#### Shop Till You Drop...

#### Without Looking for a Parking Space

Shopping on the Internet has helped consumers become more informed than ever. Through the home computer, people are purchasing everything from flowers to life insurance. The result? Better prices and informed consumers. One thing the Internet and Internet services do well is deliver information. Today, you can read about and compare four or five mortgage companies online without spending hours with a salesperson. Prodigy Internet has calculators that help determine mortgage rates and down payments. Other calculators (more than 40 in all) run numbers on car leasing, insurance rates, investments, and home improvements loans. Informed consumers then purchase online, by phone or in person.

When purchasing online, there are hundreds of Internet shopping malls. Look for brand names, color pictures of products, good selection, and, of course, great prices. Consumers are using new Internet technologies to search online shopping areas by item. For instance, at <http://www.shopnet.prodigy.com>, shoppers enter "Women's shirts" and a long list of merchandise from JCPenney to Land's End appears complete with color photos, sizes and prices. Registered shoppers enjoy the same credit card security on well-branded Web sites as they do in traditional department stores. Be sure to look for products with a money back guarantee.

The key benefit to shopping online is that the shopper can go directly to the items they are looking for without thumbing through a catalogue or waiting for the item to appear on their shopping TV channel. Last-minute shoppers particularly appreciate overnight delivery service found on most sites.

The next time you're ready to fill a shopping bag, reach for your computer. Whether you're banking online or sending a cheese basket to your aunt, shopping on the Internet is a "mall-velous" experience.

### "By George! It works!" user crows. Little-known 'vitamin' makes love grand

McKinney, TX-Little did Dr. Philip Handler know, back in 1941, that his newly discovered nutrient "Vitamin 15" would one day have men and women all over the country smiling quietly to themselves.

Today, N,N-Dimethylglycine (DMG) is no longer classified as a vitamin. But it has changed the lives of thousands of men and their mates.

A naturally occurring nutrient sold under the brand name NutriSurge (but more often called simply "The Love Pill"), DMG works by increasing energy, improving metabolism, enhancing oxygen utilization and increasing the flow of blood to key areas of the anatomy.

NutriSurge has a cumulative effect: the more you take it, the better it works. Most users take two, but up to six tablets may be taken daily. Satisfaction is guaranteed.

See for yourself why thousands swear by NutriSurge. Send \$29.95 plus \$4.95 postage & handling for a 60-tablet supply to TDM Research, Dept. NSC31, 123 South St, Oyster Bay NY 11771. Or call toll free 1-800-645-9199 and ask for Operator C31. Use the whole supply; then, if you are not completely satisfied, return the box for a full refund.
