WHATNEXT???

We hope you made the time to vote on Tuesday, May 3rd, even though we know some might have felt there was little reason to vote and failed to exercise one of their most important rights as an American citizen. It is too had many often choose to sacrifice this right. As a consequence, we all suffer for this neglect. Perhaps some rights come too easy for some people to realize the value. Such unnecessary sacrifice, in the past, has allowed such men as Joe Freeman Britt to become district attorney and Hubert Stone to become the sheriff of Robeson County. When viewed in this manner it is apparent that non-voters can and have become enemies of Robeson County if the office holders who are "elected" are men of clay feet and deceit! We have suffered and continue to suffer because of YOU, the non-voting public! **************

Often the voting process goes astray. To find an example we only need to look at the race for superior court judge which pitted Joe Freeman Britt against Julian T. Pierce. Because of the way the "law" was written, votes for a deceased candidate do not count. Maybe some think that's not too bad, but it seems to us the votes should be counted and reported, otherwise, how do we know who won? Are the people supporting the "declared winner"? We are assuming it takes at least one vote to win such an election, otherwise, why have a ballot? How do we know anyone voted for Joe Freeman Britt? Do we take Joe's word? If at least one vote was needed to win then all votes should have been counted and reported. Heck, even the great and mighty Joe Freeman Britt has made thany mistakes before. Perhaps he forgot to vote for himself; perhaps he marked his ballot wrong! Anything is possible! In the general election in November, if Joe Freeman Britt faces no opposition, why even print a ballot? Just declare him pudge for eight years if you are not going to count and report the write-in votes! We might as well give a lesson to the Soviets! Can't you see the headlines: "Candidate without opposition wins! Everyone surprised! Joe said it was close!"

Regardless of the vote for superior court judge in this primary, we feel Julian Pierce's name needs to go beyond the Robeson County vote. We feel Julian and the "dream" needs to challenge Joe Freeman Britt on the 'state level'. Does Joe deserve a free ride? In our opinion the answer is a resounding, NO! All people in the state of North Carolina need to understand Joe Freeman Britt does not equal JUSTICE! Joe Freeman Britt is not the choice of the people! So in November, unless a "speical candidate" appears and it will have to be a special candidate to take Julian's place, we will suggest you consider writing in JULIAN T. PIERCE's name for superior court judge! Ol' Joe does not deserve to be a judge. Ol' Joe does not deserve a free ride! Ol' Joe does not deserve to serve eight long years without the voice and input of the voters! Can he stand the challenge? The vote of the people will decide!

We must not stop now if we remain true to the voice and dream of Julian T. Pierce. We remind you of words attributed to Abraham Lincoln, "the trouble with most of us is that we stop trying in trying times".

In riding throughout Robeson County, especially in light of Rev. Brooks' recent letter which took "education" to task, it was painful to see many, many young people, who should be in school, riding bicycles, running, and playing while school was supposed to be in session. We wondered why some parents would allow their children to miss school. The value of an education is immeasurable. If not, why even worry about merging the school systems of Robeson County.

The people of Robeson County recognize the value of an education and have voted to insure all children receive an equal, quality education. It was once stated that, "there are but two powers in the world, the sword and the mind. In the long run, the sword is always beaten by the mind". Why would anyone allow their child to miss a day of school? We can think of no greater form of child abuse!

EDITORIAL EXPRESSION

Robeson County Makes A Strong Statement

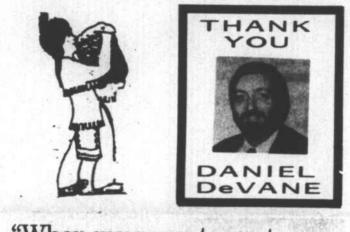

Once again the voters of Robeson County have asserted themselves and spoken loud and clear and decisively through the ballot. We are elated over the reported margin by which Julian Pierce out polled Joe Freeman Britt. Yes, the voters of Robeson County have spoken. They did say "We prefer Julian Pierce, even in death over Joe Freeman Britt alive." We only wish that Joe Freeman Britt would take the message seriously. according to the voters, he is not the choice of the people. Wouldn't it be magnanimous of him to just step aside, abiding by the will of the people. Of course, from what we have learned through the years about Joe Freeman Britt, his ego, seemingly, would prevent him from doing that. We have called it "Poetic Justice." The deadliest D.A." has been beaten by a dead man. That is symbolic of the universal law that says "What goes around comes around," or more Biblically "As you sow, so shall you reap." Good for the voters of Robeson County. Good for those who did not vote.

Tuesday's vote continues the tradition begun with the vote to merge the five school systems in this county. What we are witnessing is people taking control of their own destiny. People are saying "We have had enough." People are making decisions in their own best interests. We are reminded of a conversation with John L. Godwin, following the merger vote. He said, "People of Robeson County are moving forward. They are demanding positive change ... And they will not be turned around People will continue to demand that Robeson County government be of and for and by the people of Robeson County."

