Finding of no Significant Impact

It has been determined that such request for Release of Funds will not constitute an action significantly affecting the quality of the human environment and accordingly the Town of Pembroke has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (PL 911-190). The reason for such decision not to prepare such statements are as follows:

- The proposed project will provide the installation of approximately 3,950 LF of water main improvements to serve the new health center;
- The proposed project will provide the installation of approximately 2,950 LF of 8" gravity sewer improvements to serve the new health center;

An environmental Review Records respecting the within project has been made by the Town of Pembroke which documents the environmental review of the project and more fully sets forth reasons why such statement is not required. The Environmental Review Record is on file at the above address and is available for public examination and copying at the Town of Pembroke Town Hall between the hours of 9:00 a.m. until 5:00 p.m. Monday through Friday. No further Environmental Review of such project is proposed to be conducted prior to the Request for Release of Federal Funds.

Such written comments should be received will be considered and the Town of Pembroke will not request the Release of Federal Funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

The Town of Pembroke is certifying to the Department of Commerce that the Town and Milton R. Hunt in his official capacity as Mayor of the Town of Pembroke consent to accept the jurisdiction of the Federal courts if any action is brought to enforce responsibilities in relation to environmental reviews, decision making and action, and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the Town of Pembroke may use Community Development Block Grant Funds and the Department of Commerce will have satisfied its responsibility under the National Environmental Policy Act of 1969.

Objectives to State the Release of Funds

The Department of Commerce will accept objection to this approval only if it is on one of the following bases: (a) that time certification was not in fact executed by the certifying officer or other officer of applicant approved by the Department of Commerce; or (b) that the applicant's Environmental Review Record for the project indicates omission of the required decision, finding or step applicable to the project in the Environmental Review Process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to the North Carolina Department of Commerce, Commerce Finance Center, 301 N. Wilmington Street, Education Building, Raleigh, North Carolina 27626-0571. Objections to the Release of Funds on the basis of other than those stated will not be considered by the Department of Commerce.
