

Free Alzheimer's Training for Family Sampsons Care Givers hosted by Berea Baptist Gradaute in

On September3, 2003, Berea Baptist Church will host an Alzheimer's training workshop for family members caring for a loved one or for church layper-sons who visit nursing homes to minister to residents. Alzheimer's disease affects over four million people in the United States and the average cost of care totals over \$ 174,000 per person. At this time, family members or other relatives perform 75% of a person's care in the home until the condition becomes too difficult to manage. About half of all nursing home residents have Alzheimer's disease or some form of dementia. By the year 2050, it is estimated that 14 million Americans will have Alzheimer's disease requiring care for the last eight to twenty years of their life with a cost of over \$3 billion.

Elvis to appear for "Strike at the Wind" closing night!

Artistic Director David Oxendine has announced that he will perform an Elvis skit the closing night of the regular season of "Strike at the Wind!" August 23, at 8 p.m. After many requests that he perform the Elvis impersonation, he says, he decided to perform it on the closing night of the season.

During the last three years there were record numbers of people in

attendance for the closing night performances. Oxendine has directed Randolph Umberger's "Strike at the Wind!" for thirteen years. According to Oxendine, "Audiences get a big kick our of the Elvis performance and really get a chance to get involved in the show." He also stated that the performance will coincide with the 26th anniversary of Elvis Presley's death on August 16, 1977 of heart failure. This time Oxendine stated, he will perform songs including. "Teddy Bear." "Don't Be Cruel,: "Suspicious Minds," and his favorite, "My Way."

MORE FAMILIES TO PRAY FOR

Another family to remember in prayer: the children of "Miss Gertha Mae" Jacobs, a woman I admired when my children were small, because she had become a widow at an early age, while her children were still young. She lived down the street from us during our nearly-adecade on Pine Street. Her daughter, Linda, and pre-school friend Cheryl Jacobs enjoyed coming to our apartment to help me take care of Donny when he was a baby.

Once "Miss Gertha" told me about hearing her car start when her son, Don, was about three, and looking out the window to see him in the driver's seat. She had to go all the way to the other end of her house, but managed to get out the door and down the length of her house, just in time to stop the car before it backed into the street. I had at least one instance like that when my "Donny" managed to climb into our pickup truck.

Back then people drove so fast up and down Pine Street that I stayed in a constant state of anxiety, afraid my kids would never make it to school age! I'm still so glad they all did! And that I had each of the three for at least 15 and a half years, Gordon's age when he died. Of course Donny made it to 20. And I'm still so thankful that Wanda Kay, along with her family, is still here with us! Having her in my life for the past 23 years has made all the difference in the world!

This brings me again to the three Dial kids, Aundrea, Sophia, and Maurice. We have known all of them since they were infants. August 4 marked exactly two years since they discovered their mother, Jeanette Marie, had had a massive heart attack. Efforts to revive her

For the price of one show, audiences will relive some of the mugic of Elvis Presley and experience one of the best, if not the best outdoor dramas in the country, Strike at the Wind, with music composed by Willie French Lowry.

Everyone is invited to come to the Adolph L. Dial Lakeside Amphi-theater, three miles west of Pembroke off Highway 74, near Purnell Swett High School. In order to get a good scat and catch one of Elvis' scarves, audience members should arrive at the theater by 7:30 p.m. After the Elvis performance, Strike at the Wind will begin at 8:30 p.m. Ticket prices are \$10 for adults, \$8 for senior citizens (ages 50 and older), and \$6 for children under 12.

Community Center holds appreciation picnic

by Yvonne Barnes Dial

The Robeson County Church and Community Center expressed its appreciation to the director, staff and board July 23rd with a picnic at the Luther Britt Park.

As participants brought spouses, children, and guests, everyone enjoyed the food, fellowship and entertainment for the afternoon. Executive director, Pat Lykins, welcomed everyone with Rev. Jimmy Tatum of Chestnut United Methodist Church, blessing the food. Dr. Horace Baker and his wife, Dorothy, entertained the group with a variety of music and changing different hats to fit the music or scene from Elvis and the Polka to religious hymns as "Amazing Grace," and "He Touched Me.

Afterwards, Mrs. Lykins presented the staff and board embers with certificates of appreciation designed by Leslie Womack.

DARK HAIR

Apparently, when I was small, I had light brown hair. But, to my chagrin, it kept getting darker, until it looked almost black. I wished it could somehow get lighter. But then, in a few more years, it started turning gray. That was not the kind of "lighter" I was looking for! Since then I've been yearning for my old dark hair.

Now, the Indian Voice staff have given me back my black hair. Thanks! I also like the idea of a young woman writing, because that's what 've been doing for most of my life, even when it happened only in my When you look at this picture, however, just remember that mind. times have changed! Now this grandma in her mid-70s has a senior citizen face and body, and usually writes directly onto a computer (except for taking notes). I still like the look!!

BYRON'S BAPTISM

Byron was baptized on our friend, Aundrea Dial's, July 13 birthday. Pastor Harold Hunt had a very helpful, appropriate message to parents that Sunday. Later I may share some of the notes I took that day. I've been talking with Byron about temptations we face, even after giving our lives to Christ. In fact, many Christians believe that Satan works even harder to get us off track AFTER we choose to serve God than by 8/15/03. After this date the

During a telephone conversation, a Christian man named Leon Jackson reminded me that each of us has a free will. That God does not FORCE us into His way of life.

Some Christians believe that only certain people are predestined, or elected, to receive salvation. Mr. Jackson remarked that it is we human formers. Attendees also will be

a word we seldom use today. Their father also died of a heart attack, at 41, in the fall of 1997.

When I think of orphans, it's usually young children who come to mind. But we need to realize that becoming "parentless" can be just as painful for teen-agers and young adults who are left to fend for themselves.

Let's keep this family, and all others like them, in our prayers on a regular basis. Another especially difficult time is coming up for this family later this month, at the time of their mother's birthday. Like their father, she did not make it to 42.
