

## Pembroke Kiwanis

Dr. Joe Sandlin of the Pembroke State Economic programs and services were cut. The elimination of Small Development Department was the principal speaker at Business Division of DECD, the elimination of state the Tuesday night meeting held at the Town and Country funding for the Science and Technology Research Center Restaurant. Program chairman Larry Chavis presented and reduction of funding MCNC, the reduction of funding biotechnology and Rural Economic Development Centers.

The state's legislature cut \$88 million from the Dr. Sandlin noted readjustments include research in the University budget necessitating much readjustment in the ground water dropping, 15 feet, a water much more pure state's spending including a total of \$1.2 billion budget than river water, the demands on water needs of the big cuts plus tax increase. So potentially duplicative plants. Water is the key of needed counseling, the uniting

### NOTICE TO PUBLIC OF NO SIGNIFICANT IMPACT ON THE ENVIRONMENT AND NOTICE TO PUBLIC OF REQUEST FOR RELEASE OF FUNDS

December 12, 1991

Town of Pembroke  
Post Office Box 866  
Pembroke, North Carolina 28372

(919)521-9758

#### TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about December 30, 1991, the Town of Pembroke will request the N.C. Department of Economic and Community Development to release federal funds under Title I of the Housing and Community Development Act of 1974 (PL 93-383) for the following project:

Town of Pembroke FY91 Community Development Block Grant, including:

- C-1: Pembroke FY91 Scattered Site Rehabilitation Project
- L-1: Harry West Lane Extension Improvements

The total cost of the project is \$419,780, and 86% of the project cost is being financed with \$362,850 of CDBG funds.

#### Purpose of Notice

This notice is intended to meet two separate procedural requirements of 24 CFR Part 58: (1) To provide notice to the public that the Town of Pembroke has determined that the request for the release of funds for the above-named project will not have a significant impact on the environment; (2) To provide notice to the public that the Town of Pembroke is requesting the release of funds for the above-named project.

#### Finding of No Significant Impact

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the environment and accordingly the above-named town has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (PL 91-190).

The reasons for the decision not to prepare such a Statement are as follows:

It has been determined that the proposed project, which will include rehabilitation of 19 substandard dwelling units, demolition of one dilapidated structure, relocation of one household to standard housing, and the construction of 1,500 L.F. of 8" gravity sewer, 1,500 L.F. of 20' wide strip pavement, and 1,500 L.F. of 6" water line, are not actions that will adversely affect the quality of the human or natural environment.

An Environmental Review Record for the referenced project has been made by the Town of Pembroke which documents the environmental review of the project. This Environmental Review Record is on file at the above address and is available for public examination and copying upon request at the Pembroke Town Manager's office, Pembroke Municipal Building, during normal office hours.

No further environmental review of the project is proposed to be conducted prior to the request for release of federal funds.

#### Public Comments on Finding

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the town to the Town Manager's office. Such written comments should be received at the Town Manager's office on or before December 27, 1991. All such comments so received will be considered and the town will not request the release of federal funds or take any administrative action on the referenced project prior to the date specified in the preceding sentence.

#### Release of Funds

The Town of Pembroke will undertake the project described above with Block Grant funds from the North Carolina Department of Economic and Community Development, under Title I of the Housing and Community Development Act of 1974. The Town of Pembroke is certifying to ECD that the Town of Pembroke and Milton R. Hunt, in his official capacity as Mayor, consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the Town of Pembroke may use the Block Grant funds, and ECD will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

#### OBJECTIONS TO STATE RELEASE OF FUNDS

ECD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases: (a) That the certification was not in fact executed by the chief executive officer or another officer of applicant approved by ECD; or (b) that applicant's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the projects in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to the Division of Community Assistance, North Carolina Department of Economic and Community Development, Suite 250, 1307 Glenwood Road, Raleigh, NC 27605.

Objections to the release of funds on bases other than those stated above will not be considered by ECD. No objection received after January 14, 1992, will be considered by ECD. Comments must specify whether they concern the finding of no significant impact or the intent to request release of funds.

Mayor Milton R. Hunt  
Town of Pembroke

of effort to solving problems and the helping small businesses in private endowments as has occurred in western Carolina in the raising of funds. Local services are being appealed to in helping small business including legal services, banking and community services.

## To The People of Robeson County

Your County Commissioners have voted in laws that have taken 1/2 of the county's land rights away from the landowners--honest hardworking people. They are trying to take away your rights by re-zoning the land you own and pay taxes on. These are the same rights that the First Americans fought the King of England for.

Call your County Commissioners AT HOME and tell them how you feel about their new rules and regulations governing YOUR LAND. You'll probably just reach their answering machine because our County Commissioners don't really take the time to talk and listen to the hardworking men and women whose rights they are taking away.

*Are the County Commissioners representing YOU or their SPECIAL INTERESTS? Call today to find out!*
