Pembroke OKs Budget

by Bruce Barton
Pembroke Mayor James A. "Pete" Jacobs and the Pembroke Town Council which consists of Councilmen Larry T. Brooks, Milton Hunt, Sam Dial and Rod Locklear quietly worked through the budgetary process this year without the acrimonious debate of past years with the citizenry.

The council adopted the recommendations of Town Manager McDuffie

Ammons named 'Acting Chief'

PEMBROKE-Pembroke has named Kirby Ammons as "acting" Police Chief as Police Chief Vernon Oxendine continues to convalesce from a serious heart operation.

Ammons, 38, seems particularly pleased with the appointment by Town Manager McDuffie Cummings because his father, who now lives with him in the Union Chapel Community, was once Pembroke's Chief of Police too--1956-1957.

Ammons, his wife Mary Ellen, and their four children, all attend Evergreen Holiness Church.

Ammons, a life member of the VFW, was a corrections officer for ten years prior to his employment by Pembroke as a police officer.

Ammons said, "I am pleased to be given this opportunity to serve the fine community of Pembroke. I look forward to the challenge."

Kirby Ammons

Cummings without undue fuss Monday night. The town's budget of \$829,978 was adopted without a tax increase which stays at last year's 70c per one hundred dollars valuation. However, the new budget which includes \$541,678 (general fund) and \$288,300 (water and sewer fund) will include a slight increase of 50c in the sanitation fee charged each household and an adjustment for certain businesses which generate a large volume of garbage. The new budget also includes an increase of 20c per one thousand gallons of water used. Town Manager McDuffie Cummings noted that "there has not been an increase in residential rates for water and sewer over the last seven years."

Cummings also noted that the town is presently administering a Community Development Grant of \$257,000 as well as a 201 Facilities Plan of \$700,000 for water and sewer improvements that are budgeted separately from the town's general budget.

The budget also includes a five percent cost of living increase for each employee of the town. Cummings noted, in his budget message, "Given the fact that there were no cost of living increases in last year's budget, we feel the recommendation is reasonable. In addition, the budget continues to reflect the town's concern for health and safety by special appropriations to the recreation, rural fire and rescue departments."

IN OTHER MATTERS...
The council concluded public hearings on where convenience stores and service stations may be located. The board decided, after the public hearing, that convenience stores and service stations may be located in a C 3 Zoning District which is a Highway Business District, and disallowed the businesses in a C 1 (Central Business) District. The council also decided on conditional use in a C 2 Zone which is a Neighborhood Business District.

The council also authorized the mayor to sign an EDA Grant application in which the town is asking for approximately \$600,000 to be used for sewer improvement to the town's system.

And the council changed the next meeting from July 4 to July 5.