And of course, we remember John L Godwin on election day with much sadness and a great deal of inspiration. Robeson County lost a man of wisdom'by his death. And we remembered Julian Pierce in a way that will make history. We remembered the "hope of a people." And we continue to believe in the dreams of these two men and continue to work toward the betterment of Robeson County for all citizens.

We are all waiting now to see what will happen. We would assume that the Democratic Party would have to issue a statement of some kind. The party should give people an opportunity to elect a superior court judge. We are not hopeful that they will, but they should. Perhaps the Legislature should decide that the people have spoken, and because the people have clearly said they don't want Joe Freeman Britt, the Legislature will respond to the wishes of the people.

All and all, Robeson County, with all its troubles and turmoil is still a good place to live. Troubles and turmoil for this county are only temporary and we're reminded to share another of our favorite sayings, "This too shall pass."

"When my parents wrote to me saying they had planned their own funerals, I was shocked. Then I

R'EADERS' FORUM

TROUBLED BY HOSTILITY AMONG RACES

To the Editor,

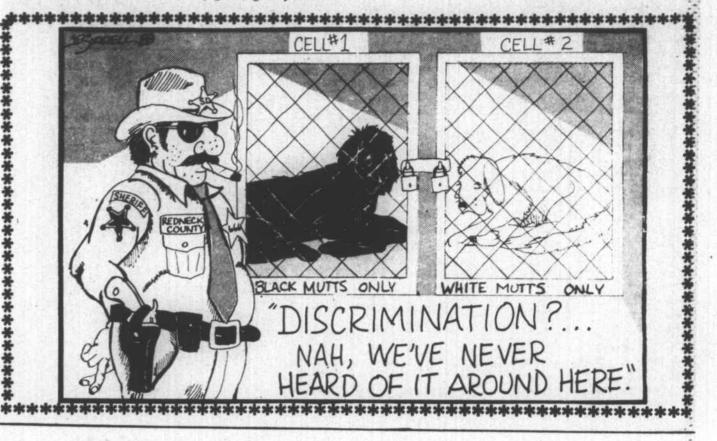

LEGAL TITLE OF BANK

I have been watching the papers and the news casts about the turmoil in Robeson County, and am greatly troubled by all the hostility among the races there. I wish to voice my opinion and hope that it will register - not just with you, but anyone and everyone that may read this, if it is published.

I was born in 1947, a Caucasian female. I have seen the troubled years of violence for the equal rights of the Blacks, and have marched for their cause along with the cause of our Native Americans. Don't get me wrong, I am not putting one race before another, but the Blacks have come such a long way in their struggle, and our Native people are still at a standstill. I think that you people need to research our American history! By doing so, you may find where the real problem lies and who the "troublemakers" mostly are. I believe that you will find that it has been the White race that has continually reeked havoc among the other races. This great land soley belonged to our Native People - there were no white nor blacks here at all. The Blacks were perfectly content in their domain until the whites decided they were more important and superior to anyone else. They proceeded to go to Africa to pillage, loot, burn, destory, and kidnap the Black people to put them in servitude for a race who had already grown greedy and too

lazy to do their own dirty work. The Whites made a killing in the human slave market, and fattened their own pockets with human misery. That wasn't enough; they came to this continent to do the same thing to our Native people. If it had not been for our Indians, the white settlers would have starved to death in the very beginning. I imagine there have been plenty of times since then, that they have wondered why they even bothered. The settlers were befriended by a "strange, caring" people, who unknowingly invited and protected a "strange, uncaring" people who would soon turn on them to pillage, loot, rape, and try to completely destroy them and take not only their land away from them, but also take their pride, dignity, and their way of life, including their religion and language, away from them. Don't you think that it is just about time that the Whites quit trying to cover up and hide their shame for what they've done by killing off their reminders? It's just like when the White cavalry and armies rode down on a sleeping Indian village, sometimes with only women, children, and elders in it, and wiped the whole village out - that was called a battle! When the Indian retaliated and gave the whites a taste of their own doing, then it was called a massacre! Well, it sounds to me like the Indians are still being, massacred in Robeson County, only it's being done one or two at the time! I think that it's about time that this NONSENSE stopped! We should realize, after thousands of years, that God, The Great Spirit, or whatever anyone calls HIM made each and everyone of us - he has no favorites, and no one is

They chose Forethoughts funeral planning My first reaction was,

"What's the hurry?" But, the way they explained it in the letter made me aware of all the responsibility I would have if things weren't planned in advance. I'd have to make more decisions in a couple of days than I make in a month here at the office ... and all without sufficient information, not to mention the emotional stress.

Union, Bowland, Gaddys, and Forethought is funeral planning ... before the need arises

Officers for the organiza- I'm not saying I agree with all their choices, but I think it's more important that the choices be theirs. Chairman-Gary Lynn Hunt: At least this way there's no doubt because they Vice Chairman-Glois Hunt; planned it with Forethought funeral planning and paid for it with the Forethought life insurance policy designed and approved specifically for Forethought. And, because they're both between 40 and 90 years Function Committee Chair- old, they couldn't be turned down for any reason.
