Mr. Franks left last night on a business trip to New York.

We Save Your Collars for You!

Your turndown collars wear out first upon the seam where they are folded. This is because the bending of the collar has a tendency to strain the lines at this point.

Before we fold your collars we thoroughly dampen this seam, thus softening the starch and allowing the collar to bend without strain upon the linen.

This point is one of importance to you for our process more than doubles the life of your linen.

Ask about our six months' collar guarantee.

TRINITY COLLEGE HAPPENINGS

(Special to Daily News.)

Durham, April 7.—Trinity college is fortunate in having William Garrott Brown, of New York, to deliver lectures during the present week. Mr. Brown is one of the most gifted historians and writers among the younger literary men of the country. He is a native of Alabama, and the author of several notable works, among them are: "The Lower South in American History," "The Life of Andrew Jackson," "The Fox to Compromise and Other Essays." He is now chief editorial writer for Harper's Weekly. The subjects of his lectures were: "The New Parties, Movements and Issues," "The New Politics, Parties and Men," and "The South in National Politics." The last of these lectures will be delivered tonight, at 8.30, in the Craven memorial hall.

Mr. L. C. Nicholson, of the class of 1899, and now chief engineer for the Niagara, Lockport and Ontario Power Company, spent some time on the park this week, and while here delivered before the Science club, a most interesting and instructive lecture on "The Development of Electrical Power at Niagara." Mr. Nicholson is one of the best electricians in America, and has invented several things in that line.

The alumni residing in Durham county held a most interesting meeting in the Pythian hall, in Durham, last Saturday evening. There was a large crowd in attendance. The speakers of the evening were: Prof. E. C. Brooks, of the department of education, James H. Southgate, and President John C. Kilgo. This meeting was held preliminary to the educational day held on Sunday, the object of which was to promote the cause of education with especial reference to Trinity college. President Kilgo delivered an address in Trinity church on Sunday morning following. Arrangements have been made to have an educational day observed at several different places in the state, and to continue these until practically the whole state will be covered.

The March number of the Archiver is just from the press, and contains a number of interesting articles. The table of contents is as follows: Wilhelm Meister's Lehrjahre . . . G. S. In The Rose Garden, Mary Loomis Smith William Watson . . . Matilda Michaels Swinburne . . . C. M. Hutchings A Camping Party in the Mountains of Virginia . . . G. M. Daniels Sonnet to Spring . . . Walter G. Sheppard The Stage in the South Today . . . H. Bits of Clay . . . E. S. M. Easter . . . S. B. Turrentine, Jr. A Memory Picture . . . 24.

Prof. E. C. Brooks, of the department of education, is attending the Southern Educational conference at Little Rock, Ark.

Princess Slip 6608.

6608 Princess Slip, 34 to 44 bust.

The princess slip is almost a necessity of up-to-date dress, for whether a princess gown is worn or the separate waist and skirt it is essential to dispose with all bulk at the waist line. This one can be made in various ways and is equally well adapted to silk foundations and to lingerie materials. It can be made with low or Dutch neck on square or round outline or it can be made high neck and with or without sleeves, so that it suits all occasions as well as all materials. The straight gathered founce can be applied over the lower edge or the slip can be finished with a hem as shown in the back view. Nainsook with trimming of lace makes the one illustrated.

The slip is made with front, side-fronts, back and side-backs. The long seams render it a simple matter and there is a dart in each side-front portion at the waistline which means perfect smoothness. The founce is straight and gathered, and can be a trimmed on the lines indicated or as liked. The sleeves are in two pieces each and can be cut in any desired length.

The quantity of material required for the medium size is 6 1-2 yards 24 or 27, 7 3-4 yards 32 or 5 1-4 yards 44 inches wide for the plain slip; 2 1-2 yards 24, 2 yards 27, 1 1-2 yards 32 or 1 1-4 yards 44 inches wide for the founce with 4 1-2 yards of embroidery, 14 1-2 yards of insertion, 2 1-2 yards of narrow edging to make as illustrated.

The pattern 6608 is cut in sizes for a 34, 36, 40, 42 and 44 inch bust measure, and will be mailed to any address by the Fashion Department of this paper on receipt of 10 cents. (If in haste send an additional 2 cent stamp for letter postage, which insures more prompt delivery.)

Surprised Durhamites.

(Special to Daily News.)

Durham, April 7.—In the country four miles from Durham yesterday afternoon, there was a wedding of a Chapel Hill man and a Durham county girl that gave the city a surprise.

The parties to the lifetime contract were Miss Rose Horton and J. Thomas Lloyd. The bridegroom drove over from the Hill, accompanied by his brother, D. C. Lloyd, and they were joined here by Miss Edna Horton, sister of the bride; W. E. Horton, a brother; Miss Annie Belle Hunter and Rev. J. B. Thompson, of the Durham circuit, who performed the ceremony. From the home near Duke's chapel, they returned, coming to Durham in time to catch the westbound train.

The couple returned to Chapel Hill, where Mr. Lloyd is principal of the high school. They will live there this spring and in the summer will go to Laurinburg, S. C., where they will spend the summer. The bride and bridegroom are quite well known to the people of both Durham and Chapel Hill. Mr. Lloyd is a graduate of the university.

Pendergrass-Hamilton.

Durham, April 7.—Rev. O. N. Marshall, of the Edgemont Baptist church, last night married Miss Ola Hamilton and Frank Pendergrass.

The hour was 8.30 o'clock and home of the bride's parents was the place of the wedding. After the ceremony the couple went to Mr. Pendergrass's home, where they will live.

HARRY-BELK BROS. CO.

The Shoe With a Million Friends

THE stamp of approval is placed on Patrician Shoes, not by the exacting demand of fashionably gowned women of a few cities, but in the world-wide approval of popularity earned, deserved and recognized

through their dainty style, their perfect fit and their serviceable quality, and to their honorable manufacture. Because of their conforming to modish fashions they long ago became popular; because of their wearing quality they remain popular; that is why they have become known as "A Shoe With a Million Friends."
