### McIntyre Urges U.S. Tobacco Companies To Buy U.S. Tobacco

trict Congressman Mike McIntyre. along with several of his congressional colleagues, today sent letters to the chief executive officers of the nation's five largest tobacco companies urging them to buy U.S. grown tobacco in 1998.

Congressman McIntyre state. "In order for our honest, hard-working farmers to continue to have the opportunity to grow tobacco and provide for their families, it is critical that American tobacco companies purchase American tobacco. This commitment is an essential component in our efforts to preserve the economic stability of tobacco farmers, their families. and their communities.

The letter, signed by Congressmen Bob Etheridge. Bill Hefner. David Price, Sanford Bishop, and Congress-woman Eva Clayton, stated, "As a purchaser of tobacco, you have the ability to alleviate much of the instability and unrest that currently exists among growers, their families and their communities. It is critical for you to send a strong and unmistakable message to American tobacco farmers and their communities that you support them. We implore you to publicly pledge that you will fully meet your purchase intentions for the 1998 market season and purchase enough tobacco from stabilization to avoid another quota cut in 1999.

The letter continued, "In past years, this has been an exciting time for tobacco farmers, their families, and communities. However, this year the tobacco community is faced with uncertainty over the future of tobacco production in this country as a result of potential fallout from the proposed global tobacco settlement. Please help our farmers and your company by taking this reasonable action."

The U.S. Department of Agriculture has previously announced a 17% quota reduction for flue-cured tobacco. Tobacco companies are required to make public their purchase intentions and must purchase 90% of those intentionsor face a penalty. Tobacco not purchased goes into Stabilization and is utilized when companies need more leaf tobacco

The letters were sent to Philip Morris, R.J.R. Nabisco, Brown & Williamson, United States Tobacco. and Lorillard Tobacco.
