EVERGREEN

CHURCH NEWS

by Leacie Brooks

The lesson Sunday was entitled "Works of the Spirit." There were three topics: (1) Actions of the Spirit; (2) Empowered by the Spirit; (3) Conviction of the Spirit. Conviction of the Spirit means the awakening of a soul to the realization of the lost conviction. Under the title, "Empowered by the Spirit," we learned that Jesus promised the disciples power with the coming of the Holy Ghost. And on the day of Pentecost they were all filled with the Holy Ghost. That same power is available now to all who believe on the Lord Jesus Christ.

We were proud to have my husband, John C. Brooks, in the Adult Class on Sunday.

A love offering was lifted Sunday for the Robert Blue Family who lost their home by fire. They have a boy and a girl and any contributions to this cause would be appreciated.

The Primary Class won the attendance banner on Sunday. Mrs. Macie Oxendine is the teacher.

The Superintendent paid his mother's birthday offering on Sunday. His mother is confined to her home where she cares for an invalid daughter.

Rev. Joe Locklear delivered the morning message. He had an inspiring sermon from Matthew 5:1-13.

On Oct. 16, 1984 members of Lumbree River Electric Membership Corp. will hold their annual meeting. At this time we will cast our vote for members of the Board of Directors. Bradford Oxendine is one of four people seeking re-election along with the Rev. Elias Rogers, Martin Clark and Harold Dean Brewer. I have known Bradford Oxendine for a number of years. He has always been a friend and a neighbor. He has represented us well. He has always been fair and honest. I believe he is the best representative and we should attend the meeting and vote for his continued fair and honest representation. Please vote for Bradford Oxendine. When you do, you are voting for a friend and a neighbor.

THOUGHT FOR TODAY

If just one soul has been enriched because I trod this earth. Or if one doubting heart can trust and realize its worth and turn to Christ because I shared God's love to them to ease their pain, I'll know beyond the slightest doubt my life's not lived in vain.

Please pray for us at Evergreen.

Prospect Revival

Prospect United Methodist Church (Rt. 3, Maxton, NC) will observe their Revival October 14 through the 19th beginning at 7 p.m. Sunday night and 7:30 p.m. week nights.

Speakers will be Rev. Bobby Dean Locklear and Rev. Nash Locklear.

Rev. Bobby Dean Locklear graduated from Prospect High School in 1957. He is married to the former Margie Cummings and they have three children. He has served as pastor of the Green Pine Freewill Baptist Church for the past 15 years.

Rev. Nash Locklear gra-

uated from Pembroke State University in 1941 with a B.S. degree. He has taught school in several counties in North Carolina for 31 years. He is now retired from teaching and has been serving as pastor of Tabernacle Baptist church for the past 16 years.

Special music nightly will be under the direction of Mr. Harold Jacobs, Music Director.

Rev. Robert Mangum, pastor and Rev. Bill James Locklear, associate pastor invite you to come and worship with them. The nursery will be open to care for the children.

At the Eye and Ear Hospital in Pittsburgh, Pa., foam cups are put to good use in still another way: as insulators in an important new cryosurgical (freezing) process operation to protect healthy tissue during surgery.

A Washington State nursery plants seedlings in seven-inch (malted-milk) foam cups, placed in large, flat cardboard cartons, loaded on trucks, then shipped to their destination with little danger of damage. After the plants are safely transported, the empty cups are returned to the nursery for re-use. The insulating properties of the cups protect the plant roots from sudden changes in temperature. They also maintain the necessary moisture while allowing the plant to breathe.

IS YOUR INSURANCE AGENT LOCKED INTO ONE COMPANY?

There are 2 ways to buy insurance. You can buy your insurance from a one-company agent. But they're locked into only those policies that their company sells. So their hands are tied. Or you can buy your insurance from an Independent Insurance Agent... the more-than-one-company agent. You see, a Big "I" Independent Agent like us doesn't work for just one company. We represent several. So we're free to give you an impartial, independent opinion and help advise you on the best coverage at the best price. And that goes for homeowners, automobile, business, life and health insurance.

Before you reach a verdict about insurance, see your Big "I" Independent Insurance Agent... the more-than-one-company agent. We're not locked into one company.

HOW TO BUY ELECTRICITY AT SALE PRICES.

All kilowatt-hours are not created equally. There are off-peak times each day when they cost us less to make. And when they can cost you less to buy.

Sign up for CP&L's new Time-Of-Use Rates, and we'll install a special meter that tells us not only how much electricity you use, but when you use it.

Then, at billing time, we charge you a lower rate for the electricity used during off-peak. Just by changing your times for things like showers and laundry, you can save up to 15%.

This time of year, off-peak times weekdays are from 6 am to 1 pm and 4 pm to 9 pm and all day Saturday and Sunday

Understanding Yourself

Are there times when you'd like to reach someone with a warm, friendly, funny message but don't know how?

If there is someone you want to be in touch with today, don't wait months for a holiday or birthday. Act on the playfulness within you and share that feeling today.

No special occasion cards from American Greetings rise to any occasion for fun. Sending them may make you and the recipient feel good.
