PEMBROKE TOWN COUNCIL RECOMMENDS \$400,000 MUNICIPAL COMPLEX

by Sam Kerns

Pembroke Town Council members oted unanimously Feb. 6th to ecommend a \$400,000 municipal complex to the voters for a referendum. In discussion prior to the vote, Councilman Larry Brooks said, "We never did decide what we are going to build." Town Manager McDuffie Cummings responded, "We need to get the application submitted to the Farmers Home Administration and later the council can decide the particulars of the building. Additions and deletions can still be made but we need to set a maximum amount because the application process and the referendum will take approximately six months.'

Councilman Henry Oxendine moved to set the \$400,000 maximum amount which is almost half of the original proposal. Councilman Harry Oxendine seconded the motion which carried unanimously. Mr. Henry Oxendine emphasized that this "would be a bond referendum for citizens to give final approval on."

The council also approved rezoning of the former Theodore Maynor home east of Pembroke to allow LRDA and its economic company, Lumbee Industries Incorporated, to estalish some addtional office space.

According to Mr. Gary Deese, representing LRDA, Lumbee Industries, Inc. is a wholly owned subsidiary of LRDA which allows them to make purchases for profit ventures and yet not interfere with the non-profit status of LRDA.

The Pembroke Beautification

Committee, endorsed at an earlier meeting of the board, appropriated \$2500 of the \$4400 requested to begin the first phase of a tree planting project. The committee was formed at the request of the Singles Club at First United Methodist Church, Pembroke, according to committee spokesperson, Mr. Henry

The original proposal by the group called for 200 Bradford Pear trees at a cost of \$6 per tree and 200 Crepe Myrtle trees at \$7 per tree. Incidental costs brought the proposal to \$4400. Mr. Smith informed the council

that the committee has made contact with the PSU representative for student activities. She is going to get them a list of campus organizations who may be willing to assist with the project. He said that hopefully businesses can be encouraged to buy planters to plant flowers in the downtown area. This would be phase II. "In Phase III we may be able to encourage citizens to plant trees and other plants in other parts of town.'

Councilman Harry Oxendine told Mr. Smith, "I am behind you one hundred percent on this project, but I would like you to check to see about the set back from the street or public road. We have lost some nice trees in town due to their closeness to the

The Mayor, Milton Hunt, said, "I do not know if we can start out with \$4400 at one time, but maybe we can go with half that amount to get you

started."
Councilman Harry Oxendine

moved that the council appropriate \$2500 to start the project and Councilman Larry Brooks seconded the motion which carried unani-

The council set a public hearing on a request by Dr. Adolp Dial to rezone his property just north of Pembroke Elementary School to allow for the construction of a medical clinic sponsored by Scotland Memorial Hospital. It would be located on a one acre tract. 'Another group is looking at a five acre piece of the property to construct 32 housing units for the elderly. Both projects would be privately owned and contributors to the expansion of the town tax base.

In other items of interest, Mr. McDuffie Cummings, Town Manager, reported the eventual location of two mail drop boxes for the town. Two employees will be driving to Waco, Texas for training on the use and care of the new town sweeper.

The company from which the machine was purchased will be paying for lodging and training. The lawsuit brought against the town by William Ransom was dismissed in Robeson County Superior Court Feb. 6th. The suit was brought against town policeman Grayland Locklear and county deputy Mark Locklear.

After an executive session to discuss personnel matters, the council adjourned without taking any

PSU HONORED FOR CRIMINAL JUSTICE PROGRAM

Attorney General Lacy Thornburg has announced that PSU will become the second four-year institution to be awarded certification for its postsecondary criminal justice education program. "Pembroke State is receiving only the second such certification for a university in North-Carolina," Thornburg said. Western Carolina University was issued certification last year along with Wilkes Community College, a two- year institution.

Pembroke State will be awarded certification by the N.C. Criminal Justice Education and Training Standards Commission at its Feb. 24th meeting in Raleigh.

"The voluntary program was established to officially recognize those academic institutions which have adopted requirements as set by the commission," Thornburg said. "Our aim is to improve the quality of criminal justice education in North Carolina and to advocate for higher standards."

Applicant institutions are required to submit a comprehensive self-study to the commission. The schools are also visited by a team of experts in the criminal justice education field who conducted an extensive evalua-

Five other four-year institutions and 15 two-year schools have applied for certification and currently being evaluated.

NOTCH VICTIMS TO MEET FRIDAY NIGHT

There will be a meeting of the Notch victims on Friday night, Feb. 10, at the Pembroke Jaycee Hut.

Notch victims are Social Security recipients born between 1917 and 1928 whose benefits were reduced by approximately 20 percent in 1972.

Guests will be Kathy Rogers and Marie Burns, both from the Southern Association of Notch Victims, an Ashville, NC based organization.

According to the association, a big miscalculation by the Social Security System in 1972 resulted in unusually high benefits being paid out from 1972 through 1976 when the error was discovered in 1977 the Security Trust Fund was near bankruptcy. Congress and the Social Security needed a quick fix' and chose approximately 11 million from 1917 through 1928 to help "replenish the trust fund."

Doors will open at 7 p.m. Notch victims and interested persons are encouraged to attend.
