Every week, more than 500,000 trees are used to produce the two-thirds of newspapers that are never recycled.

American consumers and industry throw away enough aluminum to rebuild our entire commercial airfleet every three months.

glass bottles and jars to fill the 1,350-foot twin towers of New York's World Trade Center every two weeks.

iron and steel to continuously supply all the nation's automakers

The ordinary bag of trash you throw away is slowly becoming a serious problem for everybody.

Not only are we running out of resources to make the products we need, but we're running out of places to put what's left over.

Write the Environmental Defense Fund at: 257 Park Avenue South, New York, NY 10010, for a free brochure that will tell you virtually everything you need to know about recycling.

The few minutes you take to learn how to recycle will spare us all a lot of garbage later.

Ellis Island: Largest Restoration in U.S. History **Completed**, Centennial Wall Honors Family Heritage

The Ellis Island Immigration Museum will tell the compelling story of the American immigrant when it opens this fall.

Looking for the latest in fishing tackle? Watch your local paper. There's probably a fishing show scheduled for somewhere in your area. It's that time of year.

If a new depth sounder fits your budget, let application be your guide. Here are some tips for choosing the right one

For the console of the boat, consider a wide-screen, liquid crystal unit which gives a lot of uetail, has a digital depth readout and offers options such as temp gauges and trolling speed indicators.

Bow mounted units should be high-resolution units, completely waterproof, compact and have fish identification features.

For rental boats, fly-in trips or small water applications, choose a portable unit with a removable transducer mount.

For three decades the symbol of America's great immigrant heri-tage, Ellis Island, laid in ruins, cted and decayed.

neglected and decayed. But after six years of labor, the restoration of the Main Building at Ellis Island-the largest restoration in American history-has been completed and will open this fall as completed and will open this fail as The Ellis Island Immigration Mu-seum. One special exhibit at the Museum, The American Immigrant Wall of Honor, will list the names and countries of origin of many families and individuals who came to this country looking for a new

Registration for the Wall of onor closed in 1989 so that nearly 200,000 names could be engraved in time for the public opening of The Ellis Island Immigration Museum.

But thousands of requests con-tinued to come in, prompting The Statue of Liberty-Ellis Island Foundation to launch The Centennial Wall of Honor, which will give more Americans the chance to pay tribute to their forefathers.

"Ellis Island and the Wall of Honor exemplify the struggle, per-severance and triumph of the Amer-ican immigrant," said Stephen Bri-ganti, the president of The Statue of Liberty-Ellis Island Foundation. "The Centennial Wall again offers Americans the opportunity to honor their family's heritage in America at the national monument to the peopling of America." The Wall of Honor will be built in

NOTICE OF PUBLIC HEARING

A public hearing will be held at 7:30 p.m. on August 21, 1990 at the LRDA Book Distribution and Conference Center to discuss LRDA's plan to use a Community Services Block Grant for the fiscal year 1990-91.

A report on the proposed use of the Community Services Block Grant funds is available for inspection at the office of James A. Hardin, Executive Director of LRDA. The report will also be available at the public hearing. Persons interested in reviewing the report should visit the office of the Executive Director or attend the public hearing. Public input and comments on the report are welcome.

The following is a summary of the LRDA plan: LRDA proposes to use the Community Services Block Grant (1) Provide Tribal Enrollment services for the Lumbee Tribe, (2) To assist the operations of Indian senior citizens chapters, (3) To assist low income Indian people to be involved in activities that will help them become more self sufficient; (4) To assist Indian families to participate in the LRDA-Lumbee Tribe Low Income Energy Assistance Program and other public assistance programs, (5) To obtain help in crisis situations including food, medical assistance, housing and utilities, and (6) Assistance for economic development for the tribe.
