Indian Business Leaders Across The State To Meet At The Upcoming Indian Unity Conference

A meeting of indian business leaders of North Carolina will be held March 16 at the Bordeau Inn and Convention Center, Fayetteville, according to Ben Jacobs of the North Carolna Commission of Indian Affairs which is coordinating the event. The meeting will focus on resources for developing Indian businesses in the state. The seminar will include a workshop on business planning as well as meetings with other business leaders in the state, Jacobs said.

He stated that the seminar will also give business leaders and opportunity to meet representatives of over 10 agencies in the state who provide assistance for developing businesses

Jacobs said, "The seminar will provide information on the status of Indian owned businesses in the state." He noted that, according to information compiled by the Commission of Indian Affairs, there are over 1000 Indian owned business in the state. "We hope to get 100 Indian business persons to attend the meeting," he said.

PEMBROKE, N.C.

The seminar will address major business development efforts in Indian communities and the need to increase networking and communication among Indian business leaders of the state. At the meeting four Indian business leaders who are in key positions in the state's business community, will give remarks about Indian businesses.

Jacobs said, "There is a registration fee of \$5 per person to attend the seminar. The meeting will be held from 7-9 p.m. Contact the Commission of Indian Affairs at 919-733-5998 or the Indian organization in your area for further information.'

Lumbee Regional Development Association in 1987 purchased and began operating WYRURadio Station in Red Springs. WYRU is the strongest AM radio in the county with 5,000 watts of power, operating at 1160 on the radio dial.

In July 1988 LRDA applied for a FM license to operate in Robeson County with the center of the radial contours of the FM signal being located in St. Pauls, NC.

LRDA filed an application and has currently cleared the "public comment" phase of the Federal Communications Commission's review process

LRDA expects by mid year to have final plans in place to expand into an FM operation in its telecommunications venture.

An idea that will be strongly studied will be the conversion of either the AM or FM division becoming an all gospel format, targeted to serve the more than 100 Indian churches in the station's service

A component that will continue is the Media Training Center that LRDA began July, 1988 under its job training and economic development programs which is geared to training enrollees in all the facets of employment in the radio media field.

Currently LRDA has 15 students enrolled in its center at WYRU in Red Springs. The 24 radio stations in the immediate area, through the Media Training Center, will have enhanced recruitment opportunities to fill available jobs.

Since purchasing WYRU, LRDA has upgraded the entire station with modern studio equipment that allows students to be exposed to the type of equipment that they would encounter in a large urban employment market.

LRDA has secured an option on land in the St. Pauls area to construct any necessary tower transmission base, eventhough programming of the FM station might be done inRed Springs and "bounced" off the tower antenna in St. Pauls.

This would eliminate building a station and the cost associated with such construction. At the present time this is only an option being studied. Eventually a fully operational studio may be built in St. Pauls.

In expanding into the telecom-munications field LRDA is presented opportunities to expand its areas of expertise, to create training and jobemployment opportunities and to establish a business venture that might generate revenue and monies for the tribe to pursue other economic development interests.

LRDA is proud and thankful for those businesses in Robeson, Hoke, Scotland and Cumberland counties who have advertised

for the past year and a half. The agency hopes to have available by the end of 1989, FCC permitting, a quality new FM station programming to a specially identified audience who will continue to patronize the businesses with renewed vigor and support.

that is held nearest to where they live.

The small, medium and large membership church with the best attendance will be recognized at each rally.

Child care will be provide at the host churches.

Dr. Dotsy J. Reynolds is the Rockingham District Lay Leader and the Reverend William Sherman, Jr. is the District Superintendent.

MARCH PROCLAIMED AS WOMEN'S HISTORY MONTH IN NORTH CAROLINA

Governor Jim Martin has proclaimed March as Women's History Month in North Carolina, a time "to encourage recognition of contemporary women for their marked and varied achievements."

"North Carolina women have made significant contributions to improving the quality of life for all our citizens," Governor Martin said in the proclamation. "From rocking the cradel to rocketing into space, women have held great influence in many walks of life.

On March 29 in Raleigh, the 1989 Distinguished Women of North Carolina Awards will be presented to individuals who have made significant contributions to the state or

'This is the sixth year that these

awards have been presented to outstanding North Carolina women." said Administration Secretary Jim Lofton.

The Distinguished Women of North Carolina Awards are sponsored each year by the N.C. Council on the Status of Women in the N.C. Department of Administration.

The council identifies and assesses the needs of women in North Carolina and makes recommendations to the Governor, the General Assembly and other policy-making groups on ways to improve the status of women. The council also collects and distributes information on women's issues and identifies and encourages development of programs designed to serve the needs of

Local Government Art Funding May Be Doubled Through Grants

The N.C Arts Council will match up to \$5,000 in "new money" allocated by cities, towns, and counties to their local arts agencies. The Local Government Challenge grant program's application deadline is April 1, and all funds awarded must be sent between July

1. 1989 and June 30, 1990. This grant program is intended to encourage funding for local arts and recognition of the positive impact of the arts within communities. The challenge grant funds must

programs, public support for the arts be matched dollar for dollar by local public monies appropriated above the highest previous support levels. In addition, the N.C. Arts Council requires that where one exists, a receive the local government matching funds. Administrative, operating and programming expenses may be supplemented with these funds.

The Local Government Challenge grant program's principal evaluation criteria are the possible incentive value of the funding and the applicant's local government's commitment to provide a qualifying local match.

For more information on the Local Government Challenge grant program, contact the Community Development Section, N.C. Arts Council. Department of Cultural Resources, Raleigh, NC 27611 or call 919-

The N.C. Arts Council is a division of the Department of Cultural Resources.
