up with a torch, can be seen.
  4. There will be no more drugs and illegal guns kept in the sheriff car trunk.
  5. Sheriff vehicle will strictly be used for law enforcement only.
  6. All employees will fulfill their duties including taking care of prisoners and visitors.
- Remember all the unsolved murders and other crimes in your neighborhood. Who will be the next victim? Will it be you? Or one of your loved ones?  
What is happening to the confiscated drugs in Robeson County? Are they being burned? Or put back on the street?

- If I'm elected Sheriff I will never go out the backdoor to keep from talking to you, I will see you first.
- I will always be at all major crime scenes with the detectives.
- All crimes will be investigated as though it was a major crime, the victim will know in 7 days what progress is being made.
- I will not allow deputies to hang around local restaurants, or station together.
- I'm running on my own record and not someone elses, not owned by any large group of people.

Paid for by candidate C.A. Brown Jr.

### LAMENTING

I remember when he first came with great canoes that rode the blue water, for our legends record the time.

It seems so long, long ago, but then not so long, for time for us seemed to stop, and not pass by anymore.

Like the evening darkness he came upon us rolling over our lands like the angry waters of a swollen stream, bringing deprivation and despair upon the unsuspected thousands that lay in his wake.

He came with all his vices and greed, to drive us from our mother lands, who with her gracious bounty has sustained us since time began.

We had little means to resist him, so the pony soldiers came, and came, until the happy laughter of the little ones in the villages was heard no more.

He drove us till the last measure of strength had been summoned from our souls, and our lifeless carcasses fell silently into the winter snow. Now in the empty silence, only the sounds of the howling winds sifting the fresh falling snow can be heard.

The spear and shield, standing in silent homage to the valient dead now cast ghostly shadows chanting their songs, that had lost their power.

And in the distance, the fleeting sounds of a distant drummer, beating cadence to the dancing four winds, I now realize are only the rhythm of my heart throbbing in silent agony in the forgotten chambers of my mind.

I stood amidst the ruins of a proud and noble people and wept bitter tears of grief, as I contemplated the inevitable end, when I heard the chants of a thousand voices saying arise, arise, rise up my humbled brother and join the chants of a song that can never be silenced.

For, we know his medicine, we know his God, we too can talk in his books and we have his papers, again we hold his future.

So live, live my humbled brother, I say live, master the new way as you lived the old, and your sun will never set again, only the dawning of new days will come, look about you the signs are every where, listen to the winds for they too tell of the return of your power.
