

WILL TAKE HARD WORK TO GET FREIGHT RELIEF

Knoxville Chamber of Commerce Has Also Adopted Resolutions, But They Have a Different Ring—Say Present System of Rating Is Good.

The resolutions adopted by the directors of the chamber of commerce relative to the discriminatory freight rates against North Carolina territory were yesterday mailed to the state congressmen and senators and to the press throughout the state with a request for publication. Other city organizations were also furnished copies and requested to take some similar action.

Over in Knoxville, where it is said the railroads show much favoritism in the matter of freight rates, the Commercial club has been exceedingly busy and action has also been taken though such as to show that something drastic has got to be done to give this section relief.

The following letter from the secretary of the Knoxville club together with the resolutions adopted show the conditions that must be met to get better rates for this and other North Carolina cities.

The Letter Knoxville, Tenn., April 14, 1910. Hon. James B. Frazier, United States Senator, State of Tennessee, Washington, D. C. Hon. Robert L. Taylor, United States Senator, State of Tennessee, Washington, D. C. Hon. Rich and W. Austin, Congressmen, State of Tennessee, Washington, D. C.

The Commercial club of Knoxville, Tenn., is composed of practically all the business and professional houses in this city, which handle groceries, hardware, dry goods, notions, shoes, clothing, drugs, etc., and employ more than 60,000 people.

At a public meeting of this club yesterday there was carefully considered bill H. R. 23429, introduced on March 24, 1910, by Mr. Frazier in the House of Representatives of Federal Congress, and I attach hereto a copy of the resolutions which were unanimously adopted in the general session of our club here that there has been previously introduced into Congress a bill which more vitally affects their interests and that adversely for the following reasons: The adjustment of freight rates from the east and west into southern territory has been the result of the experience of years and the underlying principles have been upheld by the United States Supreme court.

Under the present system, comparatively little of any discriminating exists, and generally, wholesale jobbers in the south have been able to develop a large business on their own individual lines of endeavor. The rate fabric, as it stands today, carries relatively low rates to certain markets of concentration and distribution, which markets are usually located at points where exists compelling competition of two or more rail carriers, of water carriers, etc. The rates from primary markets to the non-distributing territory are based on a maximum on the rates to the several distributing markets plus the local rates, there.

PYTHIANS OF DISTRICT MET HERE LAST NIGHT

The district meeting of Pythians, held in the rooms of local lodge No. 80 last night, was attended by more than 150 Greensboro and visiting Pythians, 50 of whom were from out-of-town lodges.

After the opening of No. 80 with regular exercises the meeting was turned over to District Deputy Grand Chancellor McBride Holt, of Graham, and he presided over the deliberations. The address of welcome was made by Attorney S. Clay Williams in a few well chosen words, and the response made by J. F. Cassey, of North Wilkesboro.

LECTURE-RECITAL AT THE NORMAL COLLEGE TONIGHT

What promises to be the most interesting and unique entertainment that has been given in the city for a long time will be the lecture-recital at the normal college tonight at 8 o'clock sharp. In the large hall of the students' building, Tennyson's "Enoch Arden" will be read by Mrs. B. C. Sharpe, while Miss Leslie Lindsay will play Richard Strauss' recitation music for this poem. The lyric is one of Tennyson's best, beloved by all who are familiar with its beautiful story of love and sacrifice and readily appeals to all classes of men because of its simplicity and truth. The wonderful music of the great German tone poet not only deepens the impression made by the text, but paints the pictures of the narrative in the warmest and most glowing colors that only music can furnish, and so profound is the resulting combination of word and tone, that it seems almost impossible, after hearing it and in this manner, to conceive of the text as being complete without the help of the music.

Death of an Infant

Joseph L. Allison, the 18-months-old son of Mr. and Mrs. J. L. Allison, died at their home in Seima Wednesday. The body was carried through Greensboro yesterday en route to Thursday church near Reidsville, where interment will be made.

Mr. and Mrs. Allison, up until three months ago, had been residents of Greensboro. Their many friends and relatives here will learn with much regret the sad misfortune that has come to them.

WEAK AND DESPONDENT

But After Taking Cardui, the Woman's Tonic, Felt Like a New Woman, Says Mrs. Drew.

McLeansboro, Ill.—"About five (5) years ago," says Mrs. L. Drew, of this place, "I was afflicted with pains and irregularity every month. I had headache and backache continually; had bright, blinding spots before my eyes, was weak and despondent, and unable to do housework for a family of three. I took two bottles of Cardui, the woman's tonic, and in one month I felt like a new woman, and worked hard, all summer. I have had no return of the trouble and can do any kind of work at any and all times without the least pain. I am now in perfect health and recommend Cardui to all suffering women. I find it harmless and very effective." Of course, Cardui is harmless and effective. Time-tested and reliable, it has, in the past 50 years, been steadily forging ahead in popularity, due to its good qualities, that all lady users readily acknowledge. No medicine can succeed without real merit behind it. Many articles sell well because they look good, but the only possible explanation for the success of a woman's medicine, like Cardui, is that it can be depended upon to get results.
