Pembroke--The

Housing Authority of Pembroke. NC provides housing for low-wealth elderly and disabled families. The

Authority currently has openings

with low utility bills. The

have worked hard to represent the town of Pembroke in an honorable way. The town has experienced unprecedented growth. During this period, Pemberton Nursing Home. Linda's Restaurant, Progressive Savings and Loan. Colony Plaza. Hardee's Pizza Hut, Burger King, Daniel's Bakery, expansion of Fleetwood, a new fire station. Cedarwood Apartments for our elderly and disabled. Pembroke Square Apartments, a new sewer plant (a state of the art plant that will serve the town's needs for many years), and many more projects. Also, Lumbee Bank will be building their new corporate headquarters here in 1996

"I'm proud to have played a part in all of this. During my tenure as Mayor, the town has averaged less than 1/2 cents per year tax increase. This speaks well of our management and the manner that our employees carry out their jobs.

I'm proud of the fact that I have played a part in every annexation that the town has ever done. We must always strive to continue to grow Our citizens deserve to have anything that other towns have.

We have a new town library and have plans to build a new building for the library in the near future. I am very proud of this. I feel like the town has worked very

hard to have a good working relationship with Pembroke State University. We recently had our sixth Pembroke Day on campus, a very successful event held every year. I will always strive to keep a good relationship with this institution.

The town has received over six million dollars of grant money during my tenure for housing rehab, water and sewer expansion, and other town needs. This is money that the town's people haven't had to come up with. I'm very proud of these efforts made by all of our board members.

"My vision for the future is to always work hard for the best interests of the town and all its citizens. So it is with great pride and humble heart that I solicit your vote and support on November 7, 1995
