The Pembroke Area Chamber of Commerce Introduces New Officers at Annual Banquet

PEMBROKE - Ben Jacobs, program director for Lumbee Regional Development Association, was sworn in as the new president for 2001-2003 Jan. 20 at the Pembroke Chamber of Commerce's (PACC) Annual Banquet and Awards Cermony

Brian K. Brooks, an attorney with the firm of Locklear, Jacobs, Hunt & Brooks, was named recipient of the Harry West Locklear President's Award. He will also serve as PACC's executive director replacing Ernestine Chavis Bulifant.

James and Janice Sheffield accepted the Business of the Year Award for Sheff's Seafood and Company. The seafood restaurant has been a town landmark since 1982.

Other new officers include: Vice President Teresa Cummings, director of Alumni Relations at UNCP; Treasurer Ron Brown, Pates Supply Co., Inc. and Secretary Angie Revels, human resources director for Pembroke Drug Center/TLC Home Health Care.

The chamber proudly boasts 67 members and a new Internet site, outgoing president Don Gersh told about 150 people at the banquet held at UNC Pembroke's James B. Chavis University Center. Mr. Gersh is director of University Relations for UNCP.

Pembroke Mayor and Lumbee Tribal Chairman Milton Hunt welcomed attendees. UNCP Chancel-

business session

The first official business meet-

ing of the newly elected Lumbee

Tribal Government will be held

Saturday, January 27, 2001 at the Baptist Building in Pembroke. The

meeting begins at 10 p.m. and

tribal members are encouraged to

attend by Tribal Chairman Milton

Chairman Milton Hunt and 23

representatives elected November

7, were sworn in January 13, 2001.

The new body is charged with the

responsibility of writing a consti-

lor Allen c. Meadors introduced featured speaker Dennis Lowery, Pembroke native and founder of continental Chemicals, LLC of

"We are proud of Dennis Lowery because he is founder of the largest Native American business in America and because he gives back to his community in so many ways," Chancellor Meadors said. Mr. Lowery, a 1964 graduate of UNCP, showed the audience the shoe shine box that he used as a boy to earn spending money shining shoes of professors at UNC Pembroke.

"It was great to be part of this university with my shoe shine box, my wash bucket and my degree. I hope you will continue to develop business opportunities at UNCP." Mr. Lowery said. "The university has meant so much to me and this community. I hope you will continue to support it."

As the university grows, Mr. Lowery said, more opportunities will arise for the Pembroke area business community.

"Imagine how much more money will be spent here when this university doubles in size," he said. "Education is a big business, and UNCP's \$30 million annual budget is a big business. It's a gold mine."

McIntyre Calls for Hearings Into Genetically Modified Tobacco

Washington, D.C.-U.S. Representative Mike McIntyre has asked the United States Department of Agriculture (USDA) and a congressional subcommittee to examine the effects of genetically modified tobacco on the domestic tobacco market and the American tobacco farmer.

Congressman McIntyre stated: "Our tobacco farmers have faced serious challenges over the last few years, and now is not the time to add another one to it! No one knows the impact of genetically modified tobacco, and if this process is to be proved, it must be done at a deliberate pace to insure no harm to tobacco producers and their markets. With this year's tobacco quota increase, we have taken a positive step forward, and I intend to keep fighting to make sure our tobacco farmers have the opportunity to grow tobacco and support their families and communities!"

In separate letters to USDA Secretary Dan Glickman and House Agriculture Subcommittee Chairman Terry Everett, McIntyre wrote: "With the reduction in domestic consumption of tobacco products, tobacco farmers have become increasingly dependent on export

markets. As you are well aware, many countries have expressed strong concerns regarding the safety of genetically modified product. If GMO tobacco were accidentally commingled with conventional tobacco, the results could be devastating to American tobacco producers. The perception of genetically modified tobacco commingled with traditional tobacco would be enough to stop the sale of U.S. tobacco abroad, which would put thousands of tobacco farmers out of husiness."

farmers out of business."

McIntyre has confirmed that applications were filed at USDA asking for permission to grow genetically modified tobacco. McIntyre has asked Secretary Glickman to withhold approval of this request until there has been adequate time to consider all potential problems associated with the introduction of genetically modified tobacco into the marketplace. McIntyre has asked Chairman Everett to schedule a hearing so that answers may be found regarding the impact of genetically modified tobacco on tobacco farmers and export markets.

