Fleetwood Completes 10,000th Mobile Home at Pembroke Plant

Congratulations are in order to the employees of Fleetwood Homes of Pembroke. They recently celebrated the completion of their 10,000th home with tee shirts and hats provided to all employees.

Fleetwood, a Fortune 500 company is the world's largest builder of manufactured housing, according to Curtis Edge, sales manager. Since Fleetwood bought the local plant from Mobile Home Industries in August 1982, production has increased from 25 to 60 homes per week. Pembroke now averages approximately 2,700 homes per year. It's 10,000th home, a new Riverknoll design, was recently delivered to National Housing Sales, a retail sales center headquartered in Rockingham, N.C.

"We take great pride in both our production record and in the new 14-foot-wide Riverknoll model which we began manufacturing this past winter. Representing a high dollar value, this model has been enthusiastically received by both dealers and home buyers alike," continued Edge.

Available to retail dealers throughout the mid-Atlantic states, the Riverknoll line includes six different floor plans. These models range from a 48-foot-long, two-bedroom/one bath design to a 76-foot-long home with three bedrooms and two full baths as well as such pluses as a larger living room and additional storage space.

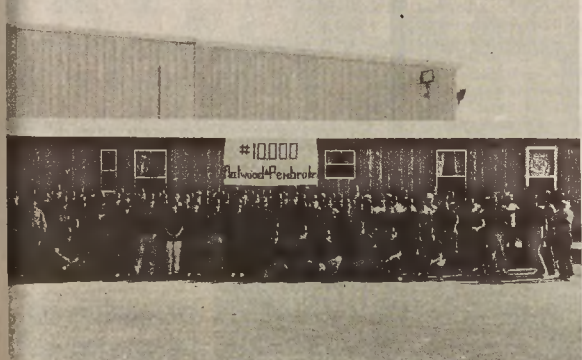

"Fleetwood, is designing this 14-foot-wide Riverknoll series, has pioneered a remarkable low-end home for young couples and budget-conscious buyers," stated Tom Farmer, president of National Housing Sales, Inc., which obtained this very special 10,000th home from Alan Welty, a Fleetwood District Sales Manager at Pembroke.

Also available at the Pembroke Plant is the more luxurious Vogue home which is available for the more affluent buyer.

"We're proud of our accomplishment at this plant," says Mike Kelley, general manager, "and we're looking forward to our building the 20,000th home."

Lumbee River EMC

Announces Contest Winners

Four high school seniors have been awarded college scholarships and four more students have won trips as part of Lumbee River Electric Membership Corporation's 1987 Youth Program.

Lynn Sullivan of Rt. 2, Raeford, Creech, the daughter of Mr. and Mrs. Bobby Creech, attends Red Springs Senior High School and plans to attend Appalachian State University and major in elementary education. Sullivan, the daughter of Mr. and Mrs. Denny Sullivan, attends Hoke County Senior High School and plans to attend Louisiana State University and major in electrical engineering.

Two students will take part in the National Rural Electric Youth Tour of Washington, D.C., in mid-June. They are Victoria Woods of Rt. 2, Maxton, and Ida Mae Alford of the Raeford area. Woods is the daughter of Mr. and Mrs. Nash Woods and attends Red Springs Senior High School. Alford, the daughter of Mr. and Mrs. Howard Alford, attends Hoke County Senior High School.

Two students will attend the N.C. Cooperative Council Youth Camp at White Lake this summer. They are Mary Neil Murr of Rt. 2, Red Springs, and Sandra Marie Pearson of Rt. 1, Red Springs. Murr is the daughter of Ruby Neal Murr and Pearson is the daughter of Mr. and Mrs. Alvin Pearson. Both students attend Red Springs Senior High School.

The contests were open to high school students whose parents are members of Lumbee River EMC, a cooperative that provides electricity to rural and suburban Robeson, Cumberland, Hoke and Scotland, counties.

