NEWS AND BRIEFS

PUBLIC ANNOUNCEMENT

Lumbee Regional Development Association, Inc., announces that there will be an "OPEN ELECTION" on Thursday, December 6, 1984. This election will nominate five (5) members to serve on the LRDA Board of Directors for a three-year (3) term.

The election and polling sites are as follows:

1. Incumbent: Gligis Hunt; Location: Green Grove School Gymnasium; Precincts/Townships: Fairmont, Orrum, Marietta, Sterlings, Thompson.
2. Incumbent: D.W. Lowery; Location: Mohr Plaza and Smyrna Church Fellowship Hall (Hwy. 211); Precincts/Townships: Lumberton, Wishart, East Howellsville.
3. Incumbent: Roy L. Cummings; Location: Union Chapel School (Old Cafeteria); Precincts/Townships: Burnt Swamp, Philadelphia, Raft Swamp, Red Springs.
4. Rev. Ward Clark (incumbent); Location: Sandy Grove Church Fellowship Hall (Smith Community); Precincts/Townships: Maxton, Smiths.
5. Incumbent: Adolph L. Dial; Location: Pembroke Elementary School (North Entrance) and Union Elementary School Gymnasium; Precincts/Townships: Pembroke, Union.

On election day, the polling places will be open from 10:00 a.m. to 8:00 p.m. The ballots will be counted after the polls are closed and the winner will be publicly announced. The candidate obtaining the highest number of votes cast shall be declared the winner (plurality). A "write-in candidate" may be elected to the Board of Directors of LRDA.

Eligibility to Vote: Any Indian 18 years of age or older, and residing in the above listed districts/precincts may be eligible to vote.

Those interested parties should declare their candidacy no later than November 21, 1984 at the Executive Director's Office, Lumbee Regional Development Association, Inc. (521-8602).

Staff Development Services Receive Funds Boost

The Robeson County School System has been able to broaden its focus on staff development services for the 1984-1985 school year as a result of funds allocated by H.B. 1376 sec. 77 enacted by the N.C. Legislature this summer. A formula of 4,884.00 plus 1.91 times the per pupil daily membership in grades K-12 was allocated to each administrative unit within the state. A total of \$32,625 was allocated to the Robeson County School System which represents a significant increase from the 1983-1984 allocation of \$6,000.

Staff development funds are designed for each administrative unit to promote the personal and professional growth of its educational personnel. Robeson County has budgeted staff development funds for All-Inclusive Workshops, Local In-Service Workshops, Substitute Pay, In-Field Certification, and Graduate Study.

All-inclusive workshops were conducted the first two weeks of the 1984-1985 school year with local inservice training scheduling for later dates. Staff development services will be aimed at providing educators with up-to-date legislative issues, recent action of the State Board of Education including the Quality Assurance Program, Career Development Plan and In-Field Certification and Computer Assisted Instruction. These services will also assist educators in effective implementation of local policies and goals.

Funds for payments to substitute teachers will allow educators the opportunity to visit and observe other classroom instructional procedures and methods on their grade level. For those teachers who

are teaching out of their area of certification, funds will be available to assist them in receiving in-field certification in their current instructional assignment.

Finally staff development funds will assist educators in pursuing graduate studies within their area of professional assignment. The number of personnel with graduate degrees has risen from approximately 11% in 1980 to 23% at the beginning of the 1984-1985 school year. This program will increase the number of personnel with graduate training for improved instruction in the Robeson County Schools.

Committee Tours Vocational Facilities

The Vocational Education Advisory Committee of the Robeson County School System met Thursday, Nov. 8, at the Career Center at Hilly Branch for a luncheon and a tour of the vocational facilities provided at Hilly Branch and South Robeson High School. While touring these facilities, committee members examined the present vocational

programs and observed student participation for future recommendation of programs and facilities expansion and enrichment.

Touring committee members included: Layman P. Locklear, chairman of the Vocational Education Advisory Committee and an employee of Acme Electric; Aileen Holmes, owner and operator of the Saddletree Beauty Shop; Maureen Regan, seventh grade teacher at Magnolia; Ronnie Nye, owner and operator of Nye Construction Company; and Archie Oxendine, Coordinator of School Community Program with the Robeson County School System; special touring guests included Mr. Graham McBride, Superintendent of Acme Electric and Mr. Willie Randolph, Regional Vocational Coordinator.

The remaining vocational facilities will be toured in the spring of 1985 and the next Vocational Education Advisory meeting has been scheduled for December 3 at 7:30 p.m. in the Board Room of the Robeson County Board of Education.

Kiwanians Hear From Postmaster

Program Chairman Jim Paul presented Pembroke Post Master Dosey Chavis. Postmaster Chavis started his postal career in Laurinburg in 1969. His duties then were in special deliveries. Then he became a letter carrier and later the Post Master (in June 1981). At that time the Post Office had 1300 Boxes, one clerk and two carriers. Today they have 1614 boxes with a waiting list. More space is badly needed, and studies are being made for a future site. In 1972 the Postal Service was reorganized which required previous postal experience, with hiring done by a five-member panel with new rules and regulations.

The mail arrives in Pembroke at 7:45 in the morning and the Service Window opens at 8:30 which means that the staff is very busy sorting mail and the N.C. electronic machinery helps to speed up this job. Service traffic at the window approximates 3500 a week. The budget is set at a dollar three per transaction. City delivery takes a 2800 population to be eligible. This would eliminate some boxes since they are delivered at home. Post office service in Canada is 3 times compared with the U.S., our postage rate in the U.S., our postage service is then considered a bargain, however it may go up to 22c in February. Business postage is a little less due to the mass volume. Studies are now being made of the possibility of numbering all county roads and the numbering of all county homes which would speed up the
