

A Tonic

Always reliable. Take only those made under the best doctoring orders. Consult your own doctor freely.

Wired? Just as tired in the morning as at night? Things look dark? Lack nerve power? Just remember this: Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol. It puts red corpuscles into the blood; gives steady, even power to the nerves; strengthens the digestion.

PEACE COMMENCEMENT

Address by Bishop Rothaler—Fourteen Graduates Get Diplomas.

(Special to Daily News.) Raleigh, May 25.—Rt. Rev. Edward Rothaler, D. D., bishop of the southern province of the Moravian church, was the orator today for the graduating exercises of Peace institute, his address winning especially high praise. Diplomas were presented to 14 young ladies, as follows: Miss Minnie Turner Bond, Windsor; Ruth Brooks Chapman, Griffo; Charles Ellis, Raleigh; Ada Jones and Margaret Cook Jones, Raleigh; Bessie King, Raleigh; Eliza Lindsay, Raleigh; Margaret McNair, Maxton; Mabel Pugh, Morrisville; Mary Jordan Rose, Windsor; Mary Christian Kenzie, Norfolk, Va.; Ruth McKelway Sanders, of Smithfield; Alice Louise Sloan, Davidson; Alma Gates Stockard, Raleigh.

Marriage License Issued. Statesville, May 25.—License has been issued for the marriage of Miss Jessie Eagle, daughter of J. F. Eagle, who lives east of town, and Hill Knight, of Caldwell county, who has recently been living in the vicinity of Statesville. Head of Gilmer's remodeling sale in the Daily Record and Telegram.

Drunkennes Decreased. Salisbury, N. C., May 25.—According to the county records, drunkennes in Rowan county has decreased 65 per cent. since the statewide prohibition law went into effect more than a year ago.

STRUCK BY LIGHTNING

Wilmington Lady Knocked Unconscious, But Will Recover.

(Special to Daily News.) Wilmington, May 25.—During a severe electric storm today Miss Caledonia Roderick was struck by lightning and her right shoe torn to shreds. She was knocked unconscious, but examination later by a physician showed no injuries resulted other than the severe shock and slight burn on her right foot. The bolt first struck an electric meter in a store and passed out on wires over the sidewalk.

KILLED BY INHALING A MYSTERIOUS NOXIOUS GAS

(By The Associated Press.) New York, May 25.—Charles Custer Dickinson, organizer and former president of the Carnegie Trust company, died at St. Luke's hospital early this morning from congestion of the lungs caused by the inhalation of a mysterious noxious gas in the laboratory of Dr. F. N. Lange at Scranton, Pa., on May 16.

Change in Molasses Firm. (Special to Daily News.) Wilmington, May 25.—It is learned from a thoroughly reliable source that C. C. Covington, importer and wholesale dealer in molasses, has bought out Blair and Healy, which firm is engaged in the same business, but that the actual transfer will not take place until the first of October. Mr. Covington is one of the largest importers of molasses in the south.

SEAWELL DOWN TO WORK

Has Business Well in Hand Before The Federal Court.

(Special to Daily News.) Raleigh, May 25.—In the Federal court today Norman Norwood, a negro youth, was sentenced to four years in the District of Columbia reformatory for systematically stealing mail from rural boxes in Granville county early in the year. Dave Green, another negro, whose home is in Durham, was given two years in the Atlanta penitentiary for breaking into the postoffice at Rougemont, Durham county. There was a long trial of Jordan Taylor on the charge of aiding in the operation of a blockade distillery near Durham. He was acquitted by the jury.

In the Federal court last afternoon H. H. Freeman was convicted of blockade distilling in a rugged and wild section of Moore county and was sentenced to the Federal prison at Atlanta for two years by Judge Connor. District Attorney Seawell brought out during the trial that the old man had a wife and two children, two concubines, a blockade still, had served as rural mail carrier and postmaster. Freeman is over 60 years old.

A jury was out quite a while last night considering the case of Joe Smith, a well-to-do young farmer of Chatham county, charged with blockading. The final verdict was not guilty, this coming as quite a surprise to the prosecution, who considered that a strong case had been made out. In spite of whatever convicting features there were in the evidence, the young man clearly elicited the sympathy of the court spectators throughout the trial and proved an especially good character except for this charge against him.

Now that the grand jury has gotten down to work it is expected that the court will move along with double-quick time for the next several days until the jail cases are cleared from the docket. It was found yesterday when the docket for the civil side of the term was called that very few are ready for trial at this time, so that the court may not continue as long as it was at first expected.

CHANGES AT TRINITY

Dr. Glasson Going to Cornell Temporarily.

