Advertising Ideas
Merchants

By Candace Lieberman
North American Precise Syndicate
If you know how to write the right kind of ads, selling could seem more like smooth sailing. Here are a few hints.
1. There should be a dominant illustration or headline that instantly telegraphs the message. The reader should be able to tell at a glance what the ad is about.
2. The ad Lieberman should have a recognizable logo. It should include your store's name, address and telephone number, with perhaps some additional information such as store hours, credit info, etc.
