DURHAM NEGRO SCHOOL
 Work Preparing the First Frame Building Progressing Nicely.

(Special to Daily News.)
 Durham, May 9.—The negroes of the city who are interested in the building of the National Religious Training School and Chautauque for the colored race, have invited ex-Governor and Senator Robert L. Taylor, of Tennessee, to deliver the opening address at the beginning of summer school July 4.

Senator Taylor has not been heard from, and it is not known whether he can come or not. It is thought that by having a national speaker to make the first address that there will be created interest in the school that otherwise might fall.

The work of getting the first frame building ready for the opening goes on briskly, and there have been laid bricks for the Avery building, named after Mrs. S. P. Avery, of Connecticut, who gave \$1,000 for the building and \$200 for the summer school.

By beginning the constructive work all checks sent conditional upon a beginning are expected to come in. Many of the pledges are made with that provision. When work is actually begun, Dr. Slagden, the author of the school, believes that there will be nothing to stop the quick erection of the school in which he has so much of his heart.

The summer course that is to be taught will match well anything ever gotten up by southern colored people. A long line of distinguished educators of both races, of orators and preachers, musicians and other entertainers will be here the six weeks that the school is in session. It is a great first year scheme.

OAK RIDGE ITEMS

(Special to Daily News.)
 Oak Ridge, May 9.—E. F. Mayberry joins the Danville team in the Virginia baseball league this week for the second year's work.

The department of music here has been reorganized for the coming year, and arrangements made for an up-to-date band and orchestra among the students.

The Oak Ridge Printing company is to be reestablished, and the Oak Leaf, a student's weekly paper, will be published beginning about July 1.

The Winston-Salem Concert band is to furnish music for the approaching commencement. This band is one of the best in the state.

C. E. Hornaday, of Burlington, has been elected chief marshal to succeed A. G. Webb, of Chapel Hill, who was called away a few days since.

Dr. Henry A. Brown, of Winston-Salem, will preach the annual sermon here May 19 at 11 a. m. At 4 p. m. the same day the class of 1910 will hold its exercises and entertain the class of 1905.

At 8 p. m. the intersociety debate will take place, the subject this year being the postal savings bank question. On Friday, May 20, the graduating exercises take place at 10 a. m. and Dr. E. M. Potest, of Furman university, easily one of the most gifted orators the Carolinas has produced for the past quarter of a century, will deliver the annual literary address.

Many visitors are expected here next week to attend the commencement.

The baseball team has made an enviable record this year. They have played ten games, losing two, tying one and seven. They have to their credit in the aggregate 49 scores to their opponents 20. Among the colleges they have defeated Wake Forest two games, tied the university in nine innings, defeated Elop college and the Atlantic Christian college, and all the preparatory schools played.

Allen Jay Dead.

(Special to Daily News.)
 Guilford College, May 9.—It was announced in the college chapel this morning that Allen Jay died last evening at 6 o'clock.

His home was in Richmond, Ind. No member of the Friends Church in America was more widely known and none have wielded a wider influence. In cases of confusion or disturbance he has been the pacifier; under his strong personality contestants were persuaded to wait until the final outcome, when all extremes would be modified.

When death threatened the life of any of the Friends' colleges it was Allen Jay who took the field until the debt was wiped out. Then he would take up again his high calling in the ministry. His eloquence swayed the people, notwithstanding the impediment in his speech. His beaming face and the sparkle of his kindly eye were the best expression of his overflowing heart.

Several years of his life were spent in this state, first in organizing the normal for training preachers, the first in the state, and later he came again and again to help to lift the burdens of the church or of the college.

His many friends in this state will unite with those throughout the nation and Great Britain in lamenting his death.

Afraid of Ghosts
 Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a yellow check, a hollow eye, when the appetite is poor and the body is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.