Congressman McIntyre is a member of the House Agriculture Committee.

Brian Brooks, Award winner

Eagle Day Full Fledged on January 12, 2001 Fourth and Final Croatan Love Knot Reveals

Croatan Nation Exiles Master Artist, Visionary and Croatan Love Knot expert Shaman yellow Owl stated that about September 12, 1997 the 2001st Birthday of the man Jesus as the Dawn of Eagle Day. On that day the universal time clock arrived at a space, place with no pace or face to equal flow, but flow continued on the anti side of time (pace) and face: the universe went into Anti-space, place and pace with face to equal flow "time stood still." This is known as the seventh twinkle of God's Eye.

At that point in time the North gate to the universe opened and the Anti-pace rushed in bringing the Anti-face (the second Anointed one), the Anti-Christ. He was armed with truth and justice. The Anti Christ sealed the north east door to the universe; this killed the time of the Lion and Christ went south in defeat for peace with love and mercy until 2197 AD and the

Horn Power of the Four Winds terminated.

The anti- Christ unsealed the northwest door to the universe, entered and released truth and justice to cleanse and purify the Earth and mankind. This will destroy one-third of mankind by 2196 AD. Eagle Day began at this point in Anti-time (pace).

Death began to drip from the universe more and more each day as truth and justice got stronger and Eagle Day became more powerful until death was pouring from the universe; the northwest door to the universe got wider and wider until it became fully open on January 12, 2001, exactly 3.3 years into Eagle Day (refer to the Fourth Croatan Love Knot sketch). All this is in accordance with the Fourth Croatan Love Knot and the Codes and Keys within the St. James version of the Old Testament.

They're Playing Our Song Coming to UNCP

Lumbee Tribal Government

Board to meet for first official

The national Broadway company of the hit musical comedy, They're Playing Our Song starring Erin Moran from TV's "Happy Days," will be presented at the Givens Performing Arts Center on the campus of The University of North Carolina at Pembroke on Wednesday, January 31 at 8:00 pm.

With music by Marvin Hamlisch and Carole Bayer Sager and book by Neil Simon, They're Playing Our Song is a musical comedy about a wisecracking, neurotic, award-winning composer, Vernon Gersch, and a witty, intelligent and offbeat lyricist of contemporary pop songs, Sonia Walsk (Erin Moran).

They're Playing Our song is a richly and romantic story about a couple who make beautiful music together, but have a difficult time making their lives as harmonious as their songs. The show features such hits at "I Still Believe In Love," "Workin' It Out," "Just for Tonight" and "They're Playing Our

Song."
"They're Playing Our song is sponsored in-part by WFNC 102.3 FM.
"What musical theatre is all about!"

Business Law has been busy this semester. Guest speakers to Mr. Karen Stickney's class included: *Ronnie Sutton - House of Representatives, Darek Hunt - Solomon

Smith Barney, and J.W. Jacobs -Robeson County Sheriff's Office Neighborhood Improvement Team. The class toured the Robeson County Detention Center, and sat in the Pembroke Courtroom to watch Judge Richardson in action. The class participated in the North Carolina Economic Council Stock Market Simulation. Ms. Karen's class placed 5th in the state. Between the 8 classes all placed in the top 100 in the state. Then the Business Law class conducted in a Custody Mock Trial. Students Experience The Diary of Anne Frank

As a result of a grant procured by a UNC-P's Performing Arts Department, the English II teachers are taking part this semester in Sean Layne's Diary of Anne Frank Residency Program.

During this program developed by Mr. Layne in association with the John F. Kennedy Center for Performing Arts, he worked directly with four classes of students during the first week of the semester to implement a theatre curriculum model connected to The Diary of Anne Frank.

In March and April, Mr. Layne will return for another full week during which time the English II teachers will take the lead and apply the same theatre curriculum model to another piece of dramatic literature. Students have enjoyed the experience so far, they say, because they were actively engaged ("up out of

their seats"). All students were part of the "big picture" and they were encouraged to think creatively. As part of the program, English II students will attend the performance of The Diary of Anne Frank Givens Performing Arts Center on February 22.
