

Your Nerves

Your nerves must be fed with pure, rich blood, or there will be trouble. Poorly fed nerves are weak nerves; and weak nerves mean nervousness, neuralgia, headaches, debility. Weak nerves need good food, fresh air, and Ayer's non-alcoholic Sarsaparilla.

Personal Mention.

Mrs. Lee Folger, of Richmond, Va., formerly Miss Ula Adams, of this city, is visiting her parents, Judge and Mrs. Spencer Adams, on West Market street.

M. H. Justice left last night for Washington, D. C., where he will visit friends a few days before going to Norfolk, where he has accepted a position with an insurance firm.

Mrs. C. G. Wright and little daughter, Annette, are visiting Mrs. W. A. Devin, at Oxford.

Will X. Coley, of Raleigh, was among friends in the city yesterday.

Manager "Pop" McKevitt, of the Winston-Salem baseball team, spent yesterday in the city with his many friends.

A. E. Sherman, of North Wilkesboro, was among the many visitors in the city yesterday.

Miss Ruth Adams has returned to her home in Winston-Salem, after visiting friends and relatives in the city.

G. S. Brown, of Carthage, spent yesterday in the city with friends.

Miss Elizabeth Marshall, last year teacher in Pomeona school, and who has been

TEACHERS, ATTENTION

License Applications Must Be Made By July 1.

(Special to Daily News.)
Raleigh, April 4.—The state board of examiners having the examination and licensing of public high school teachers, Dr. J. Y. Joyner, superintendent of public instruction, chairman, wants it understood that all holders of high school teachers' certificates issued in 1907 must take the required steps for renewal during July of this year, or become subject to the general regulations of the state board of examiners governing the issuance of the regular high school teachers' certificates. This means that these high school teachers must apply to the secretary of the board of examiners on or before July 1 for renewal of certificate, submitting along with the application a statement from the county superintendent of county schools or the state inspector of high schools to the effect that he has taught high school branches successfully at least one year of the period the certificate was in force. There must be evidence, too, through brief examination before the county superintendent of schools on July 1, that the applicant has carefully read certain treatises on secondary education, three being "The Principles of Secondary Education," by DeGarmo, and "The American High School," by J. F. Brown.

tor in the United States, and it is projected to make it the largest. Mr. Nicholson was graduated from Trinity in the class of '98, and was at one time on the faculty. He is now the chief engineer for the Niagara, Lockport and Ontario Power company. There was a large crowd present to hear Mr. Nicholson, and everyone was benefited by, as well as pleased with, his address.

Dead Negro Found on Track.

(Special to Daily News.)
Wadesboro, April 4.—Yesterday morning the engineer on Seaboard Air Line passenger train No. 35, eastbound, discovered a body of a negro man lying at

FIRE AT EAST SPENCER

Two Negro Stores And Dwelling Burned Sunday Morning.

(Special to Daily News.)
Spencer, April 4.—The town of East Spencer, situated across the Southern railway yards from this place, was visited by a disastrous fire shortly after midnight last night, entailing considerable loss to property. The fire, which was of unknown origin, started in the store of Alex. Erving, a negro, and spread rapidly to his dwelling, both buildings being destroyed with most of the stock of goods in the store. The store of Robert Eddie, a negro, was also burned and only a portion of the stock saved. The loss is estimated at \$3,000, with a small amount of insurance. The negro citizens of the section of East Spencer where the fire occurred are free to assert that the fire was of incendiary origin, though no evidence to that effect has been discovered.

It is believed that the fire will have a stimulating effect upon the bond election, which is to be held in East Spencer next month, for the purpose of authorizing a waterworks plant.

DURHAM BAPTISTS RAISED MORTGAGE OF \$30,000

(Special to Daily News.)
Durham, April 4.—The congregation of the Second Baptist church yesterday morning lifted its \$17,000 mortgage at the morning service when the Rev. Dr. J. W. Lynch, pastor of the First Baptist church, preached, and a tremendous congregation was present.

This was the conclusion of an obligation assumed three years ago, in the creation of a \$30,000 church. Three months ago the congregation decided to shake off the remainder by April 3. The Wicks Forest faculty quartet came here and sang, giving a nice little start to that end. The bulk of the money has been since raised by the congregation and yesterday morning the papers were burned in the presence of the congregation.

The Baptists have among their few men of wealth and their great burden fell upon all. The second church is a live congregation, said to be the most enthusiastic in the city. The pastor is Rev. W. C. Barrett, a young man who has had calls to other fields by reason of his success here.

The First church has given an order for a \$7,500 pipe organ, which is to be installed here this summer when the pastor, the Rev. Dr. J. W. Lynch, goes upon his vacation.

This congregation likewise is not rich, but John D. Rockefeller's church hasn't been able to boast of a finer preacher.

Besides these two Baptist events of note, the Episcopalians are lifting a debt of \$8,000, of which amount \$6,000 was paid some time ago and \$2,000 is now on the way through the ladies.

The women of the church assumed this and with a demonstration of the Southern Cotton Oil company, in which they receive all proceeds, it is proposed to lift one-sixth of it this week. The ladies obligated themselves for \$300 each, 150 ladies at \$20 each. This is to be raised by the first of November.

GOOD WORK DONE BY TWO REVIVALISTS IN DURHAM

(Special to Daily News.)
Durham, April 4.—At yesterday's church services, the results of the last two revivals in the city were declared, more than 100 new converts to the various churches being the sum total of that preaching—a good record, the preachers said. In addition, there were more than 1,000 pledges of order work, several hundred redemptions and a general take-up among the Presbyterians and the Methodists, among whom took place the protracted meeting.

Rev. Dr. J. E. Thacker conducted the Presbyterian revival, and Rev. G. H. Wiley the Methodist. The ministers have returned to their homes in Norfolk and Richmond, respectively.

Mr. Nicholson Delivered Address.

(Special to Daily News.)
Durham, April 4.—L. C. Nicholson, one of Trinity's most prominent sons, delivered an address before the Science club of Trinity college this afternoon on "The Generating of Electrical Power at Niagara." He showed by means of lantern slides the entire works of the Niagara, Lockport and Ontario Power company, at Niagara Falls. This is one of the largest power plants for the generation of electricity by the use of wa-

the side of the track four miles west of Wadesboro and stopped his train. Examination showed that the man had been killed by a train sometime before. Coroner Fenton was notified and made an investigation. The body was identified as that of David Montgomery, who has been working on the construction gang of the Winston-Salem Southbound, and was paid off Saturday night. Montgomery lived near Monroe and told his companions that he was going home and would ride a freight.
