Area Residents to Lead Travel Group Abroad

Patsy Locklear of Pembroke, a teacher at Pembroke Junior High School, has been elected to lead an exciting travel adventure abroad. The trip has been organized by the American Institute for Foreign Study (AIFS) of Greenwich, Connecticut, and is open to students and adults. Over 350,000 students, teachers, and other adults have participated in International Educational Travel Programs sponsored by AIFS since it was founded in 1964.

Group members of London, Paris and Madrid spend ten vacation days enjoying the pageantry of London, the splendor of Paris, and the treasures of Madrid and Toledo. AIFS guide-lecturers accompany the group through out, providing expert commentary at the museums,

cathedrals, and other points of interest visited. The schedule is full, but there is still plenty of time for individual exploring and shopping.

The AIFS travel program has been granted listing by the council on standards for International Educational Travel, a nonprofit organization committed to establishing standards for international educational travel and monitoring compliance with those standards on behalf of schools, communities and educational groups in the United States.

There are still places available on this program. For more information, parents and students, as well as interested adults, may contact Patsy Locklear at 919-521-4460.

West Robeson Wrestling News

West Robeson Wins Second Match 54-24 Over Lee County

West Robeson wrestlers once again put together a fine performance Tuesday evening winning every bout against Lee County except one. The Rams, 2-1 in the conference, had to forfeit three classes which also gave Lee 18 additional points. Every Ram wrestler pinned their opponent. Harvey Deese started things rolling by pinning Derwin Lawrence in only 17 seconds. Deese's record stands at 4-0-1. Randy Smith also won his fourth match in a row as Travis Thompson fell in only 1:24. Ritchie McCrimmons pinned his 260 pound opponent in only 26 seconds.

"I was very pleased with our performance," Coach Bancroft said. "It's not every day a team can win every bout except one. I also hate to give up forfeits, but sometimes an individual doesn't make weight."

The Rams next match is tonight against Anson County

at the West Robeson gymnasium at 7 p.m.

Safe Toys

Parents put a lot of love into the decisions they make about buying holiday toys for their children; the North Carolina Medical Society urges parents to also put a lot of thought into these decisions.

Figures published by the U.S. Consumer Product Safety Commission indicate that children are most often injured while playing with toys such as bicycles, tricycles, skates, skateboards, and sleds. Children love these toys, and the Medical Society is not saying parents should not buy them. But it is clear that parents need to do a better job of supervising their children and teaching them how to use these toys in a safe manner. For example, if you give a child a bicycle you should not only teach the child how to ride the bicycle but also how to ride on streets with auto traffic.

Many toy-related deaths are due to choking and suffocation. It's very important that toys for small children--babies and toddlers--be too large to put in the mouth. Avoid toys that have small parts that can be put in the mouth. Avoid toys that have long strings or cords that can cause strangulation. Toys that shoot or propel objects that can injure the eyes or be lodged in the throat should not be given to small children.

Consider the surroundings in which a toy will be used. Is there sufficient toy storage and play space? Will young children be able to get their hands on toys designed for older children?

Parents who make a thoughtful effort to match the toy to the child's age and abilities will be less likely to have an injured youngster.

ROBESON BOARD APPROVES INDUSTRIAL BONDS

Sammy Cox Re-Elected Chairman Jack Morgan Vice-Chairman

Robeson Commissioners Monday tentatively approved the issue of \$1.5 million in industrial development revenue bonds for a plant near Lumber Bridge to expand, creating about 62 jobs.

The project proposed by Croft Metals Inc. requires approval by the State Department of Commerce.

Final consideration by the board of county commissioners will probably be in Feb., said County Attorney Joseph C. Ward Jr. He said the bonds would be issued by the Robeson County Industrial Facilities and Pollution Control Financing Authority. Croft manufactures storm

doors and windows at its plant on N.C. 71. Under the expansion, Croft would also make aluminum bathtub and shower door enclosures, Ward said. The new product line would be manufactured by Design Technologies, Inc. which would be a Croft subsidiary.

Commissioners also voted to seek state funds to help pay for signs and posts to be used to name rural Robeson County roads now only known by four digit numbers. Approval of the proposed road naming project is contingent on receiving the state funds. Cost of the project would be \$40,000 to \$60,000, officials said. Once approved, a state

grant would pay for 70 percent of the sign costs and the county would pay the remaining \$12,000 to \$18,000, according to the memorandum.

IN OTHER MATTERS

The commissioners re-elected Sammy Cox as Chairman on their predictable 4-3 vote; with Jack Morgan and Wyvis Oxendine (the 2 Indians on the board) joining Henry Douglas (the only black) and Cox. H.T. Taylor, Bill Herndon and Carl Britt (the three whites) counted their votes for Britt.

Morgan was re-elected as vice chairman without fanfare and unanimously.

Z. Smith Reynolds Foundation, Inc. A Brief History

The Z. Smith Reynolds Foundation was established in 1936 as a memorial to the youngest son of the founder of R.J. Reynolds Tobacco Company. In that year the bother and two sisters of Z. Smith Reynolds provided that their inheritance from his estate would go to the establishment of a trust for the benefit of the people of North Carolina. One of the initial trustees of the Foundation was Z. Smith Reynolds uncle, William Neal Reynolds, who at his death in 1951 created a trust which now provides the major portion of the Foundation's annual income.

The Foundation, drawing on the income from the Zachary Smith Reynolds Trust and the W.N. Reynolds Trust, has now made 1,927 grants totalling more than \$124,000,000 to more than 945 recipients in all of North Carolina's 100 counties. Major attention has been given to education and health care, with increased interest in recent years in improving the criminal justice system in North Carolina, in strengthening grassroots advocacy groups and in young programs, family planning, cultural activities, rural life, the handicapped, minority and women's issues, and some 20 other fields of concern.
