9 volunteers trained to help Hospice patients

"These people are a really good group," said Anne Crain, Hospice of Robeson volunteer coordinator. "They were very motivated to learn because several have family members who have been hospice patients."

These nine people from across Robeson County graduated from a six-week training course designed to teach them how to help dying persons and their families. The graduation was held at the Hospice of Robeson office at 2002 N. Cedar in Lumberton on Monday evening.

An audience of more than 30 persons attended the ceremony and participated in a disucssion and review of the volunteer training information. A panel of health care professionals who answered their questions included Dr. Douglas Clark, medical director of Hospice; Mirian Edwards, director of Health Horizons Home Health Agency and Hospice of Robeson; Vickie Atkinson, RN, home health patient care coordinator; Jackie Perry, home philosophy and goals of Hospice work. If your club or health social worker, Jennie Bass, RN, Hospice patient church group would like to know more about Hospice, call care coordinator, and David McGugan, Hospice chaplain. Mrs. Crain at 671-5601.

"I don't know of many volunteer training programs that require the variety of disciplines involved in the Hospice training sessions," Mrs. Crain said of teh 24-hour training training course. "There is so much material that our volunteers need to understand."

After the panel discussion, Luckey Welsh, SGH senior vice president and former president of Hospice of North Carolina, outlined the history of the Hospice movement in this country and told how the local Hospice program became affiliated with Southeastern General Hospital in 1985. He then presented certificates of achievement to each volunteer graduate.

According to Mrs. Crain, Hospice staffers are developing an orientation program to take to community groups that will familiarize potential volunteers with the

DEESE ELECTED BY DEMOCRATS The Robeson County Democratic Party Executive Committee met at the Robeson County Courthouse on Thursday evening, March 19, 1992 and elected Dale G. Deese of Pembroke to fill the unexpired term of the first Vice Chair which became vacant when the chairman Ronnie Sutton resigned and the first vice chairJo Ann Locklear moved up to fill Sutton's unexpired term.

According to Jo Ann Locklear, County Chairperson, Deese is an attorney with Lumber River Legal Services in Pembroke. He will serve until the 1993 Democratic Party Convention.

he will be rerpesenting all races in Raleigh. He sums it up by saying, "Mine is not a one issue or one agenda candidacy nor will I be a one issue or one agenda representatives." I will be in Raleigh representing all the

The election is only a few weeks ago. Signs are going up every place....Rumor has it that Sutton and Weinstien are running as a team and Sampson and Parnell..... if we interrupt signs going up together to mean people are running as a team, then it appears that some interesting "teams" are at work....For instance, David Parnell, incumbent N.C. Senator, Cliff Sampson, newcomer for N.C. House District 85, and David Green, member at large for the board of education....Sounds like smart politics to us.... There appears to be a move underway by the Sutton campaign to avoid the appearance of running with David Weinstien, candidate for the

Senate...We find that interesting after what began as an obvious coalition between the Sutton supporters and the Weinstien supporters....Perhaps it is too late to dispel the assumption that Sutton and Weinstien are a team...Perhaps the Cliff Sampson campaign has formed an alliance with some of the David Parnell supporters.... Perhaps the election will show very few surprises Political observers are closely watching the house race in the 87th district also,...Rumor has it that Pete Hasty has a chance of winning in that predominately Black district.... Stranger things have happened in ol' Robeson.... What ever your observations, opinions or assumptions on the various races, we urge every registered voter to exercise his/ her right to vote...Some things needed to be remembered,

however. For instance, because of the re-districting of the N.C. House of Representatives Districts, some confusion could arise. Prior to this election, three counties, Robeson Hoke and Scotland comprised the District for the House of Representatives. At election time, the highest three vote getters were elected to represent the district. During this election, there are three separate districts. That means that those people who reside in District 85, while there are only two Indian candidates running, will only be allowed to vote for one....The same in District 87 where the Black candidate, Frances Cummings, is trying to overcome

incumbent Pete Hasty....The board of education could also prove confusing. Several people have filed for the three at large positions.... However, each person will be allowed to vote for only one....The assumption is that Indians will vote for the Indian, Tommy D. Swett; the Blacks will vote for a Black; and the whites will vote for a white candidate. Historically, that is the way the game has been played at election time.... Voting by race. Because only one Indian filed for the at-large position, does not ensure that an Indian will be elected Remember, only one vote for the House and only one vote per person for the at-large seat on the board of education....Who ever your candidate is, you can not help him or her unless you VOTE.
