Baseball As a College Game. (By The Associated Press.)

Baseball as a college game did not really begin until the '60s, and even then it had little general popularity.

In the autumn of 1863 the University baseball club was organized at Yale, and it is believed that the first intercollegiate game was played from the class nine against the freshmen from the Agassiz class at Westbury.

The Yale nine never before being played together, improved fast as the game progressed and to the end of the season played very brilliantly.

The first Yale-Princeton game was played on June 21, 1868, Yale winning by a score of 16 to 14.