(Special to Daily News.) Durham, May 25.—Announcement is made this morning that Dr. W. H. Glasson, of the chair of economics at Trinity college, has been called to the head of the same department at Cornell to hold the professorship for one year. Dr. Glasson's going is caused by the leave of absence granted Prof. J. W. Jenks. Dr. Jenks spends a year in Europe and returns to assume charge of his regular work. After that time Dr. Glasson announces that he is to come back to Durham, where he is esteemed as perhaps the strongest man who has held his work, and as able a man as Trinity has ever had.

There has been a widespread fear that this meant Dr. Glasson's final going away. He is a graduate of Cornell, and his alma mater has had her eyes on him. It is likewise rumored this morning that Prof. H. H. Vaughan is to accept elsewhere a professorship in French, the chair that claims his labors now. This is not definite and will probably not be known until the last of the term. With Dr. Kilg's going away, this means a change of faculty faces.

WILMINGTON WILL PROVIDE BETTER SCHOOL FACILITIES

(Special to Daily News.) Wilmington, May 25.—With a view of providing some relief before the opening of the fall term from the congested condition of the graded schools, the county board of education, in adjourned session yesterday afternoon, held an important conference with the city school commissioners. Following the conference Messrs. W. H. Sprunt and D. J. Ferguson were appointed as committees from the board of education to confer with commissioners in districts Nos. 1 and 2, respectively, as to the advisability of opening new schools in the northern and southern sections of the city, and Chairman J. O. Carr was requested to ascertain whether or not a loan could be secured from the state to make the necessary enlargements of the high school building, which will cost in the neighborhood of \$20,000. It is estimated that the two new proposed schools can be conducted for \$1,000 a year. The proposed addition to the high school building will provide for nine additional recitation rooms and an auditorium. The board adopted a resolution requesting the county commissioners to increase the special tax for school purposes from 12 cents on the \$100 valuation of property to 15 cents, and from 36 cents on the poll to 45 cents, which in round numbers will give \$3,000 additional for school purposes. The increased facilities in the city schools is imperative, and some arrangements will be made to take care of the increased number of children expected in each of the three schools next fall.

McAdoo Garage Co. is selling Gasoline at 12 1/2 cts. per gallon.

Oxford Improvements. (Special to Daily News.)

Oxford, May 25. Material is being placed on the ground for the new factory building to be erected by the Oxford Buggy company. This will front 50 feet on Williams-bors street and run back 220 feet. This addition will be three stories and will give the factory a capacity of 6,000 jobs a year. R. M. Minor is the architect and W. H. Fogelman the contractor.

Prof. I. G. Schaub came to Oxford Monday to confer with the directors of the Granville county fair. He also talked to the Commercial club in the evening. He aroused much enthusiasm among those who heard him and increased considerably the interest in this year's enterprise that the people of the county are inaugurating.

SENTENCE COMMUTED

Cobb Withers Will Go to State's Prison For Life.

(Special to Daily News.) Raleigh, May 25.—There will be no electrocution in the state prison here Friday. Cobb Withers, of Mecklenburg county, was scheduled to die in the electric chair on that date for first degree murder, but Governor Kitchin today, acting on the recommendation of the trial judge, the prosecuting attorney and a number of the jurors, commuted the sentence to life imprisonment on the ground that Withers was tried without having counsel to represent him and that a verdict for second degree murder could not have been criticized had the jury taken that view.

Assigned to A. & M. (Special to Daily News.)

Raleigh, May 25.—President D. H. Hill, of the North Carolina College of Agriculture and Mechanic Arts, received official notice today from the war department at Washington that Capt. W. G. Fearce, now stationed at Fort Hamilton, is assigned to service as commandant at the college for the next three years to succeed Lieutenant Young, who has held this position for the past four years. There is no announcement yet as to where Lieutenant Young will be ordered.

WOMEN'S WOES

Greensboro Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up" must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and lend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people in this locality.

Mrs. Ella J. Hughes, Dixie street, Burlington, N. C., says: "I have used Doan's Kidney Pills at different times for several years and they have never failed to give me prompt relief. Some time ago I suffered from severe pains in the small of my back and frequent spells of dizziness, caused by disordered kidneys. I finally procured a box of Doan's Kidney Pills and they quickly removed all my suffering. I have had slight returns of the trouble since then, but Doan's Kidney Pills have always brought satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

"BURROJAPS"

Appeal to "Young Fellows"

STYLE is usually uppermost in a man's mind when buying shoes—especially if he is a young man. "BURROJAPS" styles have made a mighty big hit with well dressed young fellows. There are over sixty of these styles from which to select the one that you like best.

When a chap gets enthusiastic about style he is likely to forget all about service; but there is no need to worry about "BURROJAPS" service. We hold ourselves responsible for that.

The Wear of Every Pair is Guaranteed

This guarantee includes patent leather "BURROJAPS" as well as those made of "dull" and tan leathers. It constitutes the most substantial backing ever given a shoe.
