Ronald McDonald House A "Home Away From Home"

Five-year-old Ronda Wilson of Richlands, Va., receives her Christmas wish of meeting Ronald McDonald. Ronda, daughter of Ronald and Mary Wilson, is the guest of honor at a Christmas party at the

Durham Ronald McDonald House celebrating the total remission of her cancer. Ronda was the first resident of the "home-away-from-home" for chronically ill children.

DURHAM, NC-Dec. 16- Five year old Ronda Wilson is back in the Ronald McDonald house here today. But, this time she is not a patient. Ronda is the guest of honor at a Christmas party being given for the chronically ill children and their families staying at this "home-away-from-home."

To the Richlands, Virginia native this trip across the mountains has been dramatically different from past trips. This Christmas is the first time Ronda's family has felt all of their prayers have been answered: Ronda's cancer is in total remission.

According to Ronda's physician, Dr. John Falletta, "We think her disease is under control and may well be gone permanently."

Following a 1980 operation at the Duke Medical Center for the removal of cancer at the base of her spine, Ronda spent three months at the Durham Ronald McDonald House with her parents, Ronald and Mary Wilson.

Then for two years, Ronda and her parents traveled the long hours back and forth across the mountains while she underwent treatment for the rare form of cancer. On each trip the Wilsons stayed at the Ronald McDonald House.

"It was a Godsend and a blessing," said Ronald Wilson. Before the family discovered the Ronald McDonald in 1980, they spent large sums of money for motel rooms during their visits to Durham.

The Wilsons were directed to the temporary residence by Dr. Falletta, Falletta is one of the founders of the non-profit organization, Pediatric Family Center of NC, Inc., which operates the House. Many members of the organization are parents who have personally experienced the emotional, physical and financial upheaval associated with a chronically ill child.

The House is operated solely on private gifts and donations. Donations may be directed to: Ronald McDonald House, 506 Alexander Ave., Durham, N.C. 27795

Christmas coloring calendars will be sold by participating McDonald's Restaurants to raise funds for the Ronald McDonald House.

Celebrating the first of the new year is an age-old custom. Nearly all peoples have marked the coming of the year but the time has varied widely. The First Day has been celebrated as early as the autumnal equinox, about September 21, and as late as the summer solstice, June 21.

Early Christmas trees bore no lights. It is said that the custom was started by Martin Luther about 1530. Enjoying the sight of stars twinkling through the trees, he hung candles on a small fir to share the experience at home with his children.

Feelings With Love
Sitting here behind these prison walls...Thinking of each and every one of you all. For when the things around

us have quieted down...We can think of our folks in our home town...And as we think of every one of you out there...We hope you have passion with love and care...We all know that Christmas plays a special part...Because it is the love of Jesus Christ we have in our hearts...So every one of you remember the Lord's wonderful love... Because He's the greatest and the highest up above... So if you see someone that's about to break the law... Go to him and tell him he's about to make a big fall... Because if he falls and makes a terrible loss...He will have to come in here and pay the cost...So when each and every one of you pray at night...Pray that every one of us will be alright...So at this time let all of us join together in one accord...And let's pray and give the thanks to our wonderful Lord. Amen.