PUBLIC HEARING ON GSX PLANNED IN PEMBROKE JUNE 2 ON PSU CAMPUS

The N.C. Department of Human Resources' Solid and Hazardous Waste Management Branch will hold a public hearing on June 2nd, 1987 at 7 p.m. in Pembroke, NC at the PSU Performing Arts Center. The hearing concerns the issuance of a final RCRA permit to GSX Services, Inc. GSX plans to operate what may eventually be the largest hazardous waste treatment facility in the country upon the Lumber River after receiving all necessary environmental permits.

This hearing represents the final chances for Robeson County residents to present oral comments concerning the GSX RCRA draft permit. Oral presentations will be limited to five minutes. Requests to speak can be submitted in writing to the following person and address: Mr. William L. Meyer, Solid and Hazardous Waste Management Branch, P.O. Box 2091, Raleigh, NC 27602.

Presentations will be scheduled in the order received. Any person who wishes to speak but did not submit a prior request, may sign up at the hearing. Other written comments regarding the GSX RCRA draft permit must be received by the Branch no later than August 18, 1987.

In order to raise funds for the GSX struggle, Robeson County Clergy and Laity Concerned is sponsoring an all day barbecue plate sale. Plates will be \$3.00 and beverages will be sold for fifty cents. The sale will be in the front yard of the Odum Home, across from the Performing Arts Center, before the hearing.

From 4-7 p.m., other scheduled activities include a forum on the health effects of the GSX proposal at 4:30 p.m. in the auditorium of classroom building North on the PSU campus. In addition to the forum, a pow wow with traditional Native American singing and dancing is planned during the plate sale.

Since all public comments and reaction will be considered in the formulation of a final decision regarding the GSX RCRA permit, community participation in these events is warranted and greatly needed.

As of May 18th, approximately 60 people had signed up for oral comment opportunities which will insure an extension of the hearing into Wednesday night, June 3rd.

The destiny of all Robeson County residents as well as the Lumber River depends on public response within the permitting process. Mac Legerton of the Robeson County Clergy and Laity Concerned, commented, "We must show GSX and State officials our united determination to work one day longer to halt the environmental invasion of our county and river. I urge all interested citizens to attend."

For more information contact Richard Regan or Mac Legerton of Robeson County Clergy and Laity Concerned at 919-739-7851 or 919-739-7854.

Indian Youth Unity Conference Set for June 17

The 8th Annual Indian Youth Unity Conference is scheduled for June 17-19, 1987 at East Carolina University in Greenville, North Carolina.

The conference provides an opportunity for students to explore their Indian heritage, improve their self-image and develop academic and social values. Participants will attend educational workshops on Indian Youth Involvement, Indian Traditions, Alcohol and Drug Abuse Prevention, and Leadership/Public Speaking.

Special events will include intra-tribal pow-wow, volleyball, and basketball tournaments, princess pageant, banquet and art and essay contests.

The conference is sponsored by the North Carolina Native American Youth Organization and will have the theme, "The Dreams of Our Forefathers are the Realities of Today's Native American Youth." Indian youth ages 14-18 or in grades 9-12 are eligible to participate.

The application and \$45 registration fee must be submitted by May 29. It covers accommodations for two nights, four meals and a banquet, use of recreational facilities and all workshop materials and activities.

For more information contact Ron Hunt, Conference Coordinator, P.O. Box 27228, Raleigh, NC 27611-7228, telephone (919)733-5988.

School News

Magnolia High School To Hold Parent/Teacher Conferences And Awards Day

On May 25, 1987 Magnolia High School will hold its Parent/Teacher conferences in order to discuss the California Achievement Test (CAT) results from the hours of 9:00 a.m. through 6:00 p.m. Parents are encouraged to make an appointment with his/her child's homeroom teacher during these hours.

On Friday, May 29, 1987, the school's Awards Day Program will be held. The following times will be adhered to for each division: Grades 9-12: 9:30 a.m.; Grades 7 & 8 at 11 a.m.; Grades K-6: 1:30 p.m. Also at the Awards Day Program volunteers with at least 10 hours of service will be given certificates.

The public is cordially invited to attend these programs.
