Thomasville Census Correction

In an item in Friday's "Greensboro Daily News" under date of Thomasville concerning the census of that little city, the gain for ten years was given as 940. These figures were not taken from the enumerator's records, of course, although in a sense the item might lead one to so believe. The enumerator has not given out any figures, nor will he do so, as he has no such authority.

The school census of 1900 shows that Thomasville had 3,400 people within her borders, while the official census of 1900 gave the town 750 population. This is a gain of 2,649 in nine years.

The correspondent probably wrote his article hurriedly and without intent to deceive. We make this correction gladly and congratulate Thomasville on its wonderful progress.

MOTHER'S DAY.

What it means. A few years ago Miss Anna Jarvis of Philadelphia, can receive the idea of wearing a flower to commemorate the anniversary of her mother's death and since that time the second Sunday in May has been set aside as Mother's Day throughout the country. This date this year is the 8th next Sunday.

A white flower is worn to honor the mother who is gone, and a bright flower the one living.

While this has not been in effect but a few years, we think it a lovely idea and believe everyone will be glad to honor his dear mother that much on this date.

Building Permits.

Building Inspector E. H. Milton has issued a permit to G. R. Flott for the erection of a modern dwelling on Sixth street.

Also a permit to the Greenbush Coal Co. for the construction of a clubhouse on Fifth avenue.

RESOLUTIONS OF RESPECT

Over Death of Dr. E. A. Burton by Fraternity Brothers.

Whereas An all wise Providence has again visited our castle hall and placed the untimely hand of death upon our brother E. A. Burton, C. C., whose life went out on the evening of April 5, 1910; now therefore be it resolved:

1. That we mingle our grief with the decent wife and little children of our departed brother and extend to them our deepest sympathy with the assurance that we will be ever mindful of their comfort and pleasure.

2. That to the Great Comforter of all mankind we commend the widow and her little ones for to him alone we must go for solace and grief stricken hearts.

3. That out of due respect and remembrance of our deceased brother we close our castle hall in observance of the dead and that a page in the minutes of our lodge be set apart upon which to record these resolutions.

4. That the keeper of records and books send a copy of these resolutions to the family of our lamented brother, a copy also to the daily papers for publication.

UNITED STATES COURT

Report of Special Master in Southern Trading Stamp Company Filed.

In the United States District court yesterday in the matter of the Southern Trading Stamp company, the report of G. S. Ferguson, special master was filed and exceptions thereto by the petitioning creditors. The special master held that the said company was not a trader or engaged in mercantile pursuits, and was therefore not subject to adjudication in bankruptcy. The matter was argued by David Stern and E. D. Broadhurst on behalf of the report, and by T. C. Hoyle and F. P. Holcomb contra. After considering the question involved Judge Boyd sustained the exception to the report and adjudged the said Southern Trading Stamp company bankrupt. The matter was referred to G. S. Ferguson, Jr. referee.

A voluntary petition in bankruptcy was filed by Mrs. S. N. Coley, of Winston-Salem, and an order of adjudication was entered. An injunction was issued against the sheriff of Forsyth county, who now has the goods of bankrupt in custody under execution. This matter was referred to J. E. Alexander, referee.

Did you ever figure up the cost of that "Ash Pile"

We have, and for that reason buy and sell coal with the least waste and most heat. Why should you pay coal prices for excess ashes? Some coal is very different from other coal in ash product as well as heat effectiveness.
