DISGRUNTLED WORKERS ON STRIKE AT FLEETWOOD PLANT IN PEMBROKE ...formerly Housing by Vogue

PEMBROKE—Disgruntled workers at the Fleetwood Mobile Home Plant in Pembroke began their second week on strike today as they refused to work because of cuts in their pay.

Spokesman James Locklear said the only complaint they have is a cut in pay since Fleetwood took over the mobile home plant from Housing by Vogue July 28. Locklear noted that his own pay was 25 to 30% below what it had been when Vogue owned the plant. Other workers indicated similar cuts in pay.

Locklear was adamant throughout the week in saying "We're not asking for a pay raise...we just want comparable pay to what we were getting from Vogue and what we were promised from Fleetwood." Some of the workers indicated that, according to the incentive program offered by Fleetwood, they would have turned out double the work for the same pay.

According to the workers, Fleetwood has 57 workers on the line who actually turn out

the mobile homes and another 15 clerical and management personnel.

The sale of the mobile home manufacturing concern was announced with much fan fare on July 29 in a joint announcement by both companies.

Fleetwood is a division of Fleetwood Enterprises, the largest manufacturer of mobile homes in the nation, and is headquartered in Riverside, California.

Fleetwood also announced plans to increase the work force by 25% and double plant production within 90 days, according to a company official when the sale was announced. The workers also say that Fleetwood indicated that their wages would remain comparable.

Company officials have maintained a stony silence since the strike began, refusing even to identify themselves by name.

Company officials have held one generally unproductive meeting with a delegation of workers since the strike began.

Disgruntled workers at Fleetwood Mobile Home plant in Pembroke are on strike because of cuts in pay. The workers are now beginning their second week on strike.

This Football Season in the CIV

WARRIORS BEGIN SEASON ON WINNING NOTE

By Steve Tyner

The Pembroke Senior High Warrior varsity football team opened its 1982 season on a high note as they defeated South Robeson 21-6 in a non-conference game.

Last Friday's game was almost two games in one as far as the action was concerned with the first half a defensive struggle ending in a 0-0 tie. It was not until their first offensive possession of the second half that the Warriors, behind the running of Lee McRae, exploded for 21 points. It was on this possession that McRae exhibited the speed he became known for this summer at the junior olympics in Nebraska. On the first snap from scrimmage, Lee took the ball 62 yards, outracing the Mustang secondary for the game's first score. This seemed to break the ice for the Warriors as they began moving the ball against South Robeson's defense, something they had been unable to do in the first half.

South Robeson came right

back driving the ball downfield for a score. Attempting the two-point conversion to tie the score, the Mustangs were stopped by a stubborn Warrior defense which held the Mustangs to under 200 yards total offense for the game and forced four turnovers.

In turn the Warriors struck for two more scores, a three yard bootleg by quarterback Devy Bell and another score by McRae on a nine yard run.

This week the Warriors travel to Orrum, a team they only managed to tie last year. Game time is 8 p.m.

WARRIOR OF THE WEEK
Pembroke Senior High's initial selection for Warrior of the Week honors is Alan Locklear, a senior playing the middle linebacker position.

Alan was a key factor on defense during the Warriors' 21-6 victory over the South Robeson Mustangs collecting 5 solo tackles and assisting on 0 others. Alan is the son of Mr. & Mrs. Telford Locklear.

An Amplification on Last Week's Article

"Bill Brewington Changes His Mind..."

I/S

Bill Brewington has taken umbrage with last week's article headlined "Bill Brewington changes his mind..."

Brewington said his motion at the August 16 special meeting of the board of directors of Lumbee River Electric Membership Corporation was misstated. Brewington said the motion actually stated (that) Hinson's contract was terminated as of Dec. 31, 1982, and that he was given an option to resign.

In last week's issue The Carolina Indian Voice stated: "This time Bill Brewington...made another motion that wiped out his previous one. At Tuesday's meeting, Brewington made a motion in executive session to simply terminate Hinson's contract by December 31..."

Brewington affirms that he did not make the motion, and that the motion

was made by Marceia Lowery to rescind the previous action taken. He also noted that the motion to terminate Hinson's contract at the August 23 meeting was made by Rev. Elias Rogers and approved by 11 board members.

The Carolina Indian Voice readily offers the above clarifications and apologizes to Bill Brewington for the errors contained in the August 26 article.

The subhead of the August 26 article which read "Action taken by LREMC Board undone on 7-5 vote" referred to a vote to go into executive session and should have read "Action taken by LREMC Board undone on 6-5 vote."

J.W. Hunt, the President of the Board, did not exercise his right to vote on the matter.

The gifts were given away by Pembroke businessman, Adolph Dial and Thesia Locklear, Operations officer at Lumbee Bank.

A large throng of well wishers turned out to help Freda celebrate her grand opening, vying for the prizes, and hear music by Clyde Jones and the Country Steelers.
