Lee Neville bids for seat on Pembroke Council

Lee E. Neville

Lee E. Neville is manager of the University Student Center and the Student Supply Bookstore at Pembroke State University.

He served two terms on the Pembroke Town Council from 1974-1977. Presently he is a member of the Board of Directors of Pembroke Housing Authority, a member of the advisory Council of Pembroke Elementary School, and a member of the Board of Trustees of the North Carolina Cancer Institute. He is also a member of the First United Methodist Church where he serves as a member of the Commission on Finance. He is a past president of the Pembroke Lions Club.

Mr. Neville is married to Clara B. Lowry Neville, daughter of the late John R. Lowry, Sr., and Mrs. Stella Lowry of Pembroke. They have one son, Myron Edward Neville who is a graduate of East Carolina University and employed as Chief Operator of the Robeson County Water System.

Upon announcing his candidacy for the Pembroke Town Council, Mr. Neville released the following statement:

"I have lived in the Town of Pembroke since 1947. I have experienced many of the slow periods that our town has had in the past in trying to get our town moving in a direction where we could have the growth and development that we are experiencing today.

"I feel that each administration for the past 35 years has played a great role in making this town become a reality in its growth and improvements. The town has many projects that are still lacking in improvements and need attention today. I realize the economy has affected our town just as it has affected other towns throughout the nation, but I do believe that the town's government should concentrate on the areas of the town where the most needs are in spending its money and not just the wants.

"I believe in better town government, and if I am elected on Tuesday, Nov. 8, 1983, I promise to serve the people of the Town of Pembroke to the best of my ability. Your vote will be greatly appreciated."
